An applicant's rejection of a unit because he or she does not want to live in a unit that is in close proximity of a pet owner unit, will not adversely affect his or her position on the project waiting list. However, if an applicant refuses a unit two (2) times for this reason, then he or she will be placed at the bottom of the uniting list. The PHA does not have to offer another unit because of the above -mentioned rejection of a unit.

E. Lease Provisions

1. The leases for all elderly or handicapped tenants will state that these tenants are permitted to keep common household pets in their dwelling units. The pet owner agrees to comply with the PHA's Pet Policy, and fully understands that violation of the PHA's Pet Policy may be grounds for removal of the pet or termination of the pet owner's tenancy (or both), in accordance with the dwelling lease and State and/or local laws.

2. Entry of Premises During Tenancy

The PHA shall, upon reasonable advance notification to the tenant, be permitted to enter the dwelling unit during reasonable hours, if the PHA has received a signed, written complaint alleging (or the PHA has reasonable ground to believe) that the conductor condition of a pet in the dwelling unit constitutes an nuisance or a threat to the health or safety of the occupants of the project or other persons in the community where the project is located.

3. Emergencies

- a. The PHA shall have the right to remove a pet if it becomes vicious, displays symptoms of severe illness, or demonstrates other behavior that constitutes an immediate

5. Nuisance or Threat to Health or Safety

Nothing in the dwelling lease or Pet Policy prohibits the PHA or an appropriate community authority from requiring the removal of any pet from the project, if the pet's conduct or condition is duly determined to constitute, under the provisions of State and/or local laws, a nuisance or a threat to the health or safety of other occupants of the project or of other persons in the community where the project is located.

F. Pet Rule Violation Procedures

1. If the PHA determines on the basis of objective facts, supported by written statements, that a pet owner has violated a rule governing the owning or keeping of a pet, then the PHA will serve a written Notice by sending the Notice by first class mail, or by serving a copy of the Notice to any adult that accepts the Notice at the unit, or by placing the Notice under the door of the unit.

**Progress in Meeting the 5 -Year Plan Mission and Goals**

Our Mission is: **Topromoteadequateandaffordablehousing,economicopportunityanda suitablelivingenvironmentfreefro mdiscrimination.** We have been and will continue to support our mission.

The following describe our goals and objectives and our progress:

**Goal One :** In HUD’s Strategic Goal of increasing the availability of decent, safe and affordable housing, we have attempted to expand the supply of assisted housing. We had an objective to reduce the public housing vacancies. We are currently at 94% occupancy, which is an increase from last year’s 90%. In addition, our delinquencies are down considerably. We also wanted to improve the quality of assisted housing by improving upon our PHAS score. Our score this year was 89, which was up from 85. We also had an objective to renovate or modernize public housing units by spending our Capital Funds. We have done this as well.

**Goal Two :** Under HUD’s Strategic Goal of improving community quality of life and economic vitality, we have a PHA Goal of providing an improved living environment. Our objective is to implement measures to deconcentrate poverty by bringing higher income public housing households into lower income developments. We do this by adhering to our Deconcentration Rule.

**Resident Membership of the PHA Governing Board**

The Fayetteville Housing Authority has appointed resident Patricia Watson to the Board.

