However, financial and technical assistance programs administered by the Commonwealth may indirectly benefit jurisdictions, housing authorities, and community-based organizations seeking to undertake resident initiatives. The Commonwealth also will deem applications for federal assistance to support resident initiatives as consistent with the Commonwealth's Consolidated Plan.

Additionally, the Commonwealth will consider funding projects that assist residents of public housing to become homeowners. If the residents to be assisted are very low-income households, that project will be consistent with the Commonwealth's Consolidated Plan.

The Commonwealth also will continue to work with the Pennsylvania Association of Housing and Redevelopment Agencies, Regional Legal Services, and members of the general Assembly to incorporate public housing authorities and their residents into the state's housing strategy.

PHA PLAN TABLE LIBRARY ANNUAL STATEMENT

# <u>ATTACHMENT A</u> ADMISSIONS POLICY FOR DECONCENTRATION

VIII. Deconcentration of Poverty and Income-Mixing in Public Housing

The Housing Authority shall deconcentrate poverty in each of its housing developments by bringing higher income tenants into lower income public housing projects and bringing lower income tenants into higher income public housing projects. The Housing Authority shall make every effort to maintain the following income mix for each development:

- 40 percent of families with incomes below 30 percent of median ("very poor families") in a fiscal year.
- 60 percent of other admissions shall comply with eligibility limits under the current regulations (24 CFR 982.201(b)) and law.

To this end, the Housing Authority will take the following steps:

Initial assessment and current occupancy

- Before the start of each fiscal year, the Housing Authority shall assess each development to determine the percentage of families whose income are at or below 30 percent of median ("very poor families") of HUD's latest published income limits. The Housing Authority will determine and compare the relative tenant incomes of each development and the incomes of the census tract in which the development is located.
- Developments where the percentage of families whose income are at or below 30 percent of median ("very poor families") of HUD's income limits exceeds 40%:
- Should the Housing Authority find that the percentage of families whose income are at or below 30 percent of median ("very poor families"0 of HUd's income limits exceed 40 % in any one development, the Housing Authority shall offer the opportunity for relocation to a development where the percentage of whose income are at or below 30 percent of median ("very poor families") of HUD's income limits may be less than 40%. The offer of relocation will be based on the following:
  - Availability of appropriate units in other developments where the percentage of units available for familes whose income are below 30 percent of median ("very poor families") of HUD's 1999 income limits; and

- o Ability of the relocating family to meet all admission requirements.
- For each development, should more families wish to relocate than the number of units available for families whose income are at or below 30 percent of median ("very poor families") in other developments, the Housing Authority shall conduct a lottery. The lottery will be publically held at a regularly scheduled board meeting. The name of each family wishing to relocate will be placed in the lottery box. A Board member will then draw the number of names from the box corresponding to number of units available.
- As an incentive, the Housing Authority shall bear the cost of relocation. Relocation costs are limited to the actual cost of the move and utility deposits including telephone and cable TV, but only if the resident had a telephone and cable TV at the unit being vacated.
- Should the number of families necessary to achieve the 40% target choose not to relocate, the Housing Authority shall target the appropriate number of units and will apply the wait list skipping procedure defined below to occupy the units as units become available for occupancy.

Maintaining deconcentration

Maintaining the 40 % target of families whose income are at or below 30% percent of median ("very poor families") of HUD's current income limits.

The 1998 Act allows a Housing Authority to offer incentives to eligible families that would help accomplish the deconcentration and income mixing objectives. In addition, skipping of a family on a waiting list specifically to reach another family with a lower or higher income is permissible, provided that such skipping is uniformly applied.

Therefore, when a development's percentage of families meeting the 30% percent of median ("very poor families") of HUD's current income limits fall below 40% of the total units, the Housing Authority shall select the next eligible family from the wait list whose income is less than 30 percent of median ("very poor families") of HUD's current income limits and who meets all other admissions requirements. The Housing Authority shall continue selecting families in this manner until the 40% target is met.

Like wise, should a development's percentage of families meeting the 30 percent of median ("very poor families") of HUD's current income limits exceed 40 % of the total units, the Housing Authority shall select the next eligible family from the wait list whose income is more than 30 percent of median ("very poor families") of HUD's current income limits. The Housing Authority shall continue selecting families in this manner until 60% target is met.

## **IX Interviews and Verification Process**

Once a unit of appropriate size is available and determination of deconcentration as defined above is applied, the family is selected for occupancy and the following items will be verified according to the Pottsville Housing Authority's Verification Procedures to determine eligibility and qualification for admission:

## SECTION III The Application Process

- 1. 75 percent of families with incomes below 30 percent of median ("very poor familes") in a fiscal year.
- 2. 25 percent of other admissions shall comply with eligibility limits under the current regulations (24CFR 982.201 (b)) and law.

# **D.** Suspension of Application Taking
