**ii. Executive Summary of the Annual PHA Plan**

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

*Located in Northwest Georgia, Gordon County has a population of 45,555 (U.S. Census 2001). Gordon County continues to struggle with low adult literacy rates and has rates above the "state rate" in teenage pregnancy. In general, the reality of living and working with statistics such as these is they create the need for low-income housing. The Annual PHA Plan will be to continue to work on meeting the Gordon County low income housing needs with an effort to move towards promoting and encouraging Home Ownership Programs to help the families move from rentals to actual home ownership. To provide affordable housing in an atmosphere conducive to the well being of families by working to ensure that our neighborhoods are safe, clean and drug free; and to work to provide residents an opportunity to receive necessary skills to live independently in society. This PHA plans to do the following in the upcoming year:*

*The Housing Authority has applied for the Federal Ross Grant. If the grant is awarded to this authority these funds will enable the authority to increase the access for the Senior/Disabled population with special needs to a continuum of housing and supportive services in which this grant will*

*help to address their particular housing, economic, health, and special needs.*

*The PHA will also continue maximizing the use of our Family Advocate provided through the Department of Family and Children Services (DEFACS) to eliminate substance abuse in and around the housing area while also using the advocate to make referrals to the appropriate agencies as individual and family needs are identified.*

*For physical site work - the over all plan will be to continue the physical and re-mod work on the interior and exterior of all apartments and buildings as applicable by continuing to apply for modernization funds as they are available. The Authority will strive to keep all units rented within a reasonable time and minimize the turnover days.*

### C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

1. Because we have established a good working relationship with the local supportive services for this area, we believe we are adequately meeting the needs of the low to very low-income families in this county. Our strategy is to continue working closely with these agencies, exchanging information on families we jointly work with to ensure as many families as possible are helped. The communication line between our local health department and Department of Family and Children Services, the schools and other supportive agencies is very strong. As families are identified with housing needs at these agencies, the Housing Authority is notified immediately for assistance. The Housing Authority in turn works to assist each agency with the housing requested for the families in need.
2. The Housing Authority will also continue to partner on special projects with the non-profit *Calhoun Affordable Housing Development Inc.(CAHD)* The Housing Authority created and organized (CAHD) this non-profit entity which in turn developed Eastgate Properties a 56 affordable housing units apartment complex for Gordon County.
