[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Phenix City Housing Authority is a medium PHAS standard performer agency located in Russell County, Alabama. The PCHA manages 940 units of public housing at seven developments.

The mission of the Phenix City Housing Authority is:

To promote adequate and affordable housing without discrimination for low-income, very low-income families, persons with disabilities and the elderly.

The PCHA will accomplish its mission ideals through its goals and objectives:

1. Provide decent, safe and affordable housing in the community.
2. Ensure equal opportunity in housing for everyone.
3. Promote self-sufficiency and asset development of financially disadvantaged families and individuals
4. Increase resident participation through resident council and/or advisory committee
5. Provide timely response to residents' request for maintenance problems
6. Continue to enforce the "One Strike" policies for residents and applicants
7. Improve and/or maintain financial stability through aggressive rent collections and improved reserve position

The PCHA's financial resources include an operating fund, capital fund, bond participation, dwelling rental income and Section 8 administrative fees which will be used to operate the agency in the most cost effective means possible and still provide the services and activities for its residents.

The PCHA has assessed the housing needs of Phenix City and surrounding Russell County area and has determined that it is currently and will continue to meet the housing needs of the community to the extent practical. The PCHA utilizes its Deconcentration Policy in efforts to attract and encourage applicants that qualify for public housing. The PCHA has determined that its housing strategy complies with the State of Alabama's Consolidated Plan.

The PCHA's Admissions and Continued Occupancy Plan, Dwelling Lease and Grievance procedures complies with QHWRA requirements. The authority's established minimum rent is \$50.00. The market value rent study is done annually and the authority's flat/ceiling rent is adjusted accordingly.

The PHCA has conducted a physical needs assessment to determine its modernization requirements and has developed an Annual and Five year action plan to address its capital improvement needs.

The PCHA has certified that it has and will continue to adhere to all Civil Rights requirements and will affirmatively further fair housing. In addition, the PCHA has included a copy of its most recent fiscal year audit report as part of the documentation made available for public review during the 45 days prior to submission of the PCHA's Agency Plan to HUD by July 16, 2004.

The PCHA has developed an effective Asset Management plan to maintain its properties and manage its operation through the proper utilization of the following Annual Plan components:

- Financial Resources
- Operations and Management
- Capital Improvements

### Deconcentration Policy

The Housing Authority of Phenix City has completed its annual analysis of public housing stock and tenant income, compared each development and the results are as follows:

Development	Average Income
5-1R, 5-3	\$ 7,905
5-2, 5-4	\$ 7,921
5-5	\$10,895
5-6,5-8 (elderly complex)	\$10,087

The objectives are:

For public housing units is to ensure that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development. The specific objective of the housing authority is to house no less than 40% of its public housing inventory with families that have income at or below 30% of the area median income by public housing development. Also, the housing authority will take action to insure that no individual development has a concentration of higher income families in one or more of the developments. To insure that the housing authority does not concentrate families with higher income levels, it is the goal of the housing authority not to house more than the area median income. The housing authority tracks the status of family income by development on a monthly basis by utilizing income reports generated by the housing authority's computer system.

To accomplish:

Meeting the goal of deconcentration, the Riverview units are in the process of major renovation, reconfiguration and amenities that will attract families with incomes greater than 30% of the area median income. Frederick Douglass, 5-4 will become a part of the capital funds five year plan for total renovation as well. As vacancies occur in L.P. Stough apartments, new applicants with incomes at or below 30% are being housing in that location.

## **REQUIRED ATTACHMENT F PROGRESS IN MEETING THE F-YEAR PLAN MISSION AND GOALS**

The PHA has been able to maintain its mission to promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination through the utilization of previous Capital Funds, participation in a housing authority bond issue and the proper application of our public housing policies.

We are continuing to address public housing vacancies as well as infrastructure problems very aggressively. We have begun the gutting and reconfiguration of Riverview Apartments with replacement of 60 + year plumbing and sewage pipes, electrical upgrades and drainage issues. Also being addressed is the need for air conditioning of the apartments and provision of amenities not previously offered. With the reconfiguration of the apartment buildings, we are accomplishing some dedensification of a dense development in addition to providing much needed elderly housing.

Capital Funds have been and will continue to be utilized to provide modernization of our properties and our FY2004 application will continue that effort. Our 5-year action plan shows our continuing efforts to provide an adequate and suitable living environment for low income families and the ever growing elderly population.

The PHA has a family pet policy, which provides the opportunity for residents to enjoy pets within a regulated environment. The Community Service program has been implemented and residents falling under these HUD guidelines are being required to perform the necessary community service as indicated in the regulations.

We are seeing great progress toward the goals and objectives of the Authority and will continue to seek ways to assist the residents of this authority.

## **FOLLOW-UP PLAN RESIDENT ASSESSMENT**

Areas of concern expressed by residents through the Resident Survey have been reviewed. The following is being addressed:

### **COMMUNICATION:**

- ə The authority produces a monthly newsletter for the residents. The newsletter has made layout changes to make announcements, reminders and meeting notices more readable and visible.

- ⊖ Notices are more prominently located.
- ⊖ Bi-weekly meetings are held for new and annual renewal residents where a video is shown discussing dwelling leases and regulations. Afterwards, there is a Q&A time.
- ⊖ Housing personnel attend the monthly resident council meetings and are available to answer questions and explain any new requirements or changes.

