5-YEAR PLAN
PHA FISCAL YEARS 2002 - 2006
[24 CFR Part 903.5]

A. Mission

State the PHA's mission for serving the needs of low-income, very low income, and extremely low-income families in the PHA's jurisdiction. (select one of the choices below)

- The mission of the PHA is the same as that of the Department of Housing and Urban Development: **To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.**
- The PHA's mission is: (state mission here)

B. Goals

The goals and objectives listed below are derived from HUD's strategic Goals and Objectives and those emphasized in recent legislation. PHAs may select any of these goals and objectives as their own, or identify other goals and/or objectives. Whether selecting the HUD-suggested objectives or their own, **PHAS ARE STRONGLY ENCOURAGED TO IDENTIFY QUANTIFIABLE MEASURES OF SUCCESS IN REACHING THEIR OBJECTIVES OVER THE COURSE OF THE 5 YEARS.** (Quantifiable measures would include targets such as: numbers of families served or PHAS scores achieved.) PHAs should identify these measures in the spaces to the right of or below the stated objectives.

HUD Strategic Goal: Increase the availability of decent, safe, and affordable housing.

- PHA Goal: Expand the supply of assisted housing
Objectives:
- Apply for additional rental vouchers: *Applied for 91 additional Fair Share 2000, and 2001, but did not receive. Will continue to apply for all opportunities*
 - Reduce public housing vacancies: *Try hard to get S-8 Vouchers leased to be above 95%. Expect to be above 95% in this next fiscal year.*
 - Leverage private or other public funds to create additional housing opportunities: *FY 2000, have sponsored a sister organization that will expand on other opportunities not available to a PHA. It is a CDC, 501(c)(3), and was Certified as a Community Housing Development Organization (CHDO) by the Texas Department of Housing and Community Affairs (TDHCA). This organization is up and running.*
 - Acquire or build units or developments: *Through partnership with the CHDO, the PHA will serve as a pass-through for TDHCA such as Home-Ownership grants, receive tax-properties from the local taxing government, Low Income Housing Tax Credits (LIHTC), and pilot a Homeownership Program using Section 8 Vouchers.*
 - Other: Take initiative, Be innovative, Take best-interest risks
- PHA Goal: Improve the quality of assisted housing
Objectives:

- Improve public housing management: (PHAS score) N/A
- Improve voucher management: (SEMAP score) *Always seek 100%*
- Increase customer satisfaction: *We always seek to provide best service*
- Concentrate on efforts to improve specific management functions:
(list; e.g., public housing finance; voucher unit inspections): Last year we stated : ***“We need to improve in the following known areas: HQS Quality Inspections and Quality Control, cross-training staff, Rental Integrity, and the overall financial aspect to the PHA program.”*** We HAVE this year all in this statement except, improve the financial status of the PHA. HQS, Rent Reasonableness have served to reduce our lease-up rate by further limiting already hard to locate affordable housing that will pass HQS.
- Renovate or modernize public housing units: (N/A, no public housing)
- Demolish or dispose of obsolete public housing: (N/A, no public housing)
- Provide replacement public housing: (N/A, no public housing)
- Provide replacement vouchers
- Other: ***It would be especially community friendly if we could find a mechanism to remove some of the many standing structures in the community that needs demolition.***

PHA Goal: Increase assisted housing choices

Objectives:

- Provide voucher mobility counseling: *We ensure customers are briefed.*
- Conduct outreach efforts to potential voucher landlords: *We do outreach. In fact, we have more owners & apartment complexes participating than before. Just not as many of their properties can pass HQS due having better HQS enforcement and compliance than before.*
- Increase voucher payment standards *The PHA is already functioning at a 110% of the FMR.*
- Implement voucher homeownership program: *The PHA has plans to implement a Homeownership Program with our sister partnership in the CHDO. Additionally, the PHA has implemented a Homeownership preservation program as a pilot to assist five families and see if such preservation has merits.(See Other)*
- Implement public housing or other homeownership programs: *Apply for TDHCA (state) Home Ownership Grants for Down Payment and Closing Costs, Housing Counseling through the CHDO, and by innovative use of the S-8 program. A grant to TDHCA has been submitted in coordination with the CHDO.*
- Implement public housing site-based waiting lists:*(N/A no public housing)*
- Convert public housing to vouchers: *(N/A, no public housing)*
- Other: ***We understand that HUD’s intent is to promote Home Ownership. We have perceived that the intent is also to stop the***

loss of home-ownership.

- *Project-Based Section 8 Voucher Housing as a possibility to expand housing resources. As on January, 2001 Federal Regulations will permit Project Basing up to 20% of allocated housing for up to 10 years. This is understood to be 73 units at most and 'up to' 10 years. (24 CFR 983). The PHA is working on a contract to be implemented this FY with Hillside Properties for 50 Vouchers initially.*

- *Joint applicant that was approved with the Crossroads Housing Development Corporation for a Low Income Housing Tax Credit Apartment Complex. The development broke ground in March, 2002 of phase I, of the 78 units of income restricted units. The BSHA was a limited partner in the development of the Limestone Ridge Apartments and purchased the land. It is hoped that it will be completed before the end of calendar year 2003, and open sometime in January 2003. Even though it will be income restricted to low income families, it is expected to be the nicest complex in town.*

HUD Strategic Goal: Improve community quality of life and economic vitality

- PHA Goal: Provide an improved living environment
- Objectives:
 - Implement measures to deconcentrate poverty by bringing higher income public housing households into lower income developments: *We do not have housing developments, but we are actively encouraging new construction in low income communities with some success.*
 - Implement measures to promote income mixing in public housing by assuring access for lower income families into higher income developments: *While we do not have public housing, we do work within the S-8 program to encourage higher-end landlords to participate in the PHA Voucher Program by having a strict code of administrative enforcement. This has been particularly encouraging as only two apartment complexes do not participate. And, they are mid-end vice high end.*
 - Implement public housing security improvements: *While we do not have public housing, we have contributed to match funds to assist the local police department receive a grant that put two additional street office on patrol with a working commitment to spend time in areas where there is a high concentration of S-8 rental assistance and in a known problem area of town that usually receives less enforcement than is required.*
 - Designate developments or buildings for particular resident groups (elderly, persons with disabilities) (N/A, no public housing)

Other:

HUD Strategic Goal: Promote self-sufficiency and asset development of families and individuals

PHA Goal: Promote self-sufficiency and asset development of assisted households

Objectives:

Increase the number and percentage of employed persons in assisted families: *We work closely with our local Texas Workforce Commission. This upcoming year FY 2003, we have been working closely with the TWC and the Moore Development for Big Spring, Inc. to assist in their relocation efforts of moving workers and their families from other Cities and communities into Big Spring. Unlike many communities, we have a low unemployment rate and there is an attempt to import workers. The BSHA has taken an active partnership to assist these families in order for them not move from one problem into additional misery. The Housing Board has made further consideration to add a 'working preference' but we haven't taken it this far as yet. We do also have a cooperative agreement with the Texas Workforce Commission and the Dept. of Human Services (DHS).*

Provide or attract supportive services to improve assistance recipients' employability: *We have a cooperative agreement with the Workforce Commission. Customers that might find themselves in minor violations with the PHA that could cause their termination from the program, often volunteer to get their GED, go to college, or go to seek employment training skills. Between 5/1998-5/2002, at least 47 clients have earned their GED's in lieu of losing their housing assistance.*

Provide or attract supportive services to increase independence for the elderly or families with disabilities. *We work closely with all supportive services in the community, including the Texas Rehabilitation Commission and the Adult Protective Services. Additionally, we do work also closely with a local 202/811 program assisting persons with disability or elderly. At times some of these occupants grow into having a need for greater independence. Cross referrals are also made.*

Other:

HUD Strategic Goal: Ensure Equal Opportunity in Housing for all Americans

PHA Goal: Ensure equal opportunity and affirmatively further fair housing

Objectives:

Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion national origin, sex, familial status, and disability: *We strongly enforce these affirmative measures under law.*

Undertake affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion

national origin, sex, familial status, and disability: April is Fair Housing Month. This April 2003, the PHA will seek a City Resolution establishing and enforcing the importance of fair Housing and Equal Opportunity in America, Texas, Howard County, and Big Spring. Further, the PHA has been involved in the Mayor led Community Forum that addressed housing and quality of life in communities. At issue, has been addressed improving, empowering, and enforcing current and established City Codes Enforcement. All citizens, on the PHA program or not, deserves to live in decent housing.

