#### A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

### 14. RESERVED FOR PET POLICY

[24 CFR Part 903.7 9 (n)]

#### **Bessemer Housing Authority (HA)**

Dwelling Lease Addendum

#### PET POLICY

This addendum is being executed in accordance of Section XVI of the Dwelling Lease to govern Pet Ownership in Public Housing. As applicable, Section 526 of the Quality Housing and Work Responsibility Act of 1998 (Public Law 105-276, 112 Stat. 2451, 2568 (the Public Housing Reform Act of 1998) added new section 31 (captioned "Pet Ownership in Public Housing") to the United States Housing Act of 1937. Section 31 establishes pet ownership requirements for tenants of public housing other than federally assisted rental housing for the elderly or persons with disabilities. Section 227 of the Housing-Rural Recovery Act of 1983 (12 U.S.C. 1701r-1) (the 1983 Act) covers pet ownership requirements for the elderly or persons with disabilities. This rule does not alter or affect these regulations in any way, nor would the regulation in Section 227 of the 1983 Act apply in any way to Section 31 of the 1937 Act. Section 31 of the 1937 Act is being implemented by adding a new subpart G to 24 CFR Part 960. The following policies must be complied with for pet ownership in the HA:

#### **Section I.** Pet Policy

- A. Pet ownership: A tenant may own one or more common household pets or have one or more common household pets present in the dwelling unit of such tenant, subject to the following conditions:
  - 1. Each Head of Household may own up to two pets. If one of the pets is a dog or cat, (or other four-legged animal), the second pet must be contained

- in a cage or an aquarium for fish. Each bird or other animals, other than fish, shall be counted as one pet.
- 2. If the pet is a dog or cat, it must be neutered/spayed at six (6) months, and cats must be de-clawed three (3) months. The evidence can be provided by a statement/bill from veterinarian and/or staff of the humane society. The evidence must be provide prior to the execution of this agreement and/or within 10 days of the pet becoming of age to be neutered/spayed or de-clawed. Tenant must provide waterproof and leak proof litter boxes for cat waste, which must be kept inside the dwelling unit. Cardboard boxes are not acceptable and will not be approved. The Tenant shall not permit refuse from litter boxes to accumulate nor to become unsightly or unsanitary. Also, the weight of a cat cannot exceed 10 pounds (fully grown) and 20 pounds (fully grown) if the pet is a dog. All other four-legged animals are limited to 10 pounds (fully grown).
- 3. If the pet is a bird, it shall be housed in a birdcage and cannot be let out of the cage at any time.
- 4. If the pet is a fish, the aquarium must be twenty gallons or less, and the container must be placed in a safe location in the unit. The Tenant is limited to one container for the fish; however, there is no limit on the number of fish that can be maintained in the container as long as the container is maintained in a safe and non-hazardous manner.
- 5. If the pet is a cat or dog, it must have received rabies and distemper inoculations or boosters, as applicable. Evidence of inoculations can be provided by a statement/bill from veterinarian or staff of the humane society and must be provided before the executive of this agreement.
- 6. All pets must be housed within the unit and no facilities can be constructed outside of the unit for any pet. No animal shall be permitted to be loose and if the pet is taken outside it must be taken outside on a leash and kept off other Tenant's lawns. Also, all pets must wear collars with identification at all times. Pets without a collar will be picked-up immediately and transported to the Humane Society. All authorized pet(s) must be under the control of an adult. An unleashed pet, or one tied to a fixed object, is not under the control of an adult. Pets which are unleashed, or leashed and unattended, on HA property will be impounded and taken to the local Humane Society. It shall be the responsibility of the Tenant to reclaim the pet and at the expense of the Tenant. Also, if a member of the HA staff has to take a pet to the Humane Society the Tenant will be charged \$50 to cover the expense of taking the pet(s) to the Humane Society.
- 7. Pet(s) may not be left unattended for more than twenty-four consecutive hours. If it is reported to HA staff that a pet(s) has been left unattended

for more than a twenty-four (24) consecutive hour period, HA staff may enter the unit and remove the pet and transfer the pet to the humane society. Any expense to remove and reclaim the pet from any facility will be the responsibility of the Tenant. In the case of an emergency, the HA will work with the resident to allow more that 24 hours for the resident to make accommodations for the pet.

8. Pet(s), as applicable, must be weighed by a veterinarian or staff of the humane society. A statement containing the weight of the pet must be provided to the HA prior to the execution of this agreement.

#### Note:

Any pet that is not fully-grown will be weighed every six months. Also, any pet that exceeds the weight limit at any time during occupancy will not be an eligible pet and must be removed from HA property.

