PHAs should identify these measures in the space to the right of or below the stated objectives.

HUD Strategic Goal: Increase the availability of decent, safe, and affordable housing.

- PHA Goal: Expand the supply of assisted housing
 Objectives:
 - Apply for additional rental vouchers:
 - Reduce public housing vacancies: There are seventy (70) vacant units of which are all boarded and many in need of extensive repairs. The Authority's goal is to repair and occupy every unit by March 30, 2004. There are 310 applicants on the waiting list.

It should be noted that the PHA has been troubled for a little more than 2 years and significant improvements is needed in every area of the Authority to improve Management, Operations, Finance and Maintenance in order enhance higher levels in our PHAS scores. Many policies and procedures have been developed and implemented to improve management and maintenance. Once fully implemented, PHAS indicators will improve.

Physical Analysis indicates that all sites are in need of Cabinets, Refrigerators, Ranges, Heaters, New Flooring, Etc. All sites have had minimum (at that) repairs and as such are in extreme need of modernization. There are 16 units in Garyville Oaks under complete modernization. We have advertised a RFP to have a Physical Needs and an ADA 504 Compliance Assessment throughout the PHA.

The distribution of extremely low-income residents varies between the four developments from a low of 13% to a high of 45%. The Authority will make every effort to attract higher income applicants to the program.
 - Implement measures to promote income mixing in public housing by assuring access for lower income families into higher income developments:
 - Implement public housing security improvements:
 - Designate developments or buildings for particular resident groups (elderly, persons with disabilities)

Most of our occupied units are also in need of repairs. The repairs are not segregated to specific groups based on race, creed, color, religion, or nationality.

HOUSINGAUTHORITYOFST.JOHNTHEBAPTISTPARISH
AnnualPHAPlanforFiscalyear2003

TheHousingAuthorityofSt.JohnhaspreparedthisAnnualPHAforFY2003, which is consistent to the requirements of Quality Housing and Work Responsibility Act(QHWRA).TheFY2003AnnualPlanaddressesSt.John's policies, programs, services, and capital initiatives and builds on the Agency's progress since QHWRA. The goal of this agency is to provide well-managed, well-maintained, high-quality housing for low-income families. Equally important, are the Authority's efforts to build safe communities that promote economic opportunity and self-sufficiency.

HousingNeeds

The need for additional public and affordable housing in St. John the Baptist Parish community is at crisis proportions. The Housing Authority of St. John is in its birthing stage of developing and implementing a diverse self-sufficiency program. We realize that many of our public housing residents will not become self-sufficient in the foreseeable future due to obstacles of employment, education and training.

St. John has a public housing waiting list of 310 families. We have approximately seventy (70) vacant units in our Vacancy Reduction program and sixteen (16) vacant units in our Modernization Program. Additionally St. John faces a substantial demand for housing units to accommodate families eligible for Section 8 Housing Choice Vouchers. The waiting list was closed in 1999 and purged in 2002. Currently, there are 45 families on the waiting list with only twelve vouchers left to be issued. Given the Parish's history of poverty, unemployment / underemployment, and the reliance and dependency on public and assisted housing, waiting lists of this magnitude may continue for

many years to come. These factors create a sense of urgency for the Housing Authority and other providers of low-income housing in the Parish of St. John to confront the problem in a new innovative and aggressive way. Our PHA 5-year and Annual Plans represent an important framework for addressing this challenge.

Accelerating and Expanding Capital Programs

Under the direction of the newly hired Executive Director modernization work has been accelerated and ranked as a major objective. Work at the Garyville Oaks Apartment has been expedited along with continuing vacancy reduction efforts that will continue authority-wide. St. John will evaluate alternatives and pursue avenue to increase low-income housing resources. We plan to progress in providing housing services to disabled residents through continued compliance with the provisions of voluntary compliance. It is the Authority goal to expedite expenditure and obligation of capital fund allocations, accelerate implementation of all revitalization projects, and seek additional resources for replacement housing.

Building Public Housing Asset Management

St. John is working to provide opportunities for resident self-sufficiency and upward mobility. The continuum of services includes employment initiatives, educational services, youth services, and resident business development.

