The Town of Brookhaven's Public Housing Agency has worked in partnership with the Town's Departments and Divisions, the Suffolk County Office of Community Development, New York State, not-for-profit corporations and private developers to address those priorities established in the 5-Year Plan. Memorandums of understanding have been entered into with two tax credit housing developers that will result in the provision of affordable rental units for Section 8 participants in non-concentrated poverty areas. A Section 8 newsletter was created and mailed to Section 8 tenants and landlords in order to foster greater communication within the Town's Program. The PHA has successfully applied for and been granted two new allocations of Housing Choice Vouchers under the past two Fair Share Program rounds of funding. Briefings have been conducted and vouchers issued to waiting list applicants. Successful efforts as those described above will continue into 2002.

Attachment “A” – Statement of Progress

During 2001 the Town of Brookhaven continues to progress toward those goals established in its 5-Year Plan.

The PHA has once again applied for and been granted funding under the Housing Choice Voucher Incremental Funding Program and has received authorization for an additional 50 housing vouchers.

In order to foster greater communication among program participants and landlords alike, the PHA has created its first newsletter and distributed it to tenants, landlords and the general public.

Inspection of 3% more units than required under regulations established for quality control was carried out by the PHA in an effort to improve the quality of housing stock within the program.

The PHA continued to participate via its Commissioner on community revitalization committees in communities of high Section 8 concentrations. Headway was made in such efforts as jobs training and employment, affordable housing, infrastructure improvements and law enforcement. These programs have over time, improved the quality of life and economic vitality of the targeted communities.

Outreach to landlords outside of impacted neighborhoods has been ongoing and resulted in the execution of memorandums of understanding between the PHA and not-for-profit developers. These agreements will mean that Section 8 participants shall get priority consideration for the units developed which are located in non-concentrated poverty areas.

The PHA continues to promote self-sufficiency and asset development of families through active solicitation of funding from the Town. Once again funding has been provided to support the FSS Coordinator position. Funds have again been directed to equal opportunity in housing efforts during 2001 through the continued funding of two housing counseling programs.

Adjustments To Random Selections

The initial random samples resulted in an overabundance of senior citizen representation; 17 selections, where only 13 were required. An under-representation resulted for the disabled ; 11 selections when 19 were needed. Therefore an adjustment was made that resulted in the deletion of 4 senior citizen selections and the addition of 8 more disabled representatives.
