PHAs may select any of these goals and objectives as their own, or y other goals and/or objectives. Whether selecting the HUD-suggested objectives or their own, ARE STRONGLY ENCOURAGED TO IDENTIFY QUANTIFIABLE MEASURES OF SUCCESS IN HING THEIR OBJECTIVES OVER THE COURSE OF THE 5 YEARS. (Quantifiable measures would etargets such as: numbers of families served or PHAS scores achieved.) PHAs should identify these res in the spaces to the right of or below the stated objectives.
	Strategic Goal: Increase the availability of decent, safe, and affordable housing. rtant Note: The Housing Authority of the City of West Hollywood has a long
	ing contract with the Housing Authority of the County of Los Angeles
	CoLA) to administer the Section 8 program. HACoLA, hereinafter, is referred to
as the	Program Administrator.
\boxtimes	PHA Goal: Expand the supply of assisted housing Objectives:
	Apply for additional rental vouchers: <i>HACoLA</i> , as the administrator of the Section 8 program for the City of West Hollywood, will apply for both Fair Share funding and specially targeted funding, as funding becomes available on behalf of the City. Reduce public housing vacancies N/A Leverage private or other public funds to create additional housing opportunities:
	Acquire or build units or developments

Other (list below)

The Housing Authority of the City of West Hollywood is administered by HACoLA. Under the agreement between the City of West Hollywood and the County of Los Angeles, residents of the City of West Hollywood are eligible to receive services from either the City of West Hollywood Section 8 program or the Los Angeles County Section 8 program. The Housing Authority of the County of Los Angeles administers a variety of Special Needs programs and is working with the local TANF agency to bring additional housing resources to Los Angeles County residents. Specifically, HACoLA has been involved with the local TANF agency to develop a program that will assist families to meet relocation cost and receive housing counseling as part of a larger Welfare to Work curriculum. Such services will be available to West Hollywood residents.

\boxtimes	PHA Goal: Improve the quality of assisted housing
	Objectives:

- Improve public housing management: (PHAS score)
- Improve voucher management: (SEMAP score)

HACoLA, as the administrator of the Section 8 program for the City of West Hollywood, will continuously assess the Section 8 program with the intent of improving both SEMAP scores and overall program effectiveness. It is the goal of the Housing Authority to receive a SEMAP score for the Section 8 program in the range of high performer for the next five years and beyond. Specifically, it is the intent of the program administrator to ensure that:

- the program maintains a lease up rate of 98% or better,
- 98% of all annual inspections and re-examinations are completed in a timely manner.
- program participants are adequately advised about mobility opportunities.

To achieve the mobility goal, the Program Administrator will begin to use mapping software to capture program data such as pockets of concentrations. This analysis will be completed within twelve months. Once the areas have been identified, the program administrator will strive to decrease concentration in such areas by a minimum of 10% over the next five years.

Additionally, the Program Administrator will review compliance components such as lease up rate and timeliness of recertifications and inspections on a quarterly basis. If compliance issues are identified internal, the program administrator will immediately implement a plan of action to resolve the discrepancy.

Increase customer satisfaction:

The Program Administrator will implement an annual customer satisfaction survey, modeled after the Section 8 customer service survey. The survey will focus on areas of management such as response times, effectiveness of written materials and overall customer satisfaction. A survey will be developed within one year. Results of survey will be used to evaluate program operation and identify areas where training is needed. In addition to the survey, the Housing Authority will continue to track response to public inquiries. The goal is to respond to written public inquiries within two-weeks, to return telephone inquires within 24 hours, and to reduce complaints overall by at least 10%, on an annual basis.

Concentrate on efforts to improve specific management functions: (list; e.g., public housing finance; voucher unit inspections)

The Program Administrator is committed to eliminating fraud and waste in all rental assistance programs, including the Small Cities programs. Over the next two years, the Housing Authority will increase fraud prevention efforts by strengthening program application materials, providing adequate staff training to all personnel in this area, increasing partnerships with other local government and law enforcement agencies and committing staff to this specific purpose. The goal of the Housing Authority is to initiate investigations into possible fraud within 30 days of the receipt of information.

