#### (1) Strategies

#### Need: Shortage of affordable housing for all eligible populations

# Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- $\times$  Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

#### Strategy 2: Increase the number of affordable housing units by:

Select all that apply

Apply for additional section 8 units should they become available

Leverage affordable housing resources in the community through the creation of mixed - finance housing

- Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- Other: (list below)

#### Need: Specific Family Types: Families at or below 30% of median

**Strategy 1: Target available assistance to families at or below 30 % of AMI** Select all that apply

  - Other: (list below)

#### Need: Specific Family Types: Families at or below 50% of median

#### **Strategy 1: Target available assistance to families at or below 50% of AMI** Select all that apply

| $\ge$ |
|-------|
| $\ge$ |
|       |

- $\bigcirc$  Other: (list below)

Our authority has observed a need among its elderly residents for supplemental services we believe could best be met by an assisted living facility at one of our developments. [24 CFR Part 903.12 (b), 903.7 (r)]

### A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(*Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000 - 2004.* 

During the past year, the Garfield Housing Authority (GHA) has maintained its progress in achieving the goals and objectives outlined in its Five–Year Agency Plan.

In its efforts to "improve the quality of assisted housing," the GHA has met most of its objectives. It remained a high performer under the 2003 PHAS at a score of 93. It received its targeted passing grade on the PHAS resident survey. The management score on PHAS is 28 out of 30. The improvement to Golden Towers development began with the exterior finished in 2003. The interior has been re-scheduled for 2005, because of an emergency repair to their basement that must be made in 2004.

In its efforts to "increase assisted housing choices," the CHA has continued it's homeownership program. There have been 10 families that have moved out of public

housing and become homeowners. Another resident is in the process to become a homeowner now.

In its efforts to "provide an improved living environment" to its residents, the GHA has continued to avoid a need to implement its deconcentration of poverty policy by continuing to assure that there is no such concentration of poor families in any of our developments. We are also still planning to designate the Golden Towers (34-4) and Belmont Gardens (34-6) developments as "elderly or elderly disabled only."

Finally, in its effort to "promote self-sufficiency and asset development," the GHA has continued its successful computer education program for residents and the after-school program for our youth. In addition, it began a congregate supportive services program for elderly residents. The program, functioning in all three elderly developments, includes hot meals at lunch, housekeeping, transportation services, and wellness programs. We are now looking to begin an assisted living program to provide personal care assistance.

#### **B.** Criteria for Substantial Deviations and Significant Amendments

#### (1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

- a. Substantial Deviation from the 5-Year Plan
- b. Significant Amendment or Modification to the Annual Plan

The Housing Authority of the City of Garfield will consider the following to be changes in its *Agency Plan* necessary and sufficient to require a full review by the Resident Advisory Board and by the Public Hearing process before a corresponding change in the Agency Plan can be adopted.

- 1. Any alteration of the Authority's *Mission Statement*;
- 2. Any change or amendment to a stated Strategic Goal;
- 3. Any change or amendment to a stated Strategic Objective except in a case where the change results from the objective having been met;
- 4. Any introduction of a new Strategic Goal or a new Strategic Objective;
- 5. Any alteration in the Capital Fund Program Annual Plan that affects an expenditure greater than ten percent (10%) of the CFP Annual Budget for that year.

In setting the above criteria, the Garfield Housing Authority intends by "Strategic Goal" and "Strategic Objective" specifically those items under those headings in its *5-Year Plan.* (pp. 1-4.)

Because the Annual Plan already requires annual review by the Resident Advisory Board and by Public Hearing, the Authority believes this annual process sufficient to meet the spirit of the *Quality Housing and Work Responsibility Act of 1998*. It expects that changes to the Annual Plan will be primarily administrative in nature. It believes, however, as shown in item #5 above, that significant changes in its planned modernization expenditures should be subject to a resident/public process.

The Garfield Housing Authority has also reviewed the requirements set out in HUD Notice PIH 99-51. It here incorporates the several additional criteria established by HUD for "substantial deviation" and "significant amendment or modification" to its Agency Plan. The GHA will also consider the following events to require a public process before amending such changes to its Agency Plan.

- changes to rent or admissions policies or organization of the waiting list;
- additions of non-emergency work items (items not included in the current Annual Statement or 5-Year Plan) or change in use of replacement reserve funds under the Capital Fund;
- ➤ any change with regard to demolition or disposition , designation, homeownership programs or conversion activities.

The Housing Authority of the City of Garfield acknowledges that an exception will be made by HUD to compliance with the above criteria for any of the above changes that are adopted to reflect changes in HUD regulatory requirements; such changes will not be considered significant amendments by HUD.