- B. Responsible Pet Ownership: Each pet must be maintained responsibly and in accordance with this pet ownership lease addendum and in accordance with all applicable ordinances, state and local public health, animal control, and animal anti-cruelty laws and regulations governing pet ownership. Any waste generated by a pet must be properly and promptly disposed of to avoid any unpleasant and unsanitary odor from being in the unit.
- C. Prohibited Animals: Animals that are considered vicious and/or intimidating will not be allowed. Some examples of animals that have a reputation of a vicious nature are: reptiles, rottweiler, doberman pinscher, pit bulldog, and/or any animal that displays vicious behavior. This determination will be made by a HA representative prior to the execution of this lease addendum.
- D. Pet(s) shall not disturb, interfere or diminish the peaceful enjoyment of other tenants. The terms, "disturb, interfere or diminish" shall include but not be limited to barking, howling, chirping, biting, scratching and other like activities. This includes any pets that make noise continuously and/or incessantly for a period of 10 minutes or intermittently for ½ hour or more to the disturbance of any person at any time of the day or night. The Housing Manager will terminate this authorization, if a pet disturbs other tenants under this section of the lease addendum. The Tenant will be given one week to make other arrangements for the care of the pet or the dwelling lease will be terminated.
- E. If the animal should become destructive, create a nuisance, represent a threat to the safety and security of other persons, or create a problem in the area of cleanliness and sanitation, the Housing Manager will notify the tenant, in writing, that the animal must be removed from the Public Housing Development, within 10 day of the date of the notice from the HA. If the pet may be a danger or threat to the safety and security of other persons to 10 day notice will be changed to upon receipt of the notice from the HA. The Tenant may request a hearing, which will be handled according to the HA's established grievance procedure. The pet may remain with the tenant during the hearing process unless the HA has determined that the pet may be a danger or threat to the safety and security of other persons. If this determination is made by the HA, the pet must be immediately removed from the unit upon receipt of the notice from the HA.
- F. The Tenant is solely responsible for cleaning up the waste of the pet within the dwelling and on the grounds of the public housing development. If the pet is taken outside it must be on a leash at all times. If there is any visible waste by the pet it must be disposed of in a plastic bag, securely tied and placed in the garbage. If the HA staff is required to clean any waste left by a pet, the Tenant will be charged \$25 for the removal of the waste.

- G. The Tenant shall have pets restrained so that maintenance can be performed in the apartment. The Tenant shall, whenever an inspection or maintenance is scheduled, either be at home or shall have all animals restrained or caged. If a maintenance person enters an apartment where an animal is not restrained, maintenance shall not be performed, and the Tenant shall be charged a fee of \$25.00. If this same situation again occurs, the pet shall be removed from the premises. Pets that are not caged or properly restrained will be impounded and taken to the local Humane Society. It shall be the responsibility of the Tenant to reclaim the pet and at the expense of the Tenant. Also, if a member of the HA staff has to take a pet to the Humane Society the Tenant will be charged an additional \$50 to cover the expense of taking the pet(s) to the Humane Society. The housing authority shall not be responsible if any animal escapes from the residence due to maintenance, inspections or other activities of the landlord.
- H. Pets may not be bred or used for any commercial purposes.

#### Section II. SCHEDULE OF FEES AND DEPOSITS

FEE AND DEPOSIT SCHEDULE

(A fee and deposit is required for each pet)

Type of Pet	Fee	Deposit
Dog	\$150	\$250
Cat	\$100	\$150
Fish Aquarium	\$50	\$100
Fish Bowl (Requires no power and no larger than two gallons)	\$0	\$25
Caged Pets	\$100	\$150

Note: The above schedule is applicable for each pet; therefore, if a tenant has more that one pet he or she must pay the applicable pet fee and deposit for each pet.

The entire fee and deposit (subject to the exception listed below) must be paid prior to the execution of the lease addendum. No pet shall be allowed in the unit prior to the completion of the terms of this pet policy. It shall be a serious violation of the lease for any tenant to have a pet without proper approval and without having complied with the terms of this policy. Such action shall be considered to be a violation of paragraph iv (L) of the lease and the HA will issue a termination notice. The tenant will be entitled to a grievance hearing in accordance with the HA's grievance procedure.

If the deposit is more than \$100.00, the head of household may elect to pay \$100.00 at the time of the signing of this addendum and make \$50.00 per month payments until the total deposit is paid. The fee shall not be reimbursed, and the deposit made shall be utilized to offset damages caused by the pet and/or tenant. Any balance, if any, from the deposit will be refunded to the tenant.

## DEFINITION OF SUBSTANTIAL DEVIATION AND SIGNIFICANT AMENDMENT OR MODIFICATION

The following actions are defined as substantial deviation or significant amendment or modification:

#### <u>GOALS</u>

Additions or deletions of Strategic Goals

#### **PROGRAMS**

 Any change with regard to demolition or disposition, designation of housing, homeownership programs or conversion activities

#### **CAPITAL BUDGET**

• Additions of non-emergency work items (items not included in the current Annual Statement or Five Year Action Plan) or change in use of replacement reserve funds.

#### **POLICIES**

• Changes to rent or admissions policies or organization of the waiting list

An exception to the above definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements since such changes are not considered significant amendments by HUD.