- Undertake affirmative measures to ensure accessible housing to persons with all varieties of disabilities regardless of unit size required: While we do not have public housing, we do encourage owners to make such modified units available for use. There is a high demand for affirmative disability accessible units in Big Spring. We hope to demonstrate that there is a market and that home-bound customers make excellent tenants.*
- Other: We believe that Executive Order 12892 requires enforcement in order for “affirmatively furthering of fair housing for all citizens”.*

Other PHA Goals and Objectives:

The Big Spring Housing Authority has only been an autonomous Housing Authority with its own Board of Housing Commissioners since 10/1/1998. Since 1978, it had been a City Housing Agency. Other PHA goals include the whole gambit of taking any and all initiatives that will further affordable housing, lead families into home ownership and eventual economic sufficiency. We will seek opportunities that will enable repairs to homes for especially those citizens on fixed incomes that are living in substandard conditions, find ways to cause the removal of derelict properties, and become involved in ventures with other organizations and/or agencies that have a mission to further affordable and decent housing in the community. While we have been vocal concerning Codes Enforcement issues, we believe that we must formulate some positive initiatives to encourage and foster a more positive relationship with the City. Our concern is that 71% of all single family dwellings were built prior to 1960, as compared to 27% statewide. A more cooperative arrangements with the City and County to pursue Community Development concerns is related to this perspective.

ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Big Spring Housing Authority (BSHA) has only been an autonomous Housing Authority with its own Board of Housing Commissioners since 10/1/1998. Since 1978, it had been a City Housing Agency. In February 1997, the BSHA had been designated as a troubled housing authority after both a HUD and independent City audit. Under the administration of a new Housing Director, hired in February 1997, the Agency was removed from 'troubled' status and was given zero financial and management deficiencies. One of the HUD audit requirements was the formal appointment of its first Housing Board of Commissioners by the Mayor and the Board became responsible for the BSHA in April, 1998. Under the management of the Board, the City elected to terminate its HUD Annual Contribution Contract (ACC) and the BSHA was formed under Texas Housing Authority Law on October 1, 1998, after being relocated from a co-located City Office in July, 1998.

Since separation from the City, the BSHA has continued to function as the Municipal Housing Authority, but more aggressively so. The Board of Commissioners have officially addressed the whole gambit of community housing concerns that will further affordable housing, will eventually lead families into home ownership, increased economic sufficiency, and address Community Development concerns. The BSHA is also active in seeking opportunities that will enable repairs to homes for especially those citizens on fixed incomes that are living in substandard conditions and find ways to cause the removal of derelict properties. We sought 91 new Vouchers under the year 2000 and 2001 Fair Share Voucher allocation, but fell short due to the Formula used by HUD for scoring, even though we scored as high as we possibly could. (Now in hindsight, and due to our increase

in standards of HQS enforcement, we are fortunate that we didn't receive them, as we likely would have fallen below 90% lease-up!) We also applied, unsuccessfully, for 50 specific-use vouchers for persons with disabilities under the Year 2000 and 2001 MainStream Grants. We also believe that it is an obligation to become more vocal to ensure that code deficient properties are condemned while at the same time seeking to enter into cooperative arrangements with the City and County to address and pursue Community Development concerns.

The BSHA is a Section 8 Choice Voucher program having 366 rental assistance Vouchers. In order to designate housing toward families demonstrating greatest need, the we do have a local preference program based on the former Federal preferences. The Board is considering the addition of adding Welfare to Work initiatives as a local preference.

Since March 1999, the BSHA has sought an exception to HUD policy for consideration for additional and direct Federal funding as a Participating Jurisdiction or as an Entitlement City. However, without Federal Legislation that is specific to addressing our needs, it has not been a realistic consideration. The reason for still trying to find some avenue of support for the community is, however, vital, not normal for most any other City in the United States, and also is a political topic to avoid – Base Closure. Without a doubt, the physical condition of Big Spring is a direct impact of the closure of the AFB 20 years ago. No one seems to disagree, but the same people also recognize it is a problem without a politically correct solution. It is not an issue that has been openly discussed by elected government officials, at least to date. We have gone through all government channels and basically there is agreement that need does exist, and that there is probable cause. HUD Community Development officials have stated that it will take a Congressional Bill to change current laws.

Once a vibrant military community, the closure of Big Spring's Webb AFB in 1978 decimated the City of Big Spring and Howard County. The incentives and assistance offered of more recent base closure's were not part of legislation of the time. Prior to the closure, the City had annexed over 19 square miles of geography at about 40,000 persons in order to plan for a population to exceed 50,000 persons. Currently, there is a population of about 25,500 in a 19 square mile area, 190 miles of roadway, 150 miles of water mains, and 140 miles of sewage mains. With such a depleted tax base and loss of the expected base associated revenue caused by direct base and ancillary employment, the City has not been able to adequately maintain City infrastructure. The City of today is well forward in thinking and becoming innovative.

Related to City infrastructure is a very low standard of codes and occupancy enforcement within the City. Housing Quality Standards issues continue to be a problem in our ability to secure decent affordable housing stock, but it had been a major problem in 1997 when HUD had designated City's Housing Agency as a

program that was 'troubled'. Part of the problem was the availability of old housing stock left over from the Base era, that was being allowed to be rented under the City's Section 8 program of the time. After separation from the City, the PHA began increasing HQS enforcement each year until we are now within compliance and now able to formulate a Rent Reasonableness program where there had never been one prior.

One of the crowning points of Board accomplishments has been the sponsorship and creation of a sister organization. This began only ten months after the BSHA was separated from the City and taking only ten months to complete. Planning began in July, 1999 and the new organization received its official Certification as a State of Texas Department of Housing and Community Affairs (TDHCA) Community Housing Development Organization (CHDO) in May, 2000. Named the Crossroads Housing Development Corporation, the CHDO also has status of being formed as a Community Development Corporation (CDC) by the State of Texas and as a 501(c)(3) non-for-profit organization by the IRS.

Working with the CHDO in joint venture applications, the investment in the CHDO is already showing success. Big Spring, through the Texas Department of Housing and Community Affairs, competed and was awarded Low Income Housing Tax Credits (LIHTC). The LIHTC will be used to construct Phase I of the Limestone Ridge Apartments, a 64 unit income restricted apartment complex. Phase I will also include the construction of a community room and swimming pool at the complex. If successful, Phase II will be another application for the following year that will leverage the successes of Phase I. With groundbreaking to be Spring 2003, this will be the first apartment complex constructed since before the closure of the AFB in 1978. There are also other initiatives in the planning that will be in partnership with the CHDO. Homeownership is in the works!

