Executive Summary (optional)

[903.7(r)]. If desired, provide a brief overview of the contents of the streamlined 5-Year/Annual Plan.

This is our second 5 year plan encompassing FY 2005 through FY2009. We have attempted to evaluate our current situation in comparison to where we were 5 year ago. Unfortunately we are in a county where it is almost impossible to have any more land zoned for low-income or affordable housing, therefore it is very unlikely that we will have anymore development. We are submitting a plan for the next five years to keep our present properties at a top-notch level in appearance from the curb as well as on the inside of the dwellings. We do continue to receive a high score on PHAS.

We are also submitting our annual plan for the fiscal year ending Sept. 30, 2004. This plan follows the form prescribed by the U. S. Department of Housing and Urban Development and will be submitted to their office upon its approval by the Cumming Housing Authority Board of Commissioners. The first section of the plan addresses information required in a computer based input format. The second section includes supporting documents such as budgets and program plans. The third section encompasses the various policies adopted by the Authority. This plan addresses nearly every aspect of the operations of the Authority. Most of our policies have already been in force. These policies have been reviewed and changes made where needed.

[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000 - 2004.)

1. **Increase the availability of decent, safe and affordable housing:** We have researched the area to see if there is any available property where we could develop some additional housing. We have concluded that even if we could get any property zoned for this purpose, the cost would be prohibitive for the HA to buy. We looked into the GA consortium and the Board of Commissioners voted to not participate at this time due to the cost of participation and again, the lack of available sites. We continue to look for other ways to attain more affordable housing.
2. **Improve the quality of assisted housing:** We continue to maintain a “high performer on PHAS. We are in the process of modernizing the bathrooms in our older units and we have provided central a/c in all units.
3. **Improve community quality of life and economic vitality:** We have brought several higher income households into our development. We have intermixed our higher income households with our lower ones. We are in the process of providing more outside lighting at our developments for security purposes.
4. **Promote self-sufficiency and asset development of assisted households:** Most of our adult household members are now either employed or declared disabled by Social Security. Through our FSS program we have provided supportive services to improve assistance recipients' employability. We have helped three families to home ownership through the FSS program.
5. **Ensure equal opportunity and affirmatively further fair housing:** We welcome all persons regardless of race, etc to apply for public housing. We have a mixture of several races and ethnic backgrounds living throughout our developments. We have four of our fifty units “handicapped accessible.”
6. **Other:** The Cumming Housing Authority continues to be a high performer. We have applied and received Capital funds. We had intended to apply for PHDEP but understand that that is no longer an option. We cooperate fully with our Cumming police department in trying to eliminate any drug activity.
