## **Community Service Statement**

### **Dunn Housing Authority Policy for the Implementation of Community Service and Self Sufficiency Requirements**

The Dunn Housing Authority, to meet the Community Service requirements, offers the Public Housing Resident and opportunity to contribute to the community that supports them.

The community service opportunities, or locations, will include but are not limited to: within the jurisdiction; activities to improve the physical environment of the resident's development; volunteer work in local schools, hospitals, child care centers or approved non-profit social service agencies. No resident will perform community service with any political affiliation or activities.

The PHA can administer its own community service program, form cooperative relationship with other entities in order to make opportunities available for residents, or contract the entire community service program to a third party. The PHA retains full authority and responsibility to assure contract compliance, should the program be contracted to a third party. Should a for-profit, third party be utilized, the PHA should ensure that the administration that oversees the program does not have a financial interest in the entity, where community service participants are assigned.

The PHA will, to the extent possible, attempt to ensure that the conditions under which the work is to be performed are not otherwise hazardous, that the work is not labor that would be performed by the PHA's employees responsible for essential maintenance and property service, or that the work is otherwise unacceptable.

Should the PHA have a self-sufficiency program, the self-sufficiency program activities may, if acceptable, be substituted for the community service requirements.

**Certification Procedures for Voluntary Conversion  
of Developments from Public Housing Stock**

**The Dunn Housing Authority certifies that is has reviewed the development's operation as Public Housing, considered the implications of converting the public housing to tenant-based assistance; and concluded that conversion of the developments are inappropriate because removal of the developments would not meet the necessary conditions for voluntary conversion as descried in 24 CFR 972.200 (c).**
