#### C.St rategyforAddressingNeeds

 $\label{lem:provideabriefdescription} Provideabriefdescription of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the provide abrief the provided by the provided HTML provided by the provided BTML provided by the provided BTML provided BTML$ 

The Housing Authority of Florence is part of the entire housing effort for the community. While we alone cannot meet every need, we will address some of the identified needs by using appropriate resources to maintain/upgrade/replace our existing stock. We will cont inue to provide housing assistance to meet the housing needs throughout our jurisdiction through rental of public housing and housing choice

vouchers. When appropriate and feasible, we will apply for additional grants and lo as from federal, state, and lo cal sources, including private sources to help add to the affordable housing available in our community. We intend to continue to work with our local partners to try to meet these identified needs.

## 19.Definitionof"SubstantialDeviation"and"Significant AmendmentorModification"

[903.7r]

Substantial deviation or significant modifications are defined as actions taken by the Housing Authority that are authorized by the board as being in the best interest of the Housing Authority that were not included in the original goals and objectives of the Five-year plan.

#### 20.Attachments

Usethissectiontoprovideanyadditionalattachmentsreferencedi nthePlans.

<u>Attachment"A"</u>, Admissions Policy for Deconcentration (This is included in our current ACOP and the following is an excerpt from it.)

#### 10.4 **DECONCENTRATIONPOLICY**

It is Housing Authority's policy to provide for deconcentration of povert yand encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we may skip families on the waiting list to reachother families with allower or high herincome. We will accomplish this in a uniform and non-discriminating manner.

The Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and high er income people will not be steered toward higherincomedevelopments.

Priortothebeginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

#### 10.5 DeconcentrationIncentives

The Housing Authority may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentrationgoalsofaparticular development.

Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.

## BriefStatementofProgressinMeetingthe5 -YearPlanMissionand Goals

<u>Year Three of our plan</u>. The mission of the <u>Housing Authority of Florence</u> remains the same: To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.

In our Section 8 program, we continue to interact with publi c agencies in leveraging fundingassistance. Weareleveraging fundingassistance using Low -IncomeTaxCredit, HOME, and Washington Mutual funds to manage approximately 72 units of housing for another Non-Profit group. In addition, we are pursing Homeown ershipusingtheseunits. We are pursing HOPWA funds through DHEC. We applied for additional special purposevoucherstargetedtofamily'sw/disabilitiesbutwerenotapproved. Wecontinue to provide counseling as part of our briefing packet as well as on -going information to current clients and a new video presentation this year. We also encourage landlord participation through outreach efforts, making them aware of the program advantages throughworkshops and drop -ins. In Public Housing, we continue touseCapitalFundsto renovate/modernize our public housing units. We continue to provide on -going staff training to improve the quality of Assisted Housing. Specialized training through workshops, colleges & universities, tech and adult education, on -site training, and other educational facilities have been provided and utilized by our staffinal departments.

In our efforts to "Improve community quality of life and economic vitality" and to "Promote self -sufficiency and asset development of famil ies and individuals", we have completed the installation of heating/air units in approximately 250 of our family units with 40 more units nearly complete in 27 -21. We have a full -time Resident Services Coordinator and staff on -site who are providing programs and opportunites to our residents. We continue to house lawen forcement of ficers within our communities with a Boardapprovedpre -determinedrent. Wecontinuetoprovideacomputerlearningcenter on-site for our clients. We continue to provide num erous resident opportunity programs through contracts with other agencies (i.e. recreational/educational). We are providing a much-neededCommunityPolicingprogramthroughtheuseofourPHDEPfunds,which areabouttoexpire. Weareconcerned that with theelimination of this grant, we will not have the necessary funds to support this program at the level needed. We are continuing to maintain affirmative measures that all applicants and/or program participants are treatedequally regardless of race, co lor, religion, national origin, sex, familial status, and disability. We are also seeking problem -solving partnerships with PHA, residents, community, and government leadership as needed.
