# ORANGE COUNTY DIVISION OF HOUSING AND COMMUNITY DEVELOPMENT

# **EXECUTIVE SUMMARY**

# **PURPOSE**

There is an increasing desire and interest at improving the services provided at Public Housing Authorities (PHA's) throughout the United States. On February 19, 1999, the United States Department of Housing and Urban Development issued regulations implementing provisions of the Quality Housing and Work Responsibility Act of 1998 (QHWRA). The act required that each PHA develop a five (5) year plan with a statement of its mission, goals and objectives. QHWRA also required PHA's to develop an annual plan with a statement of housing needs of the lower income population in its community, along with the strategies, policies and resources to be used in addressing those needs. The goals and objectives of the five (5) year and annual plans are to be consistent with the housing related objectives identified in the Consolidated Plan for Orange County. An integral and essential component of this strategic planning process is input from families currently

FY 2000 Annual Plan Page 1

participating in the Section 8 Program and our local community. Although Orange County, Florida is local municipality, the County's Administration of a Certificate, Voucher and Housing Choice Voucher Programs requires compliance with the requirements of the QHWRA.

# **PROCESS**

The Strategic Planning requirements of the QHWRA provided an opportunity for Orange County to review the current Affordable Housing needs of our community and examine the effectiveness of our existing Affordable Housing Initiatives. Several external and internal stakeholders participated in our efforts to develop goals and objectives that will facilitate the provision of housing for lower income families in Orange County. The goals and objectives identified in Orange County's five (5) year and annual plan are comprehensive in that, it also identifies other social issues that adversely impact the housing needs of lower income families. The attached document represents the five (5) year and annual plans of the Orange County Division of Housing and Community Development.

# **OBSTACLES**

Orange County will continue to grow rapidly in the upcoming years. It is projected that Orange County will need 48,000 new Affordable Housing units by the year 2010. Orange County's Consolidated Plan which is a requirement of the U.S. Department of HUD provides a unified vision for community improvement activities. A review of the data and conclusions of Orange County's Consolidated Plans has identified the following Affordable Housing related obstacles:

- Limited supply of housing for very low/low income families.
   Limited availability and accessibility of affordable housing for elderly
  - and disabled.
- 3. Limited availability of rental units for very low/low income families
- 4. Limited availability of homeownership opportunities for very low/low income families.

In addition to data and conclusions contained in Orange County's Consolidated Plan, we have identified the following additional obstacles:

- 1. Increasing cost of Housing Development
- 2. Increasing Regulatory Fees

Families participating in Orange County's Section 8 subsidized housing program experience several challenges that are now housing related, that impact their ability to obtain suitable housing. Some of these obstacles are as follows:

1.	Below average credit score
2.	Unemployment due to a lack of job skills and job preparedness
3.	Low wages
4.	High level of dependence on Federal Assistance.

# **CONCLUSION**

Planning and Evaluation is an important part of any housing effort. Orange County's five (5) year plan and the annual plan will guide Orange County's housing initiatives under the Section 8 Program. The mission, goals and objectives identified in the plan are consistent with the needs and priorities expressed in Orange County's consolidated plan. The five (5) year and annual plan was prepared with a high level of community involvement and the resulting strategies will improve on the quality of services provided and opportunities available to families participating in the Section 8 Program.?

# 1. Statement of Housing Needs

[24 CFR Part 903.7 9 (a)]

#### A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

# Housing Needs

Like many other communities in Florida, Orange County has experienced an enormous population growth in the past ten (10) years. It is estimated that approximately 1,700 people move to Orange County every month. Orange County's overwhelming population increase creates a high demand for housing, in particular affordable housing. Additional challenges in providing affordable housing, stem from Orange County's tourist based economy and the lower wages paid by this industry. The economic realities of a tourism based economy are increasing job growth with moderate wage growth and a growing increase in demand for housing with limited income to meet housing expenses. The University of Florida's Shimberg Center for Affordable Housing conducted a needs assessment for affordable housing which concluded that by the year 2010 Orange County will have a housing deficit of over 48,000 units affordable to households earning less than \$25,000 per year.