**Membership of the Resident Advisory Board**

## ATTACHMENT A

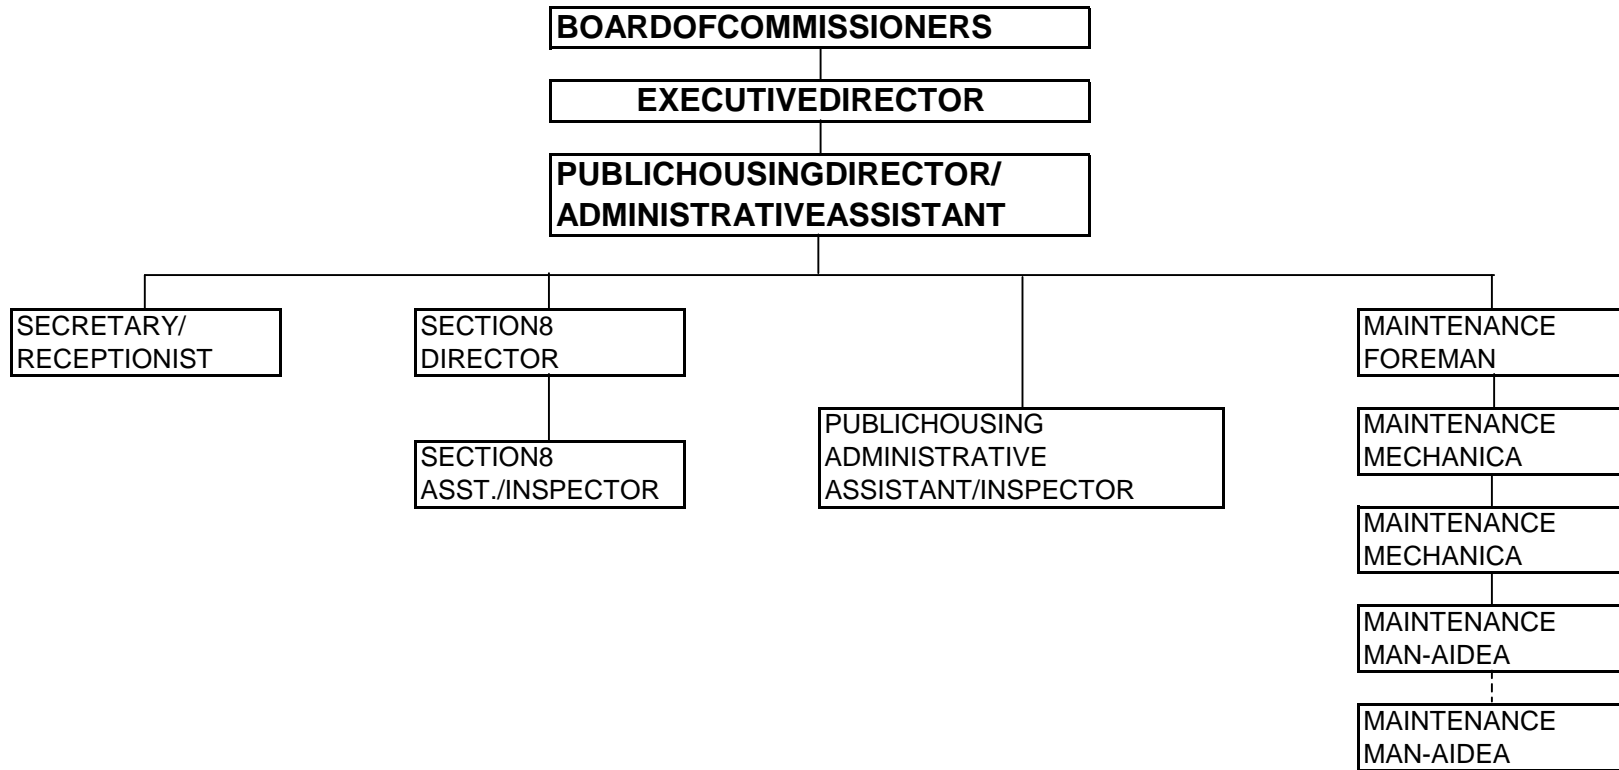

### SECTION XXXI - DECONCENTRATION RULE

The objective of the Deconcentration Rule for public housing units is to ensure that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of high income families in any one development. The specific objective of the housing authority is to house no less than 40 percent of its public housing inventory with families that have income at or below 30% of the area median income by public housing development. Also the housing authority will take actions to ensure that no individual development has a concentration of higher income families in one or more of the developments. To ensure that the housing authority does not concentrate families with higher income levels, it is the goal of the housing authority not to house more than 60% of its units in any one development with families whose income exceeds 30% of the area median income. The housing authority will track the status of family income, by development, on a monthly basis by utilizing income reports generated by the housing authority's computer system.

To accomplish the deconcentration goals, the housing authority will take the following actions:

- (1) At the beginning of each housing authority fiscal year, the housing authority will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the previous housing authority fiscal year.
- (2) To accomplish the goals of:
  - (a) Housing not less than 40% of its public housing inventory on an annual basis with families that have incomes at or below 30% of area median income, and
  - (b) No housing families with income that exceed 30% of the area median income in developments that have 60% or more of the total household living in the development with incomes that exceed 30% of the area median income, the housing authority's Tenant Selection and Assignment Plan, which is a part of this policy, provides for skipping families on the waiting list to accomplish these goals.

### RESIDENT ASSESSMENT FOLLOW UP PLAN

There were two areas from the resident assessments that required a follow-up plan. These were Safety and Neighborhood Appearance.

#### Safety

The Housing Authority employs a night watchman for the high rise. The survey indicated a need for additional site lighting. The Authority added new pole lighting at Morgan Manor. They are also in the process of installing security window screens at Hillcrest Tower.

#### Neighborhood Appearance

The Housing Authority strives to maintain the appearance of its four development sites. The survey indicated a perceived problem with trash, broken glass, parking areas, playgrounds and building exteriors. Since the Fayetteville Housing Authority has three sites in Development 97-1 and the resident assessment results are extremely vague as to the location of the survey results, we will address the problems at all three sites. There will be weekly inspections for broken glass and litter. The trash will be cleaned up by the lawn service personnel. The Authority also has another person hired to collect debris. The residents will be issued a warning about the breaking of bottles on the sites. In addition, the Authority maintains the current recreational facilities and new equipment for the three family sites in the Five Year Plan. Another question below National Average was the exterior of the buildings. Replacement of existing siding at Lew Plaza and Willow Heights is in the five Year Plan. Parking is a problem, but there is no room for additional parking where it is needed.