Until the CHDO becomes viable, and as an Interim and Discretionary Policy, the BSHA has began a hardship home-ownership using Section 8 rental voucher funds that is paid directly to the mortgage company. Allowable for only 5 program S-8 Vouchers, and in all cases, there are hardship requirements that must be met. The intent is simple – to preserve existing homeownership for income qualified families where the primary income earner has lost employment due to a physician verified medical reason, the unit is under foreclosure notice, must pass an HQS inspection, and the mortgage is less than the Voucher rent-standard. A current example of this is a 42 year old family man who had a heart attack, could no longer perform physically demanding work, and is now being retrained by the Workforce Center by attending a formal college Nursing program. He had owed only 18 months on his home 4 bedroom home.

We are also looking into having a formal Home-Ownership program with our sister CHDO organization. It is expected that the mortgage notes will be 'carried and financed' by the CHDO, and in some cases, Section 8 recipients will use rental

assistance with down-payment and closing cost assistance grants applied for by the CHDO, through the BSHA as a pass-through, as grants from the state (TDHCA). The CHDO was awarded \$100,000 from the Affordable Housing Program (AHP) and also received a matching \$100,000 from the Enterprise The funds are earmarked for "Project Fresh Start", the CHDO's first solo financial venture.

We hope that Project Fresh Start may be where the homes for Section 8 Homeownership might rise from, literally. Fresh Start is really a community supported initiative as it also has the support of the tax entities: City/City Council, County/County Commissioners, and School District/School Board. In reality, the CHDO's Board reflects having a Commissioner from each of those entities, as well as a banker, an attorney, and membership of the business and low-income community. Fresh Start will receive derelict and tax foreclosed properties from local government, rehabilitate and/or reconstruct, and return the properties to the tax roles. There will be further community cooperation with the Texas Workforce Commission and the local junior university, Howard College. Plans are being made to train low-income persons in the various trades necessary to do actual hands-on work projects, in this case, the properties received from local government. Some of these homes will be sold and will become potential for homeownership under a Section 8 Voucher Homeownership program between the BSHA and the CHDO. Any revenue will be returned to further program potential and future construction projects.

The BSHA cannot take credit for the work that the Crossroads Housing Development Corporation may accomplish, but we can take credit for being its parent. By this, having the insight and fortitude to plan and conceive it, support it and raise it until it was ready to step out on its own. And, while there has been a financial risk involved, the BSHA does expect a return on our investment, in the literally sense since there is a repayment agreement.

Having only been formed as a Housing Authority since October 1998, many ideas are still in the concept stage. While there is yet much to do, more community housing concerns and successes have been accomplished within the last several years than completed in the prior 20 years.

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

State Consolidated Plan:

**Texas Department of Housing and Community Affairs
“2000 State of Texas Consolidated Plan – One Year Action Plan”**

The Big Spring Housing Authority has the same goals and objectives that are consistent with the State of Texas Year 2002 Consolidated Plan:

Goal 1: Increase and preserve the availability of safe, decent and affordable housing for extremely low, very low, low and moderate income persons and families.

Goal 2: Target its housing-related resources for assistance to extremely low and very low income households.

Goal 3: Maximize the effectiveness of available funds by leveraging Federal/State/public/private resources.

Goal 4: Assist families in overcoming barriers to homeownership by developing a homeownership program consistent with barriers to affordable mortgage financing experienced by extremely low, very low, low, and moderate income households.

Goal 5: Increase the stock of affordable, decent, safe, and sanitary housing in Big Spring and Howard County.

Goal 6: Improve living conditions for the poor and homeless and ease the hardship of poverty of extremely low and very low income persons and families.

Goal 7: Plan for the implementation of a transitional and/or supportive housing program that will coordinate partnership services with local/state/federal social service and support agencies and other opportunities designed to move homeless persons and families into permanent housing.

Goal 8: Plan for the implementation of a housing program to address the needs of persons with special needs, disabilities, and increase the availability of affordable and accessible housing.

Goal 9: Plan for the implementation of a housing program to address the needs of the elderly independent living and the availability of affordable and accessible housing.

Goal 10: Plan for the implementation of an elderly housing program to support the development of non-institutional housing options and programs which enable the elderly to remain in their own homes and stay close to family and other support groups.

Goal 11: Forge Federal, State, City, County and Community social and agency partnerships.

Goal 12: Plan for strategies to provide housing for persons with AIDs are provided with Housing Opportunities for Persons with AIDs (HOPWA).

Goal 13: Plan for programs to better the Big Spring community by providing decent housing with a suitable living environment focussing on neighborhoods having principally (51%) of persons and families of extremely low, low and moderate incomes.

Goal 14: Target resources to economically distressed areas of Big Spring with a high concentration of substandard housing and inadequate infrastructure.

Goal 15: Work to better Big Spring communities by helping local governments to become more effective.

B. Housing Needs of Families on the Public Housing and Section 8 Tenant- Based Assistance Waiting Lists

State the housing needs of the families on the PHA's waiting list/s. **Complete one table for each type of PHA-wide waiting list administered by the PHA.** PHAs may provide separate tables for site-based or sub-jurisdictional public housing waiting lists at their option.

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- n/a Employ effective maintenance and management policies to minimize the number of public housing units off-line
- n/a Reduce turnover time for vacated public housing units
- n/a Reduce time to renovate public housing units
- n/a Seek replacement of public housing units lost to the inventory through mixed finance development
- n/a Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase Section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction. ***The BSHA has established the payment standard at 110% of the FMR.***
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required. ***The BSHA already has taken such measures, and will continue to do so.***
- Maintain or increase Section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration. ***The BSHA already has taken such measures with some success, and will continue to do so. (However, because of our more stringent HQS enforcement exceeds City occupancy codes, more owners are finding they can command the same level of market rent without the headache of complying with federal regulations and/or HQS inspections and enforcement.) We will strive to improve participation.***

- Maintain or increase Section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program. ***The BSHA already has taken such measures, and will continue to do so. Especially effect results have been through One-Strike anti-crime screening and enforcement. Contract enforcement has also had a positive effect. However, lifestyle, credit history, and prior residency screening is required of the landlord.***
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies. ***The BSHA already has taken such measures, and will continue to do so. We have become vocal partners within City Council and County Commissioner's Court.***
- Other
 - ***Consider Project-Based Section 8 Voucher Housing as a possibility to expand housing resources. As on January, 2001 Federal Regulations will permit Project Basing up to 20% of allocated housing for up to 10 years. This is understood to be 73 units at most and 'up to' 10 years. (24 CFR 983)***
 - ***Joint applicant that was approved with the Crossroads Housing Development Corporation for a Low Income Housing Tax Credit Apartment Complex. Development to break ground in March, 2003 of phase I, of the 78 units of income restricted units. The BSHA is a limited partner in the development of the Limestone Ridge Apartments and purchased the land. Even though it will be income restricted to low income families, it is expected to be the nicest complex in town. Many operating apartment complexes are concerned about the competition.***

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

- Apply for additional Section 8 units should they become available. ***The BSHA had applied for 91 additional Vouchers under the FY 2000 and 2001 Fair Share Allocation, but was unsuccessful due to the scoring process that limited rural community allocations. We also have applied for Mainstream Vouchers for Persons with a Disability. As our current lease-up is above 95% we will again apply when they become available for application.***
- Leverage affordable housing resources in the community through the creation of mixed - finance housing. ***May 2000, the BSHA created a Community Housing Development Organization to do this function. The Crossroads Housing Development Corporation is currently becoming of its own and with its own resources. It now is in the process of receiving over \$350,000 from various grants, including the Affordable Home Program.***
- Pursue housing resources other than public housing or Section 8 tenant-based assistance. ***The BSHA already has taken such measures, and will continue to do so. We have been aggressively seeking resources from every available avenue.***

Other:

