b. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

- Letter stating Annual Plan is consistent with the Arapahoe County Consolidated Plan.

(4) (Reserved)

Use this section to provide any additional information requested by HUD.

Additional Information Regarding Consolidated Plan

Arapahoe County Consolidated Plan reports that rental housing for LMI persons is very limited and many more rental units are needed now and in the future. Homes affordable to LMI families who would like to purchase a home are also very limited and highly valued. The county has determined attainment of affordable housing is limited by economic, demographic and attitudinal barriers.

Developers are building high-end home because the mark-up is greater and the demand continues. Limited availability of land for development within certain communities like Littleton: Most of Littleton is built out. Remaining land has been rezoned commercial. Opportunities for construction or reconstruction of housing exist mostly in older neighborhoods.

The average cost of single family homes in Arapahoe County is \$310,700. An affordable mortgage is approximately \$120,00. No homes priced below \$100,000 were constructed in Arapahoe County in 2002.

Most Communities in Arapahoe County want “balanced” housing. This means these communities have determined they have enough affordable housing and desire and support more. These same communities are practicing gentrification of housing. This means these communities

are encouraging the construction of high end housing thereby attracting persons with higher incomes and crowding out persons with lower incomes.

The County has identified the following Strategies:

- 1) Reduce local government barriers to affordable housing
- 2) Increase funding for affordable housing
- 3) Integrate affordable housing
- 4) Revise regulations as necessary to allow accessory units
- 5) Work with non-profit organizations and developers to increase affordable housing supply

The LHA service area is the city of Littleton. The average cost of a home in Arapahoe County is \$310,000. In Littleton, the average cost of a home is approximately \$363,00. In order for home to be affordable to LMI homebuyers, mortgages should be no more than \$120,000. LHA has built and sold houses with mortgages of \$125,000. These houses are deeply subsidized.

Littleton Housing Authority can do little to impact the housing situation in Littleton by using the resources of Section 8 or Public Housing. At this time it appears painfully clear that neither Section 8 nor Public Housing will add more units because the funding is not available.

The Board of Commissioners continue to be committed to creating and retaining affordable housing in Littleton using other LHA resources. Several identified strategies are listed below:

- 1) Purchase rehab and manage apartment that are for sale. Because the units would be owned by a non-profit, the units would be kept affordable.
- 2) Purchase rehab and sell homes in older neighborhoods to LMI families. Eligible Home buyers would have incomes at or below 80% median income. A first mortgage of about \$125,000 would be placed on the property.
- 3) LHA could purchase and demolish substandard housing. The lots could be sold for development or homes could be built by LHA and sold to eligible home buyers.

Other strategies will be identified and implemented. It remains to be seen how successful LHA will be in the future given the recent funding cuts

10. Project-Based Voucher Program

- a. Yes No: Does the PHA plan to “project-base” any tenant-based Section 8 vouchers in the coming year? If yes, answer the following questions.
- b. Yes No: Are there circumstances indicating that the project basing of the units, rather than tenant-basing of the same amount of assistance is an appropriate option?

If yes, check which circumstances apply:

- Low utilization rate for vouchers due to lack of suitable rental units

- Access to neighborhoods outside of high poverty areas
- Other (describe below:)

c. Indicate the number of units and general location of units (e.g. eligible census tracts or smaller areas within eligible census tracts):
