The Phenix City Housing Authority is a medium PHMAP Standard-Performer agency located in Russell County, Alabama. The PCHA manages 940 units of public housing at seven developments.

The mission of the PCHA is:

To promote adequate and affordable housing without discrimination for low-income, very low-income families, persons with disabilities or the elderly.

The PCHA will accomplish its mission ideals through its goals and objectives:

1. Providing decent, safe and affordable housing in your community.
2. Ensuring equal opportunity in housing for everyone
3. Promoting self-sufficiency and asset development of financially disadvantaged families and individuals.
4. Increase resident participation through resident council and/or advisory committee.
5. To provide timely response to residents' request for maintenance problems.
6. To continue to enforce our "One Strike" policies for resident and applicants.
7. To improve and/or maintain our financial stability through aggressive rent collections and improved reserve position

The PCHA's financial resources include an operating fund, capital fund, dwelling rental income and Section 8 Administrative fees which will be used to operate the agency in the most cost effective means possible and still provide the services and activities for its residents.

The PCHA has assessed the housing needs of Phenix City and surrounding Russell County area and has determined that it is currently and will continue to meet the housing needs of the community to the extent practical. The PCHA has approved a Deconcentration Policy and will utilize Local Preferences to attract and encourage applicants that can qualify for public housing. The PCHA has determined that its housing strategy complies with the state of Alabama's Consolidated Plan

The PCHA has conducted a physical needs assessment to determine its modernization requirements and has developed an Annual and 5 year Action Plan to address its Capital Improvements.

The PCHA has identified compliance with the Community Service requirements by rewriting its Admission and Continued Occupancy Plan and Dwelling lease to address those adult members of any family whom must perform community service activities annually.

Deconcentration Policy

The Housing Authority of Phenix City has completed the analization of public housing stock and tenant income, compared each development and the results are as follows:

<u>Development</u>	<u>Average household income</u>
5-1R,3	\$6,950
5-2,4	\$8,119
5-5	\$10,789
5-6, 8 (Elderly Complex)	\$9,161

The Housing Authority of Phenix City does not have a concentration of low-income residents in any development. The difference in income from the lowest to the highest is \$3,839.

The objectives are:

The Objective of the Deconcentration Rule for public housing units is to ensure that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development. The specific objective of the housing authority is to house no less that 40 percent of its public housing inventory with families that have income at or below 30% of the area median income by public housing development. Also the housing authority will take actions to insure that no individual development has a concentration of higher income families in one or more of the developments. To insure that the housing authority does not concentrate families with higher income levels, it is the goal of the housing authority not to house more than 60% of its units in any one development with families whose income exceeds 30% of the area median income. The housing authority will track the status of family income, by development, on a monthly basis by utilizing income reports generated by the housing authority's computer system.

To accomplish:

To accomplish the deconcentration goals, the housing authority will take the following actions:

- A. At the beginning of each housing authority fiscal year, the housing authority will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the previous housing authority fiscal year.
- B. To accomplish the goals of:
 - (1) Housing no less than 40% of its public housing inventory on an annual basis with families that have incomes at or below 30% of area median income, and
 - (2) Not housing families with income that exceed 30% of the area median income in development that have 60% or more of the total, household living in the development with incomes that exceed 30% of the area median income, the housing authority's Tenant Selection and Assignment Plan, which is a part of this policy, provides for the utilization of local preferences with regards to applicant selection from its waiting list.