Improving Public Housing Asset Management

As a core objective, St. John is striving to increase the efficiency of its operations and programs. With respect to the public housing program this is a major thrust to improve the Authority's performance under PHAS. In addition to the vacancy reduction program several initiatives have been undertaken to address agency-wide deficiencies identified through UPCS inspections. These include installation of fire extinguishers, the need to repair sidewalks, parking areas and streets. Diligent management of the budget to actual financial reports continues and efforts are ongoing to more efficiently address work orders, reduce the percentage of uncollected rents, improve unit turnaround, and implement energy conservation measures.

Promoting a Safe and Crime Free Environment in Public Housing

As a core objective, St. John in the absence of PHEDEP Funds still strives to increase the effectiveness of this operation. The Authority is deeply concerned of criminal activity and resident security. The Executive Director is working closely with St. John Parish Sheriff's Department. We are in need of assistance through Operation Safe Home, the ATF, and FBI assistance to expand the coverage of police services on all public housing sites. The Authority's staff is vigorously enforcing the "One Strike" policy. The agency has adopted a "zero tolerance" position toward all illegal and criminal activity.

Improving Utilization and Performance of the Section 8 Program

Efforts are being instituted to increase the Section 8 Housing Choice Voucher Program lease up rate and improve overall efficiency of the program. The administrative Plan is consistent with QHWRRA and St. John is working to improve all aspects of performance under the Section 8 Management Assessment Program (SEMAP) – HUD's assessment tool for measuring program compliance. We will be instituting a marketing program to recruit more landlords into the program. Education of landlords, elected officials, community leaders are an important component of the marketing program. Of

equal importance is the education of program participants. A more aggressive approach to issuing vouchers from the waiting list has begun in order to reach 97% lease -up rate by October 1, 2003.

Collaborating with St. John Housing Authority Residents

We have benefited from a very positive and productive working relationship with its Resident Advisory Board, comprised of public housing resident representatives. Staff is working to include Section 8 residents in the process. RAB meetings are held once a month at each of the various sites during the course of the year under the new administration. They discuss ongoing policies and planning items examples: ACOP and Residential Lease revisions. The RAB played an active role in formulating this FY 2003 PHA Plan –engaging in policy discussions and articulating the housing needs and supportive needs of residents. They newly hired Executive Director will continue to draw upon their collaboration in tackling the issues ahead.

DECONCENTRATIONANDINCOMEMIXING

**DECONCENTRATION AND INCOME TARGETING POLICY
FOR THE
HOUSING AUTHORITY OF ST. JOHN THE BAPTIST PARISH
LAPLACE, LA**
(of the Public Housing Admissions and Occupancy Policy)

The PHA's admission policy is designed to provide for deconcentration of poverty and income mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects. The projects to be affected are those occupied predominately by families with children.

Gross annual income is used for income limits at admission and for income mixing purposes.

Skipping of a family on the waiting list specially to reach another family with a lower or higher income is not considered an adverse action to the family. Such skipping will be uniformly applied until the target threshold is met.

The PHA will gather data and analyze, at least annually, the tenant characteristics of its public housing stock, including information regarding tenant incomes, to assist in the PHA's deconcentration efforts.

The PHA will use the gathered tenant incomes information in its assessment of its public housing developments to determine the appropriate designation to be assigned to the project for the purpose of assisting the PHA in its deconcentration.

If the PHA's annual review of tenant incomes indicates that there has been a significant change in the tenant income characteristics of particular project, the PHA will evaluate the changes to determine whether, based on the PHA's methodology of choice, the project needs to be redesigned as a higher or lower project or whether the PHA has met the de-concentration goals and the project needs no particular designation.

Deconcentration and Income -Mixing Goals.

Admission policies related to the de-concentration efforts of the PHA do not impose specific quotas. Therefore, the PHA will not set specific quotas, but will strive to achieve de-concentration and income -mixing in its development.

The PHA's income -mixing goal is a long -range goal and may not be achieved in the first year of implementation. The PHA will use its annual analysis of its public housing stock and tenant incomes to provide benchmarks for the PHA. (Skipping must be adopted by the PHA to the extent necessary to implement Statute 903.7©.

**PROGRESS IN MEETING THE
5-YEAR PLAN MISSION AND GOALS**

The housing Authority of St. John the Baptist Parish has been able to maintain its mission to promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination through the utilization of the FY 200, 2001, and 2002 Capital Funds and the proper application of its new public housing and Section 8 Housing Choice Voucher policies.

Capital funds are modernizing the developments and future Capital funds will continue in that effort.

HASJP is confident that the agency will be able to meet and accommodate all their goals and objectives in FY 2003. \
