ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Petersburg Redevelopment and Housing Authority has prepared its annual plan of action to complement both existing activities and to prepare to implement the new initiatives outlined in the 5 Year Plan and the mission statement of the Authority.

Certain of these activities involve the collection, inspection, revision and submission of the Authority's various policies, approaches and procedures to make for a more open and efficient operation.

The Authority will continue with its capital improvement program modernizing its elderly and family facilities and will be developing scattered site housing for inclusion in the existing homeownership program. The completed units are in the process of being marketed and sold. The mixed financing development of Bunker Hill (South Adams Street) is completed and is being marketed to eligible homebuyers and the Wythe Row tax credit housing has been completed and is fully occupied. A new tax credit project, Washington Columns, will be inaugurated which will provide 26 units of elderly housing in the former Robert E. Lee Elementary School and in adjacent buildings, preserving the historic character of the properties and providing additional mixed finance development. The first stage of the Cedar Lawn HOPE I program is physically completed and is marketed and the second stage of the rehabilitation has commenced. It too will be utilizing mixed financing for its completion. The Authority has designated Sycamore Towers as solely elderly housing in the last year and this is one part of a process whereby all of the Authority's physical inventory will be assessed, evaluated and plans for utilization adjusted for the future.

In the area of resident initiatives, the Authority will continue its drug elimination activities, work closely with the existing resident councils to make conditions better in the developments and help them secure funding for independent activities. Also, the Family Self Sufficiency and Economic Development and Supportive Services will be continued, promoting computer skills, GED study, job training, and employment and individual counseling, encouraging additional residents to become self sufficient and productive members of the community with a chance to purchase Authority properties. A HOPE VI option is being studied for the Pin Oaks area and we are preparing an application for a Resident Opportunity and Self Sufficiency program to work in conjunction and in a complimentary fashion with existing resident programs.

Concomitantly, the Authority will be working closely with the City of Petersburg to use its resources to pursue additional development initiatives that will rebound to the benefit of the businesses and residents of the city and the Authority. These initiatives will be continuously evolving and ongoing.

Petersburg Redevelopment and Housing Authority RASS Follow-up Plan 2001

The Petersburg Redevelopment and Housing Authority has developed a follow-up plan to amend deficiencies in its Resident Assessment for the year 2000. The areas to be addressed were in the matters of Communication, Safety and Neighborhood Appearance.

- <u>Communications:</u> The Authority is making a considerable and significant effort to improve communication with residents during the coming year. We have restructured and installed an Family Self Sufficiency Coordinator as well as a new Family Services Coordinator position, both of which were recently filled. We are likewise dedicated to reestablishing resident councils at both of the large family properties which can then serve as a conduit for resident concerns with management.
- <u>Safety:</u> In a like manner the Authority, is reengaging its relationship with the police department and has directed all of its future PHDEG grant funds for public safety and policing. A contract is being negotiated at present which will require a much greater police presence at critical times in the areas where there is the largest amount of crime and open drug use and dealing.
- <u>Neighborhood Appearance:</u> The Authority has already addressed this issue in a significant fashion. The vast bulk of Capital Fund expenditures for the current year were spent on cosmetic and curb appeal projects in our family and elderly properties which also increased accessibility and provided better lighting and defensive spaces in the public areas of these complexes. The work is fundamentally complete.