**HOUSING DEVELOPMENT APPEARANCE**

- ⊖ Residents caught improperly disposing of trash are counseled more soundly and are fined if caught a second time.
- ⊖ More trash cans have been installed in the common areas.
- ⊖ Housing managers perform walk-throughs on a monthly basis to observe and talk with residents living in areas having litter and broken bottles.
- ⊖ The Assistant Maintenance Superintendent makes frequent inspections through each development. Any graffiti found is scheduled immediately for removal. Housing managers are notified if large pieces of old furniture, appliances, etc. are found out by the streets for resident consultation and the Authority's garbage truck is radioed for a pick-up.

The Authority is concerned by the low response rate of 20% in the family developments. In addition to the posters and flyers, our housing managers and resident initiatives personnel have been requested to explain the importance of taking the time to respond to the survey.

**REQUIRED ATTACHMENT G**  
**CRITERIA FOR SUBSTANTIAL DEVIATION AND SIGNIFICANT AMENDMENTS**

**1. Amendment and Deviation Definitions**

24 CFR part 9903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

A. Substantial Deviation from the 5-year Plan:

The Public Housing Authority's (PHA) Definition of Substantial Deviation and Significant Amendment or Modification is as follows:

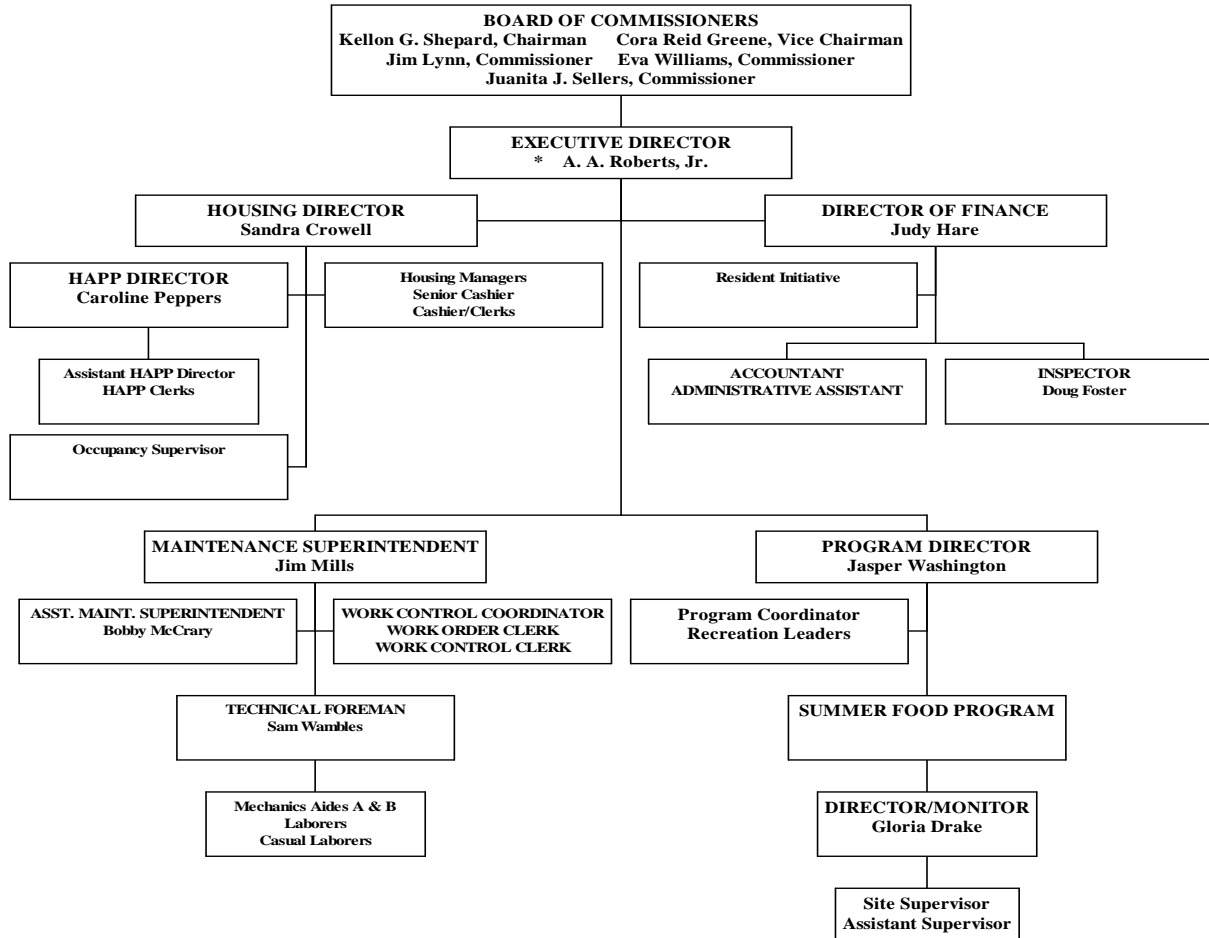

- ⊃ changes to rent or admissions policies or organization of the waiting list;
- ⊃ additions or non-emergency work items (items not intended in the current 5-year action plan) or change in use of replacement reserve funds under the Capital Fund; and
- ⊃ any change with regard to demolition or disposition, designation, homeownership programs or conversion activities.

A. Significant Amendment or Modification to the Annual Plan:

The Public Housing Authority's (PHA) Definition of Substantial Deviation and Significant Amendment or Modification is as follows:

- ⊃ changes to rent or admissions policies or organization of the waiting list;
- ⊃ additions of non-emergency work items (items not intended in the current Annual Statement) or change in use of replacement reserve funds under the Capital Fund; and
- ⊃ any change with regard to demolition or disposition, designation, homeownership programs or conversion activities.