- *Joint applicant that was approved with the Crossroads Housing Development Corporation for a Low Income Housing Tax Credit Apartment Complex. Development to break ground in March, 2002 of phase I, of the 78 units of income restricted units. The BSHA is a limited partner in the development of the Limestone Ridge Apartments and purchased the land. It is hoped that it will be completed before the end of calendar year 2002 and open by Spring, 2003. Even though it will be income restricted to low income families, it is expected to be the nicest complex in town. Many operating apartment complexes are concerned about the competition.*

Need: Specific Family Types: Families at or below 30% of median

Strategy 1: Target available assistance to families at or below 30 % of AMI

Select all that apply

- n/a Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing
- Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance. *The BSHA already has taken such measures, and will continue to do so for targeted admissions, as required.*
- Employ admissions preferences aimed at families with economic hardships. *The BSHA already has taken such measures, and will continue to do so. We use Local Preferences for Waiting List preference (former Federal Preferences).*
- Adopt rent policies to support and encourage work. *The BSHA already has taken such measures, and will continue to do so. If on new employment and/or Welfare to Work employment program, income from employment is not counted for six months and/or not at all IAW Workforce or Department of Human Services guidelines. However, have no public housing.*
- Other:
 - *Adopt an additional Local Preference in cooperation with the Texas Workforce Center, Texas Rehabilitation Commission, and Department of Human Services that is geared toward Welfare to Work initiatives. A goal for FY2001, the Board will be again asked to address it for FY2002 - 2003.*
 - *Adopt an additional educational preference that will allow families committed to getting their GED's and toward higher education in exchange for Waiting List preference. A goal for FY2001, the Board will again be asked to address it for FY2002 - 2003.*

Need: Specific Family Types: Families at or below 50% of median

Strategy 1: Target available assistance to families at or below 50% of AMI

Select all that apply

- Employ admissions preferences aimed at families who are working. *Adopt an additional Local Preference in cooperation with the Texas Workforce Center, Texas Rehabilitation Commission, and Department of Human Services that is geared toward Welfare to Work initiatives. The BSHA has a very close working relationship with the TWC.*
- Adopt rent policies to support and encourage work. *The BSHA already has taken such measures, and will continue to do so. If on new employment and/or Welfare to Work employment program, income from employment is not counted for six months and/or not at all IAW Workforce or Department of Human Services guidelines.*
- Other:
 - *Adopt an additional Local Preference in cooperation with the Texas Workforce Center, Texas Rehabilitation Commission, and Department of Human Services that is geared toward Welfare to Work initiatives.*
 - *Adopt an additional educational preference that will allow families committed to getting their GED's and toward higher education in exchange for Waiting List preference.*

Need: Specific Family Types: The Elderly

Strategy 1: Target available assistance to the elderly:

Select all that apply

- n/a Seek designation of public housing for the elderly
- Apply for special-purpose vouchers targeted to the elderly, should they become available. *Unsuccessfully applied for an additional 91, FY 2000-2001 and 2001 – 2002 Fair Share Vouchers where 14 would have been designated as a set aside for SS/SSI applicant recipients. We will continue to apply whenever possible and will do so again when our lease-up exceeds the required 95% thresh-hold.*
- Other: *Applied FY 1999 and FY 2000 for additional 50, Mainstream Vouchers that would be designated for persons with a disability, many of which would be elderly. Unfortunately, this was a by 'lottery' grant and not solely based on demonstrated need within a specific community. We will continue to apply whenever possible. We will continue to apply whenever possible and will do so again when our lease-up exceeds the required 95% thresh-hold.*

Need: Specific Family Types: Families with Disabilities

Strategy 1: Target available assistance to Families with Disabilities:

Select all that apply

- n/a Seek designation of public housing for families with disabilities
- n/a Carry out the modifications needed in public housing based on the section 504 Needs Assessment for Public Housing
- Apply for special-purpose vouchers targeted to families with disabilities, should they become available. Applied FY 1999 and will again FY 2000 for additional 50 Mainstream Vouchers that would be designated for persons with a disability. Unfortunately, this a by 'lottery' grant and not solely based on demonstrated need within a specific community. We will continue to apply whenever possible. We will continue to apply whenever possible.
- Affirmatively market to local non-profit agencies that assist families with disabilities. *The BSHA already has taken such measures, and will continue to do so. The BSHA has a cooperative working relationship with the Texas Rehabilitation Commission, the regional West Texas Centers for Mental Health Mental Retardation, and the regional VA Hospital – all local to Big Spring.*
- Other: (list below)
- *Consider Project-Based Section 8 Voucher Housing as a possibility to expand housing resources. As on January, 2001 Federal Regulations permitted Project Basing up to 20% of allocated housing for up to 10 years. This is understood to be 73 units at most and 'up to' 10 years. (24 CFR 983)*

Need: Specific Family Types: Races or ethnicity with disproportionate housing needs

Strategy 1: Increase awareness of PHA resources among families of races and ethnicity with disproportionate needs:

Select if applicable

- Affirmatively market to races/ethnicity's shown to have disproportionate housing needs. *The BSHA already has taken such measures, and will continue to do so. The BSHA has a close cooperation with membership of the local chapter of the NAACP and the President of our local LULAC is also Commissioner of the Housing Board.*
- Other:

Strategy 2: Conduct activities to affirmatively further fair housing

Select all that apply

- Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units. *The BSHA already has taken such measures, and will continue to do so. We have expanded our operating area to include all of Howard County, vice just the City of Big Spring. This offers further choices of housing within 3 other small townships and other outlying communities that are not yet incorporated.*

Market the section 8 program to owners outside of areas of poverty /minority concentrations. *The BSHA already has taken such measures, and will continue to do so. We encourage landlords to believe that they stand a better chance to have good tenants by working with the PHA Section 8 Voucher program. Landlords are given the right to evict for cause and the PHA, depending on the situation, may elect to terminate the family for up to three years as penalty for not maintaining the property, following the lease, and/or Contracts. At this time only two apartment complexes have not been participating, and they are neither the best or the worst, but of unknown reasoning.*

Other: By causing movement of population by creating additional or rehabilitated housing in areas where there may be a lower minority population or by the development of new housing resources:

- *Consider Project-Based Section 8 Voucher Housing as a possibility to expand housing resources. As on January, 2001 Federal Regulations permitted Project Basing up to 20% of allocated housing for up to 10 years. This is understood to be 73 units at most and 'up to' 10 years. (24 CFR 983)*

- *Joint applicant that was approved with the Crossroads Housing Development Corporation for a Low Income Housing Tax Credit Apartment Complex. Development to break ground in March, 2002 of phase I, of the 78 units of income restricted units. The BSHA is a limited partner in the development of the Limestone Ridge Apartments and purchased the land. It is hoped that it will be completed before the end of calendar year 2002 and open Spring 2003. Even though it will be income restricted to low income families, it is expected to be the nicest complex in town. Many operating apartment complexes are concerned about the competition.*

Other Housing Needs & Strategies: (list needs and strategies below)

(2) Reasons for Selecting Strategies

Of the factors listed below, select all that influenced the PHA's selection of the strategies it will pursue:

Funding constraints. *The BSHA is not eligible for direct HOME or CDBG funds from HUD and must compete for small competitive grants from the Texas Department of Housing and Community Affairs. We do seek grants whenever possible. A MAJOR constraint is that the State's (Texas Department of Housing and Community Affairs) new funding formula is biased toward population and does not address the aging areas in the rural communities. Formerly in region 9, Big Spring is now in Region 12. Region*

12, unfairly, receives the least funding of any other Region in the State of Texas. This also just about nullified our investment with the CHDO as the CHDO, too, could not compete for funding. An application can be submitted, but there is no chance of approval due to the funding formula. Along with the CHDO, we have petitioned the State for review on this matter and subject.

