ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Montgomery County Housing Authority's goal is to increase the availability of decent safe and affordable housing units for all eligible applicants and participants in accordance with all Fair Housing regulations. Our Annual Plan includes applying for any NOFA's that HUD may publish may this year.

The second most important goal is to lease up and stay leased up to 98%. We hope to obtain this percentage by June 1, 2003. Lease-up has been a problem due to HUD allowed portability and lease-up time factor. There is constant movement and changes in family circumstances.

MCHA plans to hire a part-time person to assist with inspections only. This will relieve current staff to focus on paper work and lease-up.

We have started the planning stages for a Homeownership Program by networking with local banks, loan institution for advice and Homeownership Counselors. This is large endeavor for a small Housing Authority.

The third goal is to increase FSS participation. The main barrier to FSS participation is lack of Staff. HUD has denied request for additional FSS staff for two years. The 127 mandatory FSS Vouchers is impossible to case manage for one person. Half of the families assisted in Montgomery County are disabled and the second half consist of young families and elderly. The disabled and very young family target population of MCHA's FSS Program require more time and resources. We hope with extensive outreach and research for services, that more families will desire participation.

The fourth goal is to improve SEMAP through better management of the financial resources, time and vouchers. Our current rating is Acceptable, however we would like to be a rated a High Score Agency.

MCHA had a Public Hearing on March 18, 2003 with no comments added to added.

1. Statement of Housing Needs

[24 CFR Part 903.7 9 (a)]

Montgomery County Housing Authority has a waiting list consisting of approximately of 155 families. The waiting list has been closed since October 2000. We receive 10 to 15 calls per day requesting to be placed on the waiting list. Based on the 2000 US Census records Montgomery County experienced a 7.4% increase in population from 2000-2001. Past records have indicated a steady continuous increase in the past 20 years.

Just as the Population has increased, so has the cost of living. The rules of supply and demand have controlled the rental rates. Affordable, decent and safe housing is a problem for very low and low-income families, which places these families in need of housing assistance. We predict that within two days of re-opening the waiting list we will have collected more than a thousand applications for housing assistance. This number will cause quite a burden on a small HA that assists only 298 families.

The racial makeup of Montgomery County has changed. Once, white households dominated the County, now only 54.4% are White, 32.0% Hispanic, 11.5% Black, and 2.7 Asian. Based on the HA's demographics, we now need to strongly market to the Hispanic community.

We hope as we get our lease-up under control and better manage the Housing Authority that HUD will see our needs and grant Montgomery County additional Vouchers to assist our very-low income households.

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by

completing the following table. In the “Overall” Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being “no impact” and 5 being “severe impact.” Use N/A to indicate that no information is available upon which the PHA can make this assessment.

B. Housing Needs of Families on the Public Housing and Section 8 Tenant- Based Assistance Waiting Lists

State the housing needs of the families on the PHA's waiting list/s. **Complete one table for each type of PHA-wide waiting list administered by the PHA.** PHAs may provide separate tables for site-based or sub-jurisdictional public housing waiting lists at their option.

Montgomery County 's current waiting list closed October, 2000. The list has decreased to approximately 155 families. We hope by mid summer to reopen the list. We consistently receive 10 to 15 call daily from family needing assistance. The new growth in the County has caused a population increase which causes a greater need for increased affordable housing

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

Montgomery County Housing Authority plans to lease up and stay lease up as much as possible which will relieve the waiting list. HUD allowed Portability and unstable family situations creates constant vacancies. Growth in the County is leading to Homeownership leaving vacancies in rental market. Hopefully the search time will be cut as the market lease-up rate in the community decreases and we will encourage quick lease-up.

MCHA will apply for any NOFA's HUD releases in the following year and hope success in these application will re-leave the list and need in the county. As we are not only concerned for the waiting list but for new families that need assistance but are denied due to a closed waiting list.
