24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

A. Substantial Deviation from the 5-year Plan:

A substantial deviation from the 5-Year plan would be if the Board of Commissioners would have substantial changes to their mission statement, goals or objectives, which would then be subject for full public hearing and HUD review.

B. Significant Amendment or Modification to the Annual Plan:

A significant amendment or modification to the Annual Plan would be if the HRA would amend or modify any policies or procedures that would need Board approval. A significant amendment or modification to the Annual Plan would also require the same coordination, certification and public comment requirements as the PHA plan.