Staffing constraints. *This upcoming year the PHA did lay off one employee and reduce the benefits for all staff and executive director. The administrative fees received for just the Section 8 program is not sufficient to maintain current staffing levels. Additionally, key staff can seldom be kept in place without adequate funding to allow raises. Larger PHA's have greater fund returns due to the sizes of their programs and can employ larger and better paid staff. We have lost several staff to employment at larger PHA's because of salary disparities. Basically, if you don't have the program you don't have the staff as current staff even if they are already tasked to the maximum efficiency. In our case, there isn't enough to adequately fund salary and benefits. With a 42% Voucher turn over, it is a certainty that customer service and daily operations will have to become modified to reflect the constraint. Thereby, we can only take on new initiatives if and when there are staff resources available. THIS CONSTRAINT will significantly impact future endeavors as it will limit taking on new programs.*

Limited availability of sites for assisted housing

Extent to which particular housing needs are met by other organizations in the community. *Although they have been in the Big Spring Community for between 20 to 50 years, depending on the agency, there is virtually no transitional or supportive housing for persons being served by the institutions of the State Hospital, VA Hospital, Mental Health Mental Retardation (MHMR), or the Salvation Army homeless.*

Evidence of housing needs as demonstrated in the Consolidated Plan and other information available to the PHA

Influence of the housing market on PHA programs

Community priorities regarding housing assistance

Results of consultation with local or state government (*Especially concerning Codes Enforcement issues*).

Results of consultation with residents and the Resident Advisory Board (**Very much so**).

Results of consultation with advocacy groups

Other: (list below)

- *Continue with recruitment of owners and landlords. This in itself is a challenge in the small community of Big Spring where minimal HQS exceeds local supported or enforced occupancy codes. It will be necessary to convince owners that compliance, especially Lead Based Paint regulations, is for the improvement of the community, welfare of the families, and also protect personal liabilities.*

-

Consider Project-Based Section 8 Voucher Housing as a possibility to expand housing resources. As on January, 2001 Federal Regulations permitted Project Basing up to 20% of allocated housing for up to 10 years. This is understood to be 73 units at most and 'up to' 10 years. (24 CFR 983)

2. Statement of Financial Resources

[24 CFR Part 903.7 9 (b)]

List the financial resources that are anticipated to be available to the PHA for the support of Federal public housing and tenant-based Section 8 assistance programs administered by the PHA during the Plan year. Note: the table assumes that Federal public housing or tenant based Section 8 assistance grant funds are expended on eligible purposes; therefore, uses of these funds need not be stated. For other funds, indicate the use for those funds as one of the following categories: public housing operations, public housing capital improvements, public housing safety/security, public housing supportive services, Section 8 tenant-based assistance, Section 8 supportive services or other.

Financial Resources: Planned Sources and Uses

3. PHA Policies Governing Eligibility, Selection, and Admissions

[24 CFR Part 903.7 9 (c)]

A. Public Housing

Exemptions: PHAs that do not administer public housing are not required to complete subcomponent 3A.

Statement:

The Big Spring Housing Authority does NOT administer Public Housing. . . Go to page 24 for the Section 8 subcomponent.

(1) Eligibility

- a. When does the PHA verify eligibility for admission to public housing? (select all that apply)
- When families are within a certain number of being offered a unit: (state number)
 - When families are within a certain time of being offered a unit: (state time)
 - Other: (describe)
- b. Which non-income (screening) factors does the PHA use to establish eligibility for admission to public housing (select all that apply)?
- Criminal or Drug-related activity
 - Rental history
 - Housekeeping
 - Other (describe)
- c. Yes No: Does the PHA request criminal records from local law enforcement agencies for screening purposes?
- d. Yes No: Does the PHA request criminal records from State law enforcement agencies for screening purposes?
- e. Yes No: Does the PHA access FBI criminal records from the FBI for screening purposes? (either directly or through an NCIC-authorized source)

(2)Waiting List Organization

- a. Which methods does the PHA plan to use to organize its public housing waiting list (select all that apply)
- Community-wide list
 - Sub-jurisdictional lists
 - Site-based waiting lists
 - Other (describe)
- b. Where may interested persons apply for admission to public housing?
- PHA main administrative office
 - PHA development site management office
 - Other (list below)
- c. If the PHA plans to operate one or more site-based waiting lists in the coming year, answer each of the following questions; if not, skip to subsection (3) **Assignment**
1. How many site-based waiting lists will the PHA operate in the coming year?

2. Yes No: Are any or all of the PHA's site-based waiting lists new for the upcoming year (that is, they are not part of a previously-HUD-approved site based waiting list plan)? If yes, how many lists?
3. Yes No: May families be on more than one list simultaneously? If yes, how many lists?
4. Where can interested persons obtain more information about and sign up to be on the site-based waiting lists (select all that apply)?
 - PHA main administrative office
 - All PHA development management offices
 - Management offices at developments with site-based waiting lists
 - At the development to which they would like to apply
 - Other (list below)

(3) Assignment

- a. How many vacant unit choices are applicants ordinarily given before they fall to the bottom of or are removed from the waiting list? (select one)
 - One
 - Two
 - Three or More
- b. Yes No: Is this policy consistent across all waiting list types?
- c. If answer to b is no, list variations for any other than the primary public housing waiting list/s for the PHA:

(4) Admissions Preferences

- a. Income targeting:
 - Yes No: Does the PHA plan to exceed the federal targeting requirements by targeting more than 40% of all new admissions to public housing to families at or below 30% of median area income?
- b. Transfer policies:

In what circumstances will transfers take precedence over new admissions? (list below)

 - Emergencies
 - Overhoused
 - Underhoused
 - Medical justification
 - Administrative reasons determined by the PHA (e.g., to permit modernization work)
 - Resident choice: (state circumstances below)
 - Other: (list below)
- c. Preferences
 1. Yes No: Has the PHA established preferences for admission to public housing (other than date and time of application)? (If "no" is selected, skip to subsection **(5) Occupancy**)
 2. Which of the following admission preferences does the PHA plan to employ in the coming year? (select all that apply from either former Federal preferences or other preferences)

Former Federal preferences:

- Involuntary Displacement (Disaster, Government Action, Action of Housing Owner, Inaccessibility, Property Disposition)
- Victims of domestic violence
- Substandard housing
- Homelessness
- High rent burden (rent is > 50 percent of income)

Other preferences: (select below)

- Working families and those unable to work because of age or disability
- Veterans and veterans' families
- Residents who live and/or work in the jurisdiction
- Those enrolled currently in educational, training, or upward mobility programs
- Households that contribute to meeting income goals (broad range of incomes)
- Households that contribute to meeting income requirements (targeting)
- Those previously enrolled in educational, training, or upward mobility programs
- Victims of reprisals or hate crimes
- Other preference(s) (list below)

3. If the PHA will employ admissions preferences, please prioritize by placing a "1" in the space that represents your first priority, a "2" in the box representing your second priority, and so on. If you give equal weight to one or more of these choices (either through an absolute hierarchy or through a point system), place the same number next to each. That means you can use "1" more than once, "2" more than once, etc.

