ii. Executive Summary of the Annual PHA Plan

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

In order to attend to the needs of the jurisdiction, the Puerto Rico Housing Department provides eligible families with hygienic and safe and affordable housing. Said housing must comply with housing quality standards, as established by the Department of Housing and Urban Development (HUD). All units must be offered within equal opportunity parameters. The units will be subsidized with funds of HUD’s Section 8 program. In order to qualify for funding, the municipality must comply with all state and federal statutes and regulations. The preparation of the following Plan is required by said statutes and regulations. In this Plan, Section 8 goals and procedures are established. (Note: italic text corresponds to the municipality’s specific strategies).

Mission

The PHA’s mission, as in HUD, is: To promote adequate and affordable housing, economic opportunities and a suitable living environment free of discrimination.

Objectives

HUD’s strategic goal is: To increase the availability of decent, safe and affordable housing.

The PHA’s goals are:

- Expand the supply of assisted housing: apply for 100 additional “vouchers”, according to availability in HUD.
- Improve voucher management: (SEMAP score) 90 points.
- Increase customer satisfaction: Conduct 2 annual meetings with tenants.
- Improve specific management functions by decreasing inspection time by 1 day.
- Conduct outreach efforts to potential voucher landlords by conducting 1 annual orientation meeting with them. Publish notice to prospective landlords in general circulation newspaper.
- Increase voucher payment standards: Conduct a market study for low rent areas.
- Implement voucher homeownership program: Implement the new homeownership program as soon the final rule is approved. Combine federal funds with state funds for down payment and closing costs assistance.
- Promote self-sufficiency and asset development for families in assisted housing. This will be achieved by attracting and providing supportive services to improve assistance recipients’ employability: Forge alliances with public and private organizations that provide educational services that serve as support for the renters.
Atract and provide supportive services to increase independence for the elderly or family with disabilities. Forge alliances with public and private organizations that provide educational services that serve as support for the renters. Ensure that all cases comply with equal opportunity and fair housing objectives: Publish notices indicating that housing vouchers are available regardless of race, color, religion, national origin, gender, familial status, and disability.

**Housing Need**

In the Puerto Rico Housing Department, a total of 141,239 families have an income of less than 30% of the Annual Median Income (AMI) of Puerto Rico. In addition, 45,175 families have an income between 30 and 50% of the AMI, and, 26,420 have an income between 50 and 80% of the AMI. Also, 25,016 elderly households were accounted for which have a need for subsidized housing.

**Specific Strategies by Needs**

1) **Need due to shortage of affordable housing for eligible populations**:

Maintain or increase Section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction. *At this moment in some areas of the jurisdiction are facing difficulties in finding affordable unit due to low FMR. A market study will be conducted to identify those areas. The results will be present to HUD to request a higher rent (FMR = Payment Standard) in those areas.*

Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size requirements: *The PHA will identify housing units based on the unit size needed by the families.*
Maintain or increase Section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration. The PHA will publish notices inviting owners to participate in the program. At least one orientation meeting will be conducted to inform potential landlords of leasing opportunities. Participate in the Consolidated Plan development process to ensure coordination with broader community strategies. Participate in the preparation of the Consolidated Plan Public.

Increase the number affordable housing units by applying for additional Section 8 units should they become available. The External Resources Office of the Puerto Rico Department of Housing will apply to NOFA’s for additional vouchers.

2) Specific needs of families at or below 30% of the AMI:

Employ admission preferences aimed at families with economic hardships. Adopt rent policies to support and encourage work.

3) Specific needs of families at or below 50% of the AMI:

Employ admission preferences aimed at families who are working.

4) Special-purpose vouchers:

Apply for special-purpose vouchers for the elderly and persons with disabilities, should they become available. Affirmatively market to local non-profit agencies that assist families with disabilities.

5) Disproportionate housing needs of races and ethnicities:

Conduct activities to affirmatively further fair housing: Counsel Section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units. Market the Section 8 program to owners outside of areas of poverty/minority concentrations.

Reasons for Selecting Strategies

- Evidence of housing needs as demonstrated in the Consolidated Plan and other information available to the PHA.
- Community priorities regarding to housing assistance.
- Results of consultation with local or state government.
- Results of consultations with residents and the Resident Advisory Board.
Results of consultations with advocacy groups.

### C. Strategy for Addressing Needs

Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR** and the Agency’s reasons for choosing this strategy.

To address the housing needs of families in the waiting list we will improve the turnover time for issuing the vouchers. Also we will improve the occupation percentage to near 100%. We will conduct a market study to try to increase the FMR and Payment standards. These specific strategies will improve the issuing of certificates, decrease time to find and lease a unit.

(1) Strategies

**Need:** Shortage of affordable housing for all eligible populations

**Strategy 1.** Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- [ ] Employ effective maintenance and management policies to minimize the number of public housing units off-line
- [ ] Reduce turnover time for vacated public housing units
- [ ] Reduce time to renovate public housing units
☐ Seek replacement of public housing units lost to the inventory through mixed finance development
☐ Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
☒ Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction.

At this moment families in some areas of the jurisdiction are facing difficulties in finding affordable unit due to low FMR. A market study will be conducted to identify those areas. The results will be presented to HUD to request a higher rent (FMR = Payment Standard) in those areas.

☒ Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required

The PHA will identify housing units based on the size needs of the families in waiting list

☒ Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration

The PHA will publish notices inviting owners to participate in the program. At least one orientation meeting will be conducted to inform potential landlords of leasing opportunities.

☐ Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program

☒ Participate in the Consolidated Plan development process to ensure coordination with broader community strategies

Participate in the preparation of the Consolidated Plan

☐ Other (list below)

Strategy 2: Increase the number of affordable housing units by:
Select all that apply

☒ Apply for additional section 8 units should they become available

The external resources office of the Puerto Rico Department of Housing will apply to NOFA’s for additional vouchers.

☐ Leverage affordable housing resources in the community through the creation of mixed - finance housing

☐ Pursue housing resources other than public housing or Section 8 tenant-based assistance.

☐ Other: (list below)

Need: Specific Family Types: Families at or below 30% of median
Strategy 1: Target available assistance to families at or below 30% of AMI
Select all that apply

☐ Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing
☐ Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance
☒ Employ admissions preferences aimed at families with economic hardships
☒ Adopt rent policies to support and encourage work
☐ Other: (list below)

Need: Specific Family Types: Families at or below 50% of median

Strategy 1: Target available assistance to families at or below 50% of AMI
Select all that apply
