COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?

R. That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.

Q. Are you going to plant grass in the spring? Especially where the construction wore it down?

R. The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort

.

Q We need dryer hook-ups.

R Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.

Q. We need a fence across the front of our area to keep the dogs out.

R. That item is already on the list to be done as soon as weather permits.

Q. O.K. That will help a lot.

Q. We need new windows in 5-4.

R. Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.

Q. The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. *Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?*

R. *That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.*

Q. *Are you going to plant grass in the spring? Especially where the construction wore it down?*

R. *The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort*

.

Q *We need dryer hook-ups.*

R *Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.*

Q. *We need a fence across the front of our area to keep the dogs out.*

R. *That item is already on the list to be done as soon as weather permits.*

Q. *O.K. That will help a lot.*

Q. *We need new windows in 5-4.*

R. *Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.*

Q. *The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?*

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.

COMMENTS OF RESIDENT ADVISORY BOARD AND PHA RESPONSE FOR THE Housing Authority of the City of Trinidad

The contents of Small PHA Plan Update was reviewed with all present. Mrs. Veltri explained that his Public Hearing was a requirement with questions and comments being submitted to the Board of Commissioners for approval and then submitted to HUD. Dicussion followed regarding the Plan and then specific questions and answers about things the tenants would like to see done.

Q. *Can a laundry room be built at 2nd and Convent where there is a big piece of concrete?*

R. *That area is in the middle of the yard and over water and sewer lines, In order to construct anything the utility lines would have to be moved and that could be cery expensive, but we will look into the possibility.*

Q. *Are you going to plant grass in the spring? Especially where the construction wore it down?*

R. *The grass will probably come back to life in the spring. If it doesn't look good enough we will seed or sod some of the areas, however if we have water restrictions again next year, it could be a useless effort*

.

Q *We need dryer hook-ups.*

R *Every year we get this request and it is difficult to address the issue. The older units were not constructed to allow for a dryer, so it would require some extensive remodeling and the installation of 220 electrical service to do it properly. As soon as the Architect is with us again I promise we will look at all possibilities and try to find a place for a dryer with the proper hook-ups.*

Q. *We need a fence across the front of our area to keep the dogs out.*

R. *That item is already on the list to be done as soon as weather permits.*

Q. *O.K. That will help a lot.*

Q. *We need new windows in 5-4.*

R. *Yes I know and that is one of the things that we will go back and take care of as soon as possible or as funds permit. This year we did extensive work on 5-4 and simply ran out of money, but hopefully the Capital Fund Program will continue and we can take care of several items that had to be deleted over the years on all the projects that we have worked on.*

Q. *The garbage cans on E. 1st are all right at the front gate. Is there some place else we can put them? What was wrong with where the bid dumpster used to be?*

R. *If you remember we moved the dumpster to the back of the property because the large refuse truck couldn't get to it when it was in front because cars were always parked there. That solution didn't work at all so we went back to individual refuse cans. I will talk to the refuse company and ask them if they would pick up from the other area in front where the dumpster used to be. However you must be aware that the tenants will have to walk further to use the refuse can.*

Q. *Yes, we know but asked about it anyway.*

R. *I will do that and will let you know.*

Everyone was thanked for coming out on such a cold day and the meeting was adjourned.