Date and Time

Former Federal preferences:

- Involuntary Displacement (Disaster, Government Action, Action of Housing Owner, Inaccessibility, Property Disposition)
- Victims of domestic violence
- Substandard housing
- Homelessness
- High rent burden

Other preferences (select all that apply)

- Working families and those unable to work because of age or disability
- Veterans and veterans' families
- Residents who live and/or work in the jurisdiction
- Those enrolled currently in educational, training, or upward mobility programs
- Households that contribute to meeting income goals (broad range of incomes)
- Households that contribute to meeting income requirements (targeting)
- Those previously enrolled in educational, training, or upward mobility programs
- Victims of reprisals or hate crimes
- Other preference(s) (list below)

4. Relationship of preferences to income targeting requirements:

- The PHA applies preferences within income tiers
- Not applicable: the pool of applicant families ensures that the PHA will meet income targeting requirements

(5) Occupancy

a. What reference materials can applicants and residents use to obtain information about the rules of occupancy of public housing (select all that apply)

- The PHA-resident lease
- The PHA's Admissions and (Continued) Occupancy policy
- PHA briefing seminars or written materials
- Other source (list)

b. How often must residents notify the PHA of changes in family composition? (select all that apply)

- At an annual reexamination and lease renewal
- Any time family composition changes
- At family request for revision
- Other (list)

(6) Deconcentration and Income Mixing

a. Yes No: Did the PHA's analysis of its family (general occupancy) developments to determine concentrations of poverty indicate the need for measures to promote deconcentration of poverty or income mixing?

b. Yes No: Did the PHA adopt any changes to its **admissions policies** based on the results of the required analysis of the need to promote deconcentration of poverty or to assure income mixing?

c. If the answer to b was yes, what changes were adopted? (select all that apply)

- Adoption of site based waiting lists
If selected, list targeted developments below:
- Employing waiting list "skipping" to achieve deconcentration of poverty or income mixing goals at targeted developments
If selected, list targeted developments below:
- Employing new admission preferences at targeted developments
If selected, list targeted developments below:
- Other (list policies and developments targeted below)

d. Yes No: Did the PHA adopt any changes to **other** policies based on the results of the required analysis of the need for deconcentration of poverty and income mixing?

e. If the answer to d was yes, how would you describe these changes? (select all that apply)

- Additional affirmative marketing
- Actions to improve the marketability of certain developments
- Adoption or adjustment of ceiling rents for certain developments
- Adoption of rent incentives to encourage deconcentration of poverty and income-mixing
- Other (list below)

f. Based on the results of the required analysis, in which developments will the PHA make special efforts to attract or retain higher-income families? (select all that apply)

- Not applicable: results of analysis did not indicate a need for such efforts
- List (any applicable) developments below:

g. Based on the results of the required analysis, in which developments will the PHA make special efforts to assure access for lower-income families? (select all that apply)

- Not applicable: results of analysis did not indicate a need for such efforts
 List (any applicable) developments below:

B. Section 8

Exemptions: PHAs that do not administer section 8 are not required to complete sub-component 3B. Unless otherwise specified, all questions in this section apply only to the tenant-based section 8 assistance program (vouchers, and until completely merged into the voucher program, certificates).

Statement:

The Big Spring Housing Authority DOES administer Section 8 only.

(1) Eligibility

- a. What is the extent of screening conducted by the PHA? (select all that apply)
- Criminal or drug-related activity only to the extent required by law or regulation
- Criminal and drug-related activity, more extensively than required by law or regulation. *We use Tenant Tracker, Inc. that checks records with the State Department of Public safety (DPS - Austin) and the National Crime Information Center (NCIC- Washington, D.C.).*
- More general screening than criminal and drug-related activity (list factors below): *Work closely with the Area-Wide Drug Task Force, Local Police Department, and Sheriff's Department. In many cases, can pick up the phone and speak to each other, cutting time and red tape.*
- Other:
- b. Yes No: Does the PHA request criminal records from local law enforcement agencies for screening purposes? *However, we tend to use less local information than of the State & National data base since local only gives just that – local.*
- c. Yes No: Does the PHA request criminal records from State law enforcement agencies for screening purposes? *We use Tenant Tracker, Inc. that checks records with the State Department of Public safety (DPS - Austin) and the National Crime Information Center (NCIC – Wash. D.C.)*
- d. Yes No: Does the PHA access FBI criminal records from the FBI for screening purposes? (either directly or through an NCIC-authorized source) *We use Tenant Tracker, Inc. that checks records with the National Crime Information Center (NCIC- Washington, D.C.).*
- e. Indicate what kinds of information you share with prospective landlords? (select all that apply)

- Criminal or drug-related activity. *We do NOT release the specific information but do release that termination/declination to assist is related to criminal activity under the Federal One-Strike program.*
- Other:
 - *We release prior tenancy history such as instances that were resolved but had been a prior violation that had resolution. Unresolved tenants with violations are removed from further assistance for three years and up to five if there has been a continued history.*
 - *We release prior landlord addresses, resolved complaints, and anything else that is allowable under existing regulations.*

(2) Waiting List Organization

(If "No", skip to component 12; if "yes", describe each program using the table below (copy and complete questions for each program identified), unless the PHA is eligible to complete a streamlined submission due to high performer status. **High performing PHAs** may skip to component 12.)

2. Program Description:

Currently, the Big Spring Housing Authority as an Interim Policy located with the Administrative Plan that has expounded on the intent of HUD's decision to create homeownership. In our case, we have taken a step with the intent to prevent the loss of homeownership. For only five Section 8 Vouchers, and as a pilot test program, we have two criteria. This may be increased if successful.

Criteria 1: *First, if the family must have less than 5 years remaining on the mortgage, and have lost employment due to a medical verifiable emergency and be two months in verifiable arrears. They must also be PHA program eligible, the house must pass a HQS inspection, and the mortgage be less than the Rent Standard, or manageable under other Section 8 Criteria (under the 1998 QWHRA Housing Reform). The mortgage company must also accept payment, representing*

the function as landlord, The HAP check is then sent direct to the mortgage company. The participant family must income re-certify under specified guidelines.

Criteria 2: *Second, if a family has fallen victim to losing their jobs due to a company economic layoff due to the closure of a business (especially under NAFTA), closure due to oil field reductions, or closure to the drought. We had three fairly large companies close down, reorganize and/or relocate either to Mexico or a border town due to NAFTA. In this case, assistance is limited to 6 months and the family must work with the Texas Workforce Center for employment and/or employment training.*

Future Plans for Year 2002-2003: The Big Spring Housing Authority is the proud sponsor sister organization, the Crossroads Housing Development Corporation is a state Certified Community Housing Development Organization (CHDO) that will be our partner in developing future Home Ownership Programs. The CHDO will apply through us (BSHA) for Texas Development of Housing and Community Affairs grants for down payment and closing cost assistance. The CHDO will finance and carry the note on tax foreclosed properties that it has received from the local City government and drug seizures. The BSHA expects to pilot a Section 8 Voucher Home Ownership Program under selected guidelines that are yet specifically determined. The CHDO will have the contract written in such a way that HQS Inspections will be expected and required in order to assure properties are maintained in order for families to be eligible to receive Section 8. The CHDO is expected to also work through Fannie Mae and local banks for some underwriting. Fannie Mae representatives met with the CHDO and the BSHA.

The CHDO has been awarded grants in the amount of \$300,000 with much of it earmarked for a 'Fresh-Start' program. Under fresh start, donated homes in the community, derived from either the local city/county government or private donations, will be renovated and sold to low income citizens. Some of these homes may be sold under Section 8 Homeownership.

a. Size of Program

Yes No: Will the PHA limit the number of families participating in the section 8 homeownership option?

If the answer to the question above was yes, which statement best describes the number of participants? (select one)

- 25 or fewer participants.
- 26 - 50 participants. We expect to limit the pilot program to 10% or 36 of the 366 available Section 8 Vouchers currently available, but no more than 50 at anytime.
- 51 to 100 participants
- more than 100 participants

b. PHA-established eligibility criteria

Yes No: Will the PHA's program have eligibility criteria for participation in its Section 8 Homeownership Option program in addition to HUD criteria?

