#### C.StrategyforAddressingNeeds

ProvideabriefdescriptionofthePHA'sstrategyforaddressingthehousingneedsoffamiliesinthe jurisdictionandonthewaitinglist **INTHEUPCOMINGYEAR**, andtheAgency'sreasonsfor choosingthisstrategy.

The Housing Authority of Florence is part of the entire housing effort for the community. While we alone cannot meet every need, we will address some of the identified needs by using appropriate resources to maintain/upgrade/replace our existing stock. We will continue to provide housing assistance to meet the housing needsthroughoutourjurisdictionthrough rental of public housing and housing choice

vouchers. When appropriate and feasible, we will apply for additional grants and loa from federal, state, and local sources, including private sources to help add to the affordable housing available in our community. We intend to continue to work with our local partners to try to meet these identified needs.

#### **19.Definitionof** SubstantialDeviation" and Significant <u>AmendmentorModification</u> [903.7r]

Substantial deviation or significant modifications are defined as actions taken by the Housing Authority that are authorized by the board as being in the best interest of the Housing Authority that we renot included in the original goals and objectives of the Five-year plan.

# 20.Attachments

Usethissectiontoprovideanyadditionalattachmentsreferencedi nthePlans.

<u>Attachment"A"</u>, AdmissionsPolicyforDeconcentration(Thisis included in our currentACOP and the following is an excerpt from it.)

# 10.4 **DECONCENTRATIONPOLICY**

It is Housing Authority's policy to provide for deconcentration of povert yand encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we may skip families on the waiting list to reachotherfamilies with a lower or higher income. We will accomplish this in a uniform and non -discriminating manner.

The Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and high er income people will not be steered toward higherincomedevelopments.

Priortothebeginningofeachfiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentive stoim plement.

## 10.5 DeconcentrationIncentives

The Housing Authority may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentrationgoalsofaparticulardevelopment.

Various incentives may be used at different times, or under different conditions, but wi ll always be provided in a consistent and nondiscriminatory manner.

We continue to encourage our residents to attend and participate in our meetings and programs on -site. -YearPlanMissionandGoals

<u>YearTwoofourplan</u>. Themissionofthe <u>HousingAuthorityofFlorence</u> remains the same: Topromote adequate and affordable housing, economic opport unity and as uitable living environment free from discrimination.

In our Section 8 program, we continue to interact with public agencies in leveragi ng funding assistance. We continue to provide counseling as part of our briefing packet as wellason -goinginformationtocurrentclients. Wealsoencouragelandlordparticipation through outreach efforts, making them aware of the program advantages thr ough workshops and drop -ins. In Public Housing, we continue to use Capital Funds to renovate/modernize our public housing units. We continue to provide on -going staff training to improve the quality of Assisted Housing. Specialized training through workshops, colleges & universities, tech and adult education, on -site training, and other educational facilities have been provided and utilized by our staff in all departments. Our computer software and hardware have been upgraded. We hope to provide better and fasterservicetoourclients. We have plans to apply for additional housing using mixed financing.

In our efforts to "Improve community quality of life and economic vitality" and to "Promote self -sufficiency and asset development of families and ind ividuals", we have theinstallationofheating/airunitsinourfamilyunitsundercontractwithA&EServices and hope to complete this line item in our Capital Fund spending by the end of this year orthebeginning of the next. We have 250 units under contract to be installed thus far. We have a full -time Resident Services Coordinator and staff on -site who are providing programs and opportunities to our residents. We continue to house law enforcement officers within our communities with a Board approve d pre -determined rent. We continue to provide a computer learning center on -site for our clients. We continue to provide numerous resident opportunity programs through contracts with other agencies (i.e. recreational/educational). We are providing a mu ch-needed Community Policing program through the use of our PHDEP funds. We are concerned that with the elimination of this grant, we may not have the necessary funds to support this program at the level needed.
