Attachment C: COMMUNITY SERVICE: REENACTMENT EFFECTIVE 9/2003.

### **COMMUNITY SERVICE**

MD 14/1, 14/2,14/5 & 14/6

Changes to Admission and Occupancy requirements in the Public Housing Program; Proposed Rule Community Service offers public housing residents an opportunity to contribute to the communities that support them. Community service is service for which the individual volunteers.

### **ACTIVITIES:**

The Housing Authority will not limit community service to a single type activity and/or a single location in which the activity is to be performed.

Physical environment of the resident's development, volunteer work in a local school, hospital or child care center working with youth organizations, helping

neighborhood groups on special projects, or participation in programs that develop and strengthen resident self-responsibility such as drug and alcohol abuse counseling and treatment, household budgeting and credit counseling, and English proficiency are possible means of accomplishing community service.

The 1998 Act specifically prohibits political activity as community service.

**Community Service Cont.** 

#### ADMINISTER SERVICE

Each non-exempt adult public housing resident must contribute eight (8) hours for each month of community service or participate in a self-sufficiency program for 8 hours in each month.

This PHA will ensure that its own community service programs as well as program and contracts with third parties are accessible for persons with disabilities.

Instead of managing the entire process, a PHA could link residents with agencies seeking volunteers. Under this approach, the PHA's administrative duties would be limited to monitoring the appropriateness of the service and confirming a resident's participation.

Another alternative is for the PHA to contract with another entity to run the community service program. The contract entity would then perform all necessary administrative functions. The PHA would be responsible to assure contract compliance. PHA's must follow their procurement policies and 24CFR 85.36 to contract out their community service programs.

When for-profit third party contractors are used, the PHA should ensure that the Administrators overseeing the program do not have a financial interest in the entity where community service participants are assigned. The PHA also should ensure that the conditions under which the work is to be performed are not otherwise hazardous, that the work is not labor that would be performed by the PHA's employees responsible for essential maintenance and property services, or that the work is otherwise unacceptable. The Senate Committee Report on this provision noted that community service is not to be perceived as punitive or demeaning activity, but rather community service should be considered as rewarding activity that will assist residents in improving their own and their neighbors economic and social well being and give residents a greater stake in their communities.

**Community Service Cont.** 

#### **GEOGRAPHIC LOCATION:**

The location includes PHA owned property and the community at large, which is the Wicomico County, Maryland Congressional intent is that residents provide service to their own communities.

### **EXEMPTIONS:**

Exemptions include adults who are 62 years of age or older, persons with disabilities, persons engaged in work activities (as defined by section 407 (d) of the Social Security Act), and persons participating in a welfare to work program, or receiving assistance from and in compliance with a State program funded under part A, title IV of the Social Security Act. (For purposes of the community service requirement, and adult is a person 18 years or older.)

This PHA will determine and document residents' exemptions. The PHA will re-verify an adult's exemption status annually. There are, of course, obvious exceptions. For example, an individual exempt by being over 62 years in age would not need re-verification.

Residents must be permitted to change exemption status during the year if their situation changes. For example, unemployed residents if they find work or start a training program.

Persons eligible for a disability deduction are not necessarily automatically exempt from the community service. The 1998 Act defines "disability" very narrowly for the purpose of the community service requirement. Further, the Act states that a person is exempt only to the extent the disability makes the person "unable to comply" with the community service requirement. The Housing Authority must ensure that the community service and self-sufficiency programs are accessible to persons with disabilities.

This PHA will document all exemptions for the resident's file. Community Service Cont.

This PHA will follow the same standards of documentation for exemptions as they do for other verifications.

## **LEASE REQUIREMENTS:**

Under the 1998 Act, public housing leases must have 12 month terms. The lease must be automatically renewable except for noncompliance with the community service requirements. An annual signing process is not necessary.

The public housing lease also must provide for termination and eviction for noncompliance with the community service requirements. Any lease changes (including addenda) must be made in accordance with the provisions of 24 CFR 966.3, including notice to tenants and opportunity for comment.

The Housing Authority will implement this provision for each family at the family's next regularly scheduled annual reexamination on or after October 1, 1999, and for families admitted after October 1, 1999.

This PHA will not renew or extend the lease if a household contains a nonexempt adult who has failed to comply with the community service requirements.

### **DOCUMENTATION:**

Reasonable documentation must be provided to verify the community service requirements. The documentation must be placed in the resident's file at the time of reexamination.

**Community Service Cont.** 

### **NONCOMPLIANCE:**

The Housing Authority will determine, on an annual basis, if non-exempt residents are in compliance. The PHA will permit non-compliant families to correct the noncompliance, and will require the non-compliant adult and the head of household to sign an agreement to make up the hours needed within the next 12 month period.

Continued noncompliance will result in eviction of the entire family, unless the non-compliant family member is no longer a part of the household.

Attachment D: PET POLICY The implementation and effective dates for the new pet policy is May 15, 2001.

Progress in meeting the 5-Year Plan Mission and Goals:

## Goal # 1:

We had a 96% occupancy rate PHA wide in 2003.

The SEMAP 2002 (non-submission receives a zero) The 2003 SEMAP has not be issued as of this date. Our Goal is to reach 90%.

The PHAS 2002 was 55 (Troubled). Our Goal is to reach 90%.

Call backs on daily work orders have been reduced to "0", due to closer monitoring or completed work orders.

Due to the high volume of evictions and move outs our expenses has increased for 2003, a significant decrease in the reserve level has occurred.

The PHA distributes a list of landlords for perspective tenants; prior contact has been made with these landlords to insure they are receptive to the program.

Program information has been mailed to landlords, which would include changes as they occur.

Both Section 8 Coordinators and Occupancy Specialist will be considered for additional training for the year of 2004 or as soon as possible.

## Goal # 2:

As the PHA utilizes its waiting list & places applicants on a time & date basis, deconcentration and income mixing has not been successful to this point. It is the intent of the Authority to work on a 20%/50%/30% income/rent- paying ability range to see progress in these two areas. That is to say that 20% of PHA stock will be designated for moderate higher income households, 50% will be designated to low income households, and 30% will be designated to very—low income households. This goal was adopted/implemented Oct. 16, 2002.

The tenant orientation classes are conducted up to 3 times per year & are designed to provide new residents with empowerment skills through services provided by local agencies & organizations.

The Wicomico County Sheriff department is still patrolling the 14/1 development and the surrounding community. They also report to this

Office any problems concerning the Housing Authority and our units.

There have been no increase of crime reported to this office.

#### Goal # 3:

This authority continue to provide supportive services to new residents.

This authority has agreed to provide people to participate in a no limits program offered by local support service.

The program highlights are:

- Job readiness workshop
- Financial management workshop
- Life management counseling
- Career counseling services
- Job placement services
- Applicants must be 35 years of age.

#### Goal # 4:

In keeping with the requirement s set forth in the HUD regulations 24CFR Part 8 and the Voluntary Compliance Agreement this agency has started the process to make 5% of its housing stock available to mobility-impaired individuals and 2% for the hearing impairment. The renovations are expected to start 4/2004. Monthly reports are submitted to Fair Housing by the 15<sup>th</sup> of each month starting with 2/2004.