If yes, list criteria below:

The BSHA expects to pilot a Section 8 Voucher Home Ownership Program under selected guidelines that are yet specifically determined. The CHDO will be continuing their Fresh Start program in FY 2002-2003.

12. PHA Community Service and Self-sufficiency Programs

A. Resident Advisory Board Recommendations

1. Yes No: Did the PHA receive any comments on the PHA Plan from the Resident Advisory Board/s?

2. If yes, the comments are: (if comments were received, the PHA MUST select one)

- Attached at Attachment (File name)
- Provided below:**

The Resident Advisory Board met at the Big Spring Housing Authority on the following dates to assess Plan needs:

29 March 24 May 26 July 15 October 08 November 14 December

Letters were sent to all residents inviting their participation on the RAB. Eight persons expressed a high interest in assisting with the Plan, attended and represented the following groups demographically:

Ethnicity:	White 4	Black 2	Hispanic 2
Sex:	Female 5	Male 3	
Elderly (2):	Female 1	Male 1	
Disabled (5):	Female 3	Male 2	
Veteran (1);	Male 1		
Employed (4):	Male 1	Female 3	
Former Homeless (2):	Male 1	Female 1	
Assisted to Program Under Local Preference (3):		Female 2	Male 1

Digital pictures of the Resident Advisory Board are published below.

Led by the Executive Director, the third year FY 2002-2003 Resident Advisory Board met, organized and began the review of the FY 2002 - 2003 Plan. There were five returnee's from FY 2001-2002.

3. In what manner did the PHA address those comments? (select all that apply)

Considered comments, but determined that no changes to the PHA Plan were necessary.

The PHA changed portions of the PHA Plan in response to comments:

Five persons from FY 2001-2002 Resident Advisory Board (RAB) participated from the onset of writing the first Plan. They contributed in the understanding and layout explanations to the four newer members. The information and discussions provided to the participants led to their comments being addressed within the Plan and did contribute to the Plan and/or reaffirmed the 2001-2002 Plan.

One idea that was brought up to consider was to attach a voucher to a unit if an owner was willing to maintain property and then the PHA manage it to make sure it was taken care of. The Director told the Resident Advisory Board that he would be open minded to approaching any owner who would consider committing Project Based Vouchers and told the RAB that THAT regulation allowing it has been approved January, 2002. This partially reaffirmed the plan to do so as prior noted.

In most cases, comments from the Resident Advisory Board (RAB) were consistent to recommendations by the Housing Board of Commissioners, PHA goals, and the FY 2001-2002 Plan.

Noted quite candidly below in topical issues, just as last year, the majority of the RAB wanted stiffer criteria, guidelines, and penalties for resident program abuses.. Generally, most important issues were the same as also noted in the FY 2000-2001 and 2001-2002 Plans: general housing program issues, employment and educational opportunities for younger and healthier program participants; adding a local preferences to include employment, education, and welfare to work; homeownership under the Section 8 Voucher Program; and accessible housing for the elderly and persons with disabilities. Also as noted for the FY 2000-2001 Plan, the majority of the RAB participants felt that there should be a time limitation on housing for those persons of good health and able to learn and gain employment. They also felt strongly that Section 8 Voucher recipients should also have to provide community service, become volunteers in a program of choice, or be enrolled in a continuing education program, in lieu of community service or volunteerism. In all areas, they offered their sincere and honest comments and felt it important that their views become part of the Plan.

There was one new concern that was noted and that was in relation to HQS and Inspections. Five of Eight participants stated that there was concern that the Inspector had become too strict on both owners and tenants and that such stringent inspections were now becoming a barrier to locating decent affordable housing. Three persons stated that they were intimidated by the HQS Inspector and that the Director should monitor his actions more closely. However, all of them agreed that their quality of life had been improved because of the more stringent inspections.

Resident Advisory Comments and Quotes

Resident Advisory Board Comments that are General to Section 8 Vouchers and Housing Assistance Programs

The below comments are as close to quotes as possible. They are candid and reflect a responsible macro point of view of concerned citizens. Some comments identify needs, some offer suggestions, and some indicate that the Big Spring Housing Authority could be doing a better job serving than it does. Nothing has been scrubbed from the comments no matter how pointed.

- **“I had a really hard time finding a place to rent that would accept HUD when I moved. I had to convince my new landlady to take HUD because of my word to really do a lot of the work myself. She said that the HQS Inspector was asking for too much and that it would cost too much. Hardly any of the**

Landlords I spoke to wanted to participate. Worse, they told ME off for calling and asking? I know that last year I was one of the one's who said the prior Inspector was too lax...can't we find a middle ground?"

- “Well, my Landlord covered up and only did just what he had to on the Inspections and didn't do repairs that would last. I know – I saw what he did or I did what I was told to do to help make it pass. I'm guilty myself and its hard to complain when you helped the landlord out, but I needed a place to live. For example, I knew that the roof had a problem before I moved in, knew that he didn't repair the roof, and knew that he just did some painting to cover up on the ceiling. Those wall heaters that he fixed still aren't working right and I'm afraid to use them. Am I the only one to help a landlord out by keeping my mouth shut? I wish I hadn't now. “
- There are a lot of trashy units around where I live on the old Air Base. A lot. But Hillside properties is really starting to make it look better out there? There are a lot of vacant properties owned by them out there...can't they fix them up and give them to 'us' so that we can have more homes on Section 8 out there? I do of my own work and people can really spruce up their places if they felt good enough about it and if they wanted to. I've always left my places better off than I found it.”
- “Just like last year, I'm still concerned about the number of homeless veterans we have here. I know that I'm not supposed to, but I let people crash on my floor all the time, especially when its winter and cold outside. I know I'm responsible, but being homeless like I was before you helped me, I feel like I need to give them a place to sleep at least overnight when its so cold. So, where is the Shelter for the Vets we spoke of last year. The VA still doesn't have a program, either. Ok, they do, but no money.”
- “I think a shelter for battered women and children to stay at so that they don't have to leave town for help is more important, too. People are still having to leave town, work, school, family, and friends just get away to a shelter. You know I spoke about this last year and you mentioned that there were grants out there. What I understand is that our crisis place here doesn't want a shelter. I just don't understand it. Don't they know we have a HUGE problem here? We need a Safe House.”
- “I worked for 18 years before I became Bipolar and disabled. I don't have anything to show for all my degrees and what I used to have. Here I am with so little so show for my time and I want more for me and my dogs. Let's face it, I'm on fixed income and get \$531 a month. How will I be able to buy a house? That's all I get....that and HUD help for rent. I really do want to own

my own home. Has Homeownership gone any further than last year? I really think this group of us should go to your Board of Commissioners and tell them we all want Homeownership!”