Under this Annual Plan there are only two changes or **significant amendments** to the Annual Plan. The first change is the addition of homelessness as a former Federal admission preference to the preferences granted by the GHA. It will be rated a 2 and veterans and their families will be rated as a 3 and not a 2 preference. Please see page 15. The second change is that the GHA is planning to include an elderly service coordinator in their operating subsidy using Part D, line 3 of Form HUD-52723. This will be included in the operating subsidy if it is finalized and approved by HUD and congress for the FY 2004.

All residents will be notified that this is a change that is being considered and their options will be solicited. It will also be announced in the ad concerning the availability of the annual plan and all attachments for inspection and at the public hearing that is scheduled for December 4<sup>th</sup>.

#### (3) PHA Statement of Consistency with the Consolidated Plan

```
[24 CFR Part 903.15]
For each applicable Consolidated Plan, make the following statement (copy questions as many times as necessary).
```

#### **Consolidated Plan jurisdiction:** (provide name here)

a. The PHA has taken the following steps to ensure consistency of this PHA Plan with the Consolidated Plan for the jurisdiction: (select all that apply):

- The PHA has based its statement of needs of families on its waiting list on the needs expressed in the Consolidated Plan/s.
- The PHA has participated in any consultation process organized and offered by

- The PHA has consulted with the Consolidated Plan agency during the development of this PHA Plan.
- Activities to be undertaken by the PHA in the coming year are consistent with the initiatives contained in the Consolidated Plan. (list below)

The FY 2000-2004 Bergen County Consolidated Plan makes several observations that directly address how programs at the Garfield Housing Authority carry forward initiatives included in the Consolidated Plan. The Consolidated Plan directly applauds several Garfield Housing Authority programs that are an integral part of the county's housing strategy.

The Consolidated Plan points out the shortage of affordable housing in Bergen County. It points out that while the quantity of affordable housing has increased two percent (2%) in recent years, the number of families needing such housing has increased four percent (4%), or at twice that rate. (p.28)

The Consolidated Plan also observes, "Bergen County has a tremendous affordable housing need for both non-homeless and homeless populations.... It is incredibly expensive to live in the New York City area. Bergen County is no exception to this." (p. 45)

"In virtually all of the consultation and needs hearings held, housing was the #1 priority ... particularly for the following: elderly, frail elderly, severe mental illness, domestic violence victims, developmentally disabled, and physically disabled.... Elderly housing was the overwhelmingly stated need.... Additionally, there is a housing need for smaller families, particularly female-headed households." (p. 49)

Later in its Plan, Bergen County mentions several specific Garfield initiatives.

| It repeats the Garfield HA's mission statement.   | (p. 73) |
|---|---------|
| It summarizes Garfield HA's goals and objectives. | (p. 77) |

It indicates that the Garfield HA participates in the Bergen County American Dream Program, and specifically cites residents at Pulaski Court and Marzitelli Court developments that have participated in the program. (p. 82)

It indicates that the Garfield HA "provides services to their elderly residents in their senior buildings.... Garfield also participates in the County's Senior Services lunch program" The Consolidated Plan also references the Garfield HA greenhouse project as an effort at community development. (p. 85)

Through its public housing program, the Housing Authority of the City of Garfield directly address the Bergen County need for affordable housing for the elderly, for families with special needs, and for small families headed by women. In addition, despite its modest size and limited budget, the GHA has a developed other laudable programs which the County applauds in its Consolidated Plan, and that address the housing, social, and developmental needs of its residents.

b. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

In addition to the observations above, the *Bergen County One Year Action Plan, Executive Summary* cites the significance of GHA's funding for the Capital Fund Program and the Section 8 Voucher Program as part of the overall strategic effort for the county this year. (p. 4)

That same *Executive Summary* also shows the GHA's program on its "Needs of Public Housing" chart. This shows that Bergen County recognizes and supports the GHA's housing programs. (p. 11)

#### (4) (Reserved)

Use this section to provide any additional information requested by HUD.

#### **10. Project-Based Voucher Program**

- a. Yes No: Does the PHA plan to "project-base" any tenant-based Section 8 vouchers in the coming year? If yes, answer the following questions.
- b. Yes No: Are there circumstances indicating that the project basing of the units, rather than tenant-basing of the same amount of assistance is an appropriate option?

If yes, check which circumstances apply:

- Low utilization rate for vouchers due to lack of suitable rental units
- Access to neighborhoods outside of high poverty areas
- Other (describe below:)
- c. Indicate the number of units and general location of units (e.g. eligible census tracts or smaller areas within eligible census tracts):
