It is our goal to increase the number of employed residents from 33% to 40% by the year 2004.
- Provide or attract supportive services to improve assistance recipients' employability:
The HHA arranges for onsite registration with PACE Headstart to assist in daycare of young children and has an ongoing referral process with TANF for childcare. Additionally, the HHA has arranged for a bus stop at one site and will work towards establishing bus stops at the two remaining sites to assist in transportation to employment sites. These efforts and others will continue through the year 2004.
- Provide or attract supportive services to increase independence for the elderly or families with disabilities.
The HHA participates and assist elderly residents in an annual city-wide "Senior Fair" and also host workshops by the State Extension Service which covers topics as nutrition, resources, exercise for the elderly and health. The PHA will monitor the waiting list status for these handicapped units to assure demands for handicapped units are satisfied. If during the five year period a determination is made that the 13 existing units are inadequate to satisfy the need, the PHA will modify additional units utilizing Capital Fund Program funds.

Criteria for Substantial Deviation and Significant Amendments

1. Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

A. Substantial Deviation from the 5-year Plan:

The Housing Authority does recognize the need for public notification for items contained within the 5-Year and Annual Plans. This authority shall make proper notification for any Substantial Deviations from these plans as required under law. The exception to this definition is if the change has been made to meet regulatory compliance with The U.S. Department of Housing and Urban Development requirements. Substantial deviation or Significant amendment or Modification shall mean those of the mission statement, goals and objective, capital fund program or changes in significant expenditures. And changes in statutory requirement for administration of Public Housing requiring public comment and/or public hearing.

B. Significant Amendment or Modification to the Annual Plan

A Significant Amendment or Modification to the Annual Plan shall be construed to mean the following:

- Changes to rent or admissions policies or organization of the waiting list;
- Additions of non-emergency work items not currently included in the Annual Statement or the 5-Year Action Plan or changes in use of replacement reserve funds under the Capitol Fund;
- Additions of new activities not included in any current PHDEP Plan;
- Any changes with regard to demolition or disposition, designation, homeownership programs or conversion activities.

These issues, if required, shall be raised with proper public notification. The Housing Authority acknowledges that an exception will be made by HUD to comply with the above changes that are adopted to reflect changes in HUD regulatory requirements: such changes will not be considered significant amendments by HUD.

REAC FOLLOW-UP PLAN

Communication

PHA will meet with RAB and Residents on a monthly basis to improve communications between the PHA and Residents. During these regularly scheduled meetings residents concerns will be addressed, residents will be informed of planned renovations, and residents will be encouraged to become involved and provide input in policy development. Residents will be notified of these meeting by flyers/letters placed in doors and will be placed property bulletin boards.

Safety

The PHA has instituted a computerized means for tracking crime and crime related activities and can demonstrate that crime and crime related problems are being tracked by developments. Residents and contract security report all criminal activity to the local police department. PHA has provided provisions for the access of vacant units to the local police department in order to facilitate surveillance in and near developments. All lighting in common areas is checked daily to ensure they are working.

Neighborhood Appearance

The PHA has instituted a program, which involves all vacant and/or abandoned units to be boarded with painted board color coordination to match building to improve the overall appearance of such buildings. All PHA units are exterminated monthly and on an as needed basis.

Summary of Policy or Program Changes for the Upcoming Year

In this section, briefly describe changes in policies or programs discussed in last year's PHA Plan that are not covered in other sections of this Update.

The Hattiesburg Housing Authority will suspended its enforcement of the 8-hour community service requirement after a 30 day notice on August 1, 2002. We will not enforce this provision of our Admissions and Continued Occupancy Policy so long as Congress provides for the option to not enforce it. In taking this action we still want to encourage our public housing residents to both participate in their community and enhance their self-sufficiency skills in a truly voluntary manner.

DECONCENTRATION POLICY

In an ongoing effort for the Hattiesburg Housing Authority to meet or exceed the laws and regulations regarding public housing, a comprehensive Deconcentration Policy has been developed in order to comply with the Housing Quality and Work Responsibility Act of 1998 Section 513, as it applies to the Hattiesburg Housing Authority.

INCOME MIX TARGETING:

This housing authority must ensure that within a given fiscal year, not less than forty percent (40%) of the public housing dwelling units shall be occupied by families whose incomes at the time of commencement of occupancy does not exceed thirty percent (30%) of the area median income.

PROHIBITION OF CONCENTRATION OF LOW-INCOME FAMILIES:

This housing authority may not concentration very low-income families, or those with relatively low incomes, in public housing units in certain projects or certain buildings within projects. There must, however remain at least forty percent (40%) of the families who are at or below thirty percent (30%) of the median area income. The Hattiesburg Housing Authority must review the income and occupancy characteristics of the housing projects and the buildings of each project to ensure that a low-income concentration does not occur.