- “let’s just get a list of all the old homes in town that no one lives in and ask the City to make the owners given them to us. I can’t believe that so many of these houses still have people being allowed to live in them. You out to see what I see every day. I pick up cans, that’s how I eat. I walk the streets, I don’t drive, but I know every alley and home here in town. There are so many unethical landlords out there and the City is just letting them keep right on renting. There are old folk, and young folk, and a lot of kids. I don’t think the City should leave these places standing just because they (City)(wants to collect taxes on those old shacks.”
- “Another thing, as we are a getting to be older town, too. A LOT old folk are just passing on, either that or cancer is getting them if age don’t. I’ve been seeing whole neighborhoods get bad – one house at a time. Like over there in the area you used to live. One house at a time, people die and they turn into someone’s rent house. The homes don’t sell because who is going to have the money to buy them? Their kids likely have done left town and don’t want to come back. I can’t blame them. But who can buy them and as a rent house, no one is fixing them...just getting the last few years of their being maybe okay. So, maybe we can find a way to get those homes and put them on the program maybe threw Homeownership. Just a thought.”
- “Those new Limestone Ridge apartments probably won’t help out because most the people I know won’t be able to rent them because of bad credit. But it’s a start. But why way out there because how are people going to get to the store and the kids to school? I hope that it won’t turn into another Daven or Heather Apartments. I know that there was a lot of money put into the Heather, but putting people to live down that way won’t help out. That’s a bad side of town and I know that there is a lot of drugs and crime at both THOSE apartments. Speaking on that, the Northside Apartments (the Projects) are still rat-holes, druggies and gangsters are still being let live out there. Don’t they supposed to have Section 8 rules, too, just like ‘us’?
- “You know, I didn’t think about it till now, but there must be a whole lot of people on fixed incomes living here. I’d sure like to know how many. I mean, how many are disabled and elderly that are drawing VA, SS, or SSI disability checks? Almost every family I know, if the parents don’t, or the seniors don’t then one or more of the kids get it? I know we have the VA Hospital, MHMR, and the State Hospital, but that don’t explain all the kids having it does it? Don’t people like this need more resources and government money?”

- “I know a lot of people in town and they have families stack on families living in the same house. They contribute to the family some of the times, but a lot of the time they are taking great grand mom’s SS or SSI and leaving the old with nothing to buy their medicines with. A lot of these families would be homeless if it wasn’t for the fixed incomes the seniors and those who are disabled get each month. I bet if a study was done that we would be able to prove that there are a lot of homeless.”

- Why matter? There aren’t that many homes that will pass HQS inspection anyway, at least not the way they are being inspected now. I am concerned that we won’t have any owners left if we keep on like this. I know that Lead Based Paint is a real issue, but its always been here. So what? WE can’t make them paint all of those old houses. None of the landlords I know will.”

- “Man, I can still remember this old town before Webb AFB closed down. Downtown was busy, all the homes were really nice, there wasn’t no bad side of town, only parts of town where the ‘black folk’, ‘Hispanic folk’ or ‘white folk’ lived. But the town was a good place to live back then. Well, when it closed down it ruined this town and it especially hurt the poorer sides of town where the white folk didn’t live. I think about it not being fair sometimes.”

- “We need to have stores come to town, new businesses, new jobs. We need to find a way to keep our kids in school and get them a way to get a good job. Right now there just isn’t any opportunity here for anyone who has half the intelligence to get an education. Where will they work if the jobs are already filled? Well, they just might not leave town and then they begin to flip burgers or serve tables. Ain’t no pride in that? What is it that we don’t need here in Big Spring? We need better housing, better roads, water, schools, stores, and jobs. What we don’t need is another church. It’s going to take a lot more than prayer to save this old town.”

B. Description of Election process for Residents on the PHA Board

1. Yes No: Does the PHA meet the exemption criteria provided section 2(b)(2) of the U.S. Housing Act of 1937? (If no, continue to question 2; if yes, skip to sub-component C.)

2. Yes No: Was the resident who serves on the PHA Board elected by the residents? (If yes, continue to question 3; **if no, skip to sub-component C.**) *We are a Section 8 Program only. In the past, all families are sent a Letter asking if they are*

interested in serving on the Board of Housing Commissioners. Jointly, between the Mayor and the PHA Secretary, all interested persons are spoken to and the Mayor then appoints his candidate of choice to the Board as Commissioner.

However, as in FY 2001 –2002 Plan, the Resident Advisory Board had just completed assisting with input to the Plan and one of their membership expressed interest to being on the Housing Board of Commissioners. She was so appointed by the Mayor and is still on the Board as a Commissioner. She was also voted to continue as Chair to the Resident Advisory Board for FY 2002-2003.

3. Description of Resident Election Process

a. Nomination of candidates for place on the ballot: (select all that apply)

- Candidates were nominated by resident and assisted family organizations
- Candidates could be nominated by any adult recipient of PHA assistance
- Self-nomination: Candidates registered with the PHA and requested a place on ballot
- Other: (describe) *This year and the future.*

As letter had been sent to all families asking their interest to participate to the Resident Advisory Board (RAB) and FY 2002-2003 Plan development. Last year, one person was interested in being a Commissioner and was subsequently interviewed appointed to the Board by the Mayor. The RAB thus has representation from its membership directly to the Board of Commissioners since the chair of the RAB is also a Commissioner.

b. Eligible candidates: (select one)

- Any recipient of PHA assistance
- Any head of household receiving PHA assistance
- Any adult recipient of PHA assistance
- Any adult member of a resident or assisted family organization
- Other (list)

c. Eligible voters: (select all that apply)

- All adult recipients of PHA assistance (public housing and section 8 tenant-based assistance)
- Representatives of all PHA resident and assisted family organizations
- Other: *Section 8 Only Program. Membership will be selected from the working Resident Advisory Board. Plans are to maintain the Resident Advisory Board and to meet as needed, when needed.*

C. Statement of Consistency with the Consolidated Plan

For each applicable Consolidated Plan, make the following statement (copy questions as many times as necessary).

1. Consolidated Plan jurisdiction: *City of Big Spring and Howard County, Texas, Five Year Plan. The State of Texas Department of Housing and Community Affairs (TDHCA) statewide Consolidated Plan.*
2. The PHA has taken the following steps to ensure consistency of this PHA Plan with the Consolidated Plan for the jurisdiction: (select all that apply)

- The PHA has based its statement of needs of families in the jurisdiction on the needs expressed in the Comprehensive Plan/s.**
- The PHA has participated in any consultation process organized and offered by the Consolidated Plan agency in the development of the Consolidated Plan.
- The PHA has consulted with the Consolidated Plan agency during the development of this PHA Plan.
- Activities to be undertaken by the PHA in the coming year are consistent with the initiatives contained in the Consolidated Plan:

Action Plan for 2000 – 2003, Texas Community Futures Forum (5/1999)
 (Texas Agriculture Extension Service, Texas A & M University System)

The following has been directly quoted from the Action Plan:

The Extension Office facilitated the partnering of citizens, county and city government, state agencies, organizations and other groups through the Texas Community Futures Forum. This process gave residents the opportunity to identify and address the critical issues affecting themselves, their families and their communities.

Many agencies and organizations want input from local residents so that they can better focus their activities and resources. Working together, such groups can plan individual, joint, or coordinated actions to effectively address a community's Critical needs. The role of the Texas Agricultural Extension Service is to assist with this process and, where appropriate, develop programs to address community needs.

The Action Plan identified the following under "Quality of Life Issues" as Critical Community Needs:

Issue Name:	Quality of Life
Objective:	Healthy Social Life for Young Adults
	Create Support Channel for Single parent Families
	Community Housing and Infra-Structure Concerns
	Better Communication Between Organizations & Agencies
	Multi-Cultural Awareness
	Less Night Meetings – More Volunteers
	Form a Grant Writing Team
	Increase Students Graduating and getting Diploma's
	Increase Communication between Parents & educators
Planned Action:	Form a Community Development Corporation as a Community Housing Development Organization to Develop Housing and Remove Aging Structures
	Develop a Club for Young Adults
	Write Grants to Achieve Opportunities
	Plan Multi-Cultural Representation within Organizations
	Increase Money-Making Activities in order to Fund Opportunities for Children
	Seminars on Parenting

	Enforcement Consistent with Policies at All Levels
Resources:	Big Spring Housing Authority
	Howard College
	Texas Workforce Commission
	Texas Agricultural Extension Agency
	City of Big Spring
	Howard County
	Human Service Council
	Local School System
	Women for Progress
Time Frame:	3 to 5 Years

4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: **The following Consolidated Plan Priorities are in Support of the PHA Plan:**