### **BESSEMER HOUSING AUTHORITY – TABLE OF ORGANIZATION**

#### Component 10 (B) Voluntary Conversion Initial Assessments

- a. How many of the PHA's developments are subject to the Required Initial Assessments? Six (6)
- b. How any of the PHA's developments are not subject to the Required Initial Assessments based on exemptions (e.g., elderly and/or disabled developments not general occupancy projects)? One (1)
- c. How many Assessments were conducted for the PHA's covered developments? Six (6)
- d. Identify PHA Developments that may be appropriate for conversion based on the Required Initial Assessments: The Bessemer Housing Authority has reviewed each development subject to assessment to determine if conversion would be appropriate or inappropriate based on the cost to operate the units and the ability to fill the units with voucher holders verses occupancy as public housing units. The assessments revealed that it would be very difficult to fill the units at each of the six developments with voucher holders since we have a number of public housing residents applying for vouchers to relocate throughout the community. Also, the cost to operate the Public Housing sites are very close to the Section 8 operating costs and less in certain developments. Therefore, it has been concluded that conversion would be inappropriate for each of the six developments in question.

#### Statement of Progress in Meeting the 5-Year Plan Mission and Goals

The Bessemer Housing Authority is making significant progress in meeting the 5-Year Plan Mission and Goals. Monthly crime statistics continue to show improvement in reducing crime and drug-related criminal activity in Public Housing. Reports consistently show that less than nine percent of the crime occurring in the City of Bessemer occurs on public housing property. The percentage is even less for drug-related criminal activity. The housing conditions in the Bessemer Housing Authority continue to improve each year as evidenced by our REAC Annual Inspection scores. This provides evidence that we are meeting our mission of providing decent, safe, and sanitary housing for eligible families. The housing authority continues to operate a voluntary FSS program for public housing residents and a mandatory FSS program for Section 8. Our minimum program size for Section 8 is currently 26 participants. Our plan is to continue both programs in an effort to promote self-sufficiency and economic independence for residents.

The Bessemer Housing Authority plans to apply for additional rental vouchers at our earliest opportunity. During the past three fiscal years, we have achieved a 97% lease-up rate and feel that we are now in position to administer additional vouchers and expand the supply of assisted housing in our area. Our public housing occupancy rate continues to suffer due to abnormally high move-out rates. On one hand this is good because the majority of the move-outs are moving to homeownership and self-sufficiency. On the other hand, the move-outs consistently double our move-ins on a monthly basis. This is compounded by the fact that the majority of the applicants can only move-in at a certain time of the month when they have the money for deposits, etc. We are constantly working to devise avenues that will speed up the move-in process while not compromising the necessary checks that are required. Our move-in percentage has increased during the month of March 2004. Our waiting list has been closed to facilitate the move-in process.

The goal of increasing our scores for public housing and voucher management has been met. Our goal now is to continue this improvement and settle for nothing less than high performer status. Customer satisfaction surveys conducted by HUD continue to improve and show that our residents are being provided the services they deserve and desire. We are currently in the process of renovating and upgrading our public housing units by the installation of new heating and cooling systems, the refurbishing of bathrooms, and the modernization of community centers.

Significant efforts have been made to reach out to current and potential voucher landlords in our area. We constantly communicate with them about changing requirements and the benefits the program can provide them. We view our relationship with landlords as a partnership and realize that our program can't be successful without them. Our voucher payment standard is currently at 100% of the FMR and our goal is to increase it to 110% of the FMR as market studies allow. Our approach to increasing the payment standard is one of caution, however to keep from inflating the local rental market. Property values in our area are consistently lower than surrounding communities and that is reflected in our

payment standard. As our rent reasonableness studies allow, the payment standard will be increased.

Our goal of bringing higher income residents into lower income developments has been successful. Six of our seven developments are at or above 85% of the area median income. Our system of a HA wide waiting list has helped to spread families of different incomes through our various communities. Security within public housing has been deminished by the termination of our contract with the local police department in conjunction with the termination of the Drug Elimination Program funding. However, some physical improvements, perimeter fencing and security camera installation, recently completed at two of our developments have enhanced security. Additional security lighting and improved security screen door locks are planned to further increase security.

The Bessemer Housing Authority takes pride in its efforts to ensure equal opportunity and affirmatively further fair housing. We provide training for our staff, residents, and applicants to insure non-discrimination in accessibility to housing under our administration. We are also in compliance with handicap accessibility requirements.

### **Component 3, (6) Deconcentration and Income Mixing**

a. X Yes No:	Does the PHA have any general occupancy (family) public housing developments covered by the deconcentration rule? If no, this section is complete. If yes, continue to the next question.
b. Yes No:	Do any of these covered developments have average incomes above or below 85% to 115% of the average incomes of all such developments? If no, this section is complete.

If yes, list these developments as follows:

Deconcentration Policy for Covered Developments			
Development Name:	Number of Units	Explanation (if any) [see step 4 at §903.2(c)(1)((iv)]	Deconcentration policy (if no explanation) [see step 5 at §903.2(c)(1)(v)]
J I Cobb Gardens	60	Small Development with a majority of working families.	Average income of waiting list and applicants suggests that no plan is needed.
Asbury Howard	66	Small Development with a majority of working families	Average income of waiting list and applicants suggests that no plan is needed.
