VII. ADMISSION PRIORITIES AND SPECIAL CIRCUMSTANCES

A. Deconcentration and Income Targeting

In its assignment of units, the Authority will, to the maximum extent possible, avoid concentration of the most economically and socially deprived families in any one or all of its developments, in an attempt to achieve a broad range of incomes.

1. Applicants will be grouped according to the following priorities based on income ranges:
 - a. Priority 1: Families with incomes between 0% and 30% of the area median income
 - b. Priority 2: Families with incomes between 31% and 80% of the area median income (*target is 60% of admissions*)
 2. As required by the **Quality Housing Responsibility Act of 1998**, at least **40 percent** of the families admitted during the fiscal year **must be** admitted from Priority 1. In order to ensure that at any given time the Authority has not fallen below the required 40%, the following test will be performed prior to each new admission:
 - a. Determine total number of admissions since start of the fiscal year
 - b. Add one to this total (the applicant about to be housed)
 - c. Determine number of families housed to-date with incomes at or below 30% of median
 - d. Divide 3) by 2)
 - 1) if the result is .40 or greater, next admission may have an income greater than 30%
 - 2) If the result is less than .40, the next admission must have an income at or below 30% of median.
 3. In order to prevent or correct concentrations of the lowest income families in any one project or portion of project, the Authority may skip over a Priority 1 family on the Waiting List in order to house a Priority 2 family with higher income.
- B. When selecting a family for a unit in housing designated for elderly families, the Authority will give a priority to elderly and near elderly; in housing designated for disabled families, only disabled families will be admitted.
- C. When selecting a family for a unit with accessible features, the Authority will give priority to families that include disabled persons who can benefit from the unit's features.
- D. If no family needing accessible features can be found for a unit with accessible features, the Authority will house a family not needing the features, subject to the procedures described in the Tenant Selection and Assignment plan, described in **Section XIII** Under this Policy. A non-disabled family in an accessible unit will be required to move so that a family needing the unit features can take advantage of the unit.
- E. Over-Income Families (for PHAs under 250 units). If there are vacant Units and there is no one on the waiting list
1. the Authority will advertise the availability of the unit for 30 days in the

local newspaper

2. a family wanting to lease the unit may do so on a month to month basis until an eligible family applies.
 3. if an over-income family becomes available to fill the unit before the advertising period is up, the Authority will move the family into the unit immediately.
 4. A market rate rent will be charged for the unit.
 5. When an eligible family becomes available, the over-income family will be given 30 days notice to vacate
- F. If determined necessary to increase security within a project, the Authority may rent a unit to a police officer who is not otherwise eligible.
1. Rent and terms of the lease will be negotiated between the Authority and the officer.
 2. Officer must be employed full-time as a professional officer licensed by a federal, state or local government agency.