DECONCENTRATION:

It shall be the sole and exclusive right of the Hattiesburg Housing Authority to move families from one dwelling unit to another as necessary or as vacancies warrant to reduce a concentration of a particular income level of families into any one building or complex. In contrast, the Hattiesburg Housing Authority will also make every effort and attempt to maintain a consistent dwelling unit for every family and will only make moves necessary if there is no other alternative as determined by the Hattiesburg Housing Authority.

This policy becomes effective immediately upon adoption by the Board of Commissioners of the Housing Authority of the City of Hattiesburg, Mississippi.

CERTIFICATION
“INITIAL ASSESSMENT”
VOLUNTARY CONVERSION OF DEVELOPMENT FROM PUBLIC
HOUSING STOCK

This is to certify that The Housing Authority of the City of Hattiesburg, Mississippi has reviewed each development operating as public housing; considered the implications of converting the public housing to tenant-based assistance ; and concluded that conversion may be inappropriate because removal of the developments would not meet the necessary conditions for voluntary conversion.

That the initial assessment indicated that 1) cost would be a factor; 2) the ability to occupy the developments; 3) cost and/ or workability of vouchers in the community and 4) other relevant factors that voluntary conversion may be inappropriate.

THEREFORE, the Housing Authority has determined that our developments are not appropriate for conversion based on the following reasons:

1. Conversion **would be** more expensive than continuing to operate the developments (or a portion of it) as public housing;
2. Conversion **would not** principally benefit residents of the public housing development to be converted and the community; and
3. Conversion **would** adversely affect the availability of affordable housing in the community.

DOCUMENTATION

- ☐ The Housing Authority does not plan to demolish or dispose of any public housing units;
- ☐ Public Housing developments accounts for a large percentage of the housing stock in the community and would effect the availability of affordable housing in the community; and

Conversion would not benefit the residents due to the limited housing stock in the community and the current programs/services being offered by the housing authority. Additionally, our public housing developments are equal to or above existing housing stock in the community;

PROGRESS STATEMENT ON PHA GOALS

HATTIESBURG HOUSING AUTHORITY

1. The Hattiesburg Housing Authority established a goal to improve the PHAs score from a "standard" to high performer" within three years. The PHA is currently rated as a "standard performer (82.0)". This goal will be retained.
2. The Hattiesburg PHA established a goal to improve apartments to achieve compatibility with private market rentals by the year 2004. Improvements are currently in progress with the use of CFP funds and the Housing Authority is on schedule to meeting this goal.
3. The Hattiesburg PHA established a goal to provide proper security to render all developments relatively free of drugs and criminal activity by the year 2004. The Hattiesburg PHA in cooperation with the Hattiesburg police department participates in the Neighborhood Enhancement Team (NET) whereby a police sub-station is provided on site by the PHA which is staffed with 12 fully sworn uniformed police officers. The presence of these police officers who also provide security on the other PHA developments have proven to be a significant deterrent to drugs and criminal activity. The PHA is meeting this goal.
4. One year ago the Hattiesburg PHA had a 68% employment rate for residents and the goal was established to increase this percentage to 75% by the year 2004. Last year the PHA only had a small percentage of total units available for occupancy due to extensive modernization activities. Over the past year as units were completed and rented up the PHA was faced with only having a majority of lower income non-employed applicants on the waiting list. This influx of new residents has resulted in the Hattiesburg PHA having a current percentage rate of 33% employed residents. This goal will have to be modified to reflect the current actual percentage of 33% with a goal to increase this percentage to 40% by the year 2004.
5. The Hattiesburg PHA provides supportive service to improve assistance recipients employability by arranging for on site registration with Pace Headstart to assist in daycare for young children. Additionally, the PHA arranged for a bus stop on site to assist residents in transportation to employment sites. The PHA is meeting this goal to continue these services through the year 2004.
6. The Hattiesburg PHA participates and assist residents in an annual city-wide "Senior Fair" and also host workshops by the state extension service with topics structured to improve independence for elderly residents. In cooperation with the

Forrest General Hospital "Health Fairs" designed for the elderly are conducted at each site. The PHA goal of continuing these services through the year 2004 is being met.

7. The PHA established the goal to continue the policy to assure affirmative equal access for all applicants. The PHA is meeting this goal.
8. The PHA established the goal to modify additional apartments for the handicapped if the existing 13 handicapped apartments do not satisfy the need. Currently 12 of these units are occupied with handicapped residents, therefore, the need is being met. The PHA will monitor this situation closely or future changes.
