RESIDENT ADVISORY BOARD COMMENTS

Our resident advisory board met Tuesday February 15, 2000 at the central offices of Troy Housing Authority. The complete annual and five year plans were discussed and reviewed at that time. There were very few comments from those attending. All were in agreement that the plan as set forth was a good one and that Troy Housing and Section-8 Residents would benefit greatly through the implementation of these plans.

DECONCENTRATION POLICY

At the beginning of each housing authority fiscal year, the housing authority will establish a goal of 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the previous housing authority fiscal year.

To accomplish the goals of:

- Housing not less than 40% of its public housing inventory on an annual basis
 With families that have incomes at or below 30% of area median income, and
- (2) Not housing families with incomes that exceed 30% of the area median income in developments in developments that have 60% or more of the total household living in the development with income that exceeds 30% of the area median income, the housing authority's Tenant Selection and Assignment Plan, which is a part of this policy, provides for skipping families on the waiting list

to accomplish these goals.
