ii. Executive Summary

[24 CFR Part 903.7 9 (r)]

At PHA option, provide a brief overview of the information in the Annual Plan

The Sheridan Housing Authority has in the past and will continue in the future to make every attempt possible to utilize its funding to the fullest. Our goal is to be 100% leased at all times and to solicit additional funding when and if it becomes available from HUD in order to offer additional assistance to low income households.

Sheridan has never received funding from HUD tied to the FSS program, but has established a cooperative program with the Englewood Housing Authority to provide FSS program services on a voluntary basis with Sheridan housing participants. We have included in our selection preferences a preference for those that are working, in job training, or are a full-time student. We have done so to encourage self-sufficiency, even at program entry. We plan on continuing our voluntary FSS program as long as program funding availability makes it possible.

When economically feasible, the authority intends to purchase dwellings in need of rehabilitation, rehab them, and then offer them as rentals to Section 8 participants, or to those in need of low rent housing. At the current time, real estate prices are too high to make purchases that will be financially sound.

1. Summary of Policy or Program Changes for the Upcoming Year

In this section, briefly describe changes in policies or programs discussed in last year's PHA Plan that are not covered in other sections of this Update.

No significant changes in policies or programs discussed in last year's PHA plan other than payment standards for mobile spaces have been increased to 110% of FMR. This increase in payment standard reflects current rental market, and lessens the financial burden to our senior housing population.