	Renovate or modernize public housing units: Demolish or dispose of obsolete public housing: Provide replacement public housing: Provide replacement vouchers: Other: (list below)
PHA O	Goal: Increase assisted housing choices ives:
Provide voucher mobility counseling:	

X

X

The Housing Authority of the County of Los Angeles will offer mobility counseling to all participants assisted under the Section 8 Welfare to Work program. Although the City of West Hollywood did not apply for such funding, residents of the City of West Hollywood are eligible to receive assistance under the County program.

Over the next twelve months, HACoLA will evaluate the effectiveness of these services and begin to explore the merits of expanding the program. This will also involve identifying funding for this type of activity on a larger scale. Expansion of the program and a recommendation to provide such services under the Small Cities program will depend on the associated cost. It is noted that such initiatives are currently not funded by HUD. The mobility counseling program offered by the Program Administrator to Los Angeles County Section 8 Welfare to Work families is being funded 100% by the local Welfare agency.

The Program Administrator will acquire the services of a qualified consultant to provide training and written materials in the area of mobility and deconcentration, for the larger Los Angeles County Section 8 program. Such materials will also be available to families assist under the West Hollywood Section 8 program.

Conduct outreach efforts to potential voucher landlords

The Program Administrator will continue to seek opportunities to outreach to potential landlords by increasing participation in area Apartment Association and partnering with City governments. The Program Administrator will increase efforts to participate in city events, particularly in non-impacted area. The Program Administrator will strive to provide Section 8 landlord seminars in non-impacted areas at least annually. These workshops will be open to landlords in the City of West Hollywood and neighboring communities.

☐ Increase voucher payment standards

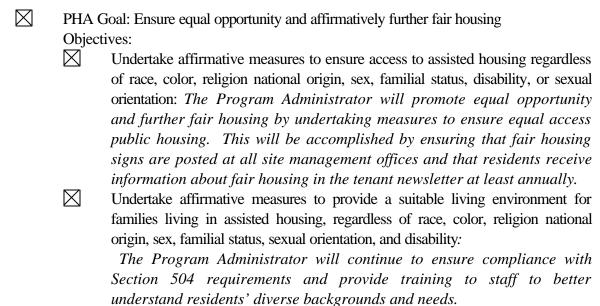

The Program Administrator will review the Voucher Payment Standard at least annually. If local conditions dictate and or program families are experiencing difficulty in locating units, the Housing Authority will increase the payment standards and seek exception rents from HUD, where appropriate.

Implement voucher homeownership program:

The Program Administrator has already begun to research this option. However, it is difficult to finalize plans in the absence of a final rule. Once the regulations from HUD are finalized the Program Administrator will

		 <u>explore</u> the possibility of offering a homeownership program for families in the Small Cities Family Self-Sufficiency program. Other PHA Goals and Objectives: (list below)

The Program Administrator intends to continue to strengthen program integrity for the Section 8 program. This includes implementing additional measures to verify income and assets of program applicants and participants. The Program Administrator conducts criminal background and credit history to ensure accuracy of applicant information and fraud prevention. Over the next five years, the Program Administrator will seek opportunities to enter into computer matching programs with other State and local agencies (i.e. local welfare agencies and SWICAS). It is the goal of this agency to have established a computer matching program with the local Welfare Agency within the three years.

The Program Administrator will also seek to strengthen communications with program participant. The Program Administrator will begin to offer tenant workshops at least annual this year. Additionally, the Program Administrator will develop a customer satisfaction survey within twelve months. The information obtained in the survey will be used to formulate policies to improve our delivery of services.

HUD 50075 OMB Approval No: 2577-0226 Expires: 03/31/2002 Definition of significant deviation – it is the intent of the Housing Authority of the City of West Hollywood and the Housing Authority of the County of Los Angeles to adhere to the goals and objectives outlined in the 5-year strategic plan. However, the plan will be modified and re-submitted to HUD if a significant deviation from program goals and objections occurs. Significant deviation is defined by the Housing Authority as follows:
