COMMUNITY SERVICE REQUIREMENTS

The Community Service Requirement was introduced to residents at several resident/management meetings.

Our lease has been updated to include the Community Service Requirement. Residents began to sign this revised lease in accordance with the current reexamination schedule for reexaminations with January 1, 2001 and after effective dates.

A letter has been prepared and is being mailed to all residents 30 days prior to the beginning of our reexamination process, notifying them of the Community Service Requirement, of the exemptions to the requirement and the status of each resident. A description of the Service Requirement is also a part of our Admission and Occupancy Policy.

The Authority has entered into a cooperation agreement with our local welfare agency to reinforce the working relationship currently in place and to assist in verifying resident status.

The JHA will administer the Community Service Requirement. As part of our Regular reexamination of income and family composition, we have discussed a process for verification of Community Service activities.

We are considering volunteer service with local hospitals, libraries, schools, social service agencies, or any other service, as long as the service is in line with the definition of Community Service.....is of public benefit, serves to improve the quality of life and enhance resident self sufficiency or increase resident self responsibility in the community.

If an agreement for cure is needed, the JHA will work closely with individuals to help them fulfill their obligation over the next 12 month lease term. We will assist them by working with a social service agency to provide a site, we will monitor the requirement quarterly and continue to develop relationships with agencies that will provide a site for residents performance of community service.

PROGRESS REPORT MEETING GOALS AND OBJECTIVES REFLECTED IN 5-YEAR PLAN

OMB Approval No: H2B775-002726 Expires: 03/31/2002

Goal/Objective: Expand the supply of assisted housing by reducing public housing vacancies and acquiring or building units or developments. We indicated that the JHA would achieve a 3% to 5% vacancy rate by 2004. We currently have a vacancy rate in our general occupancy communities of 2% (May, 2003). This is a substantial improvement for the family communities. However, the largest amount of vacancies exist in the efficiency apartments at our Elderly Tower areas, which of course affects the overall rate. We hope to improve our overall vacancy rate of 8% (May, 2003) by continuing to convert efficiency units. Specifically, we recently completed the conversion of 46 efficiency units into 23 one-bedroom units at our Fulton I. Connor Tower and plan to continue to convert efficiency apartments to one-bedroom apartments at our Vine Street Tower. We reflected that the JHA or its Non-Profit Corp. would acquire/build at least 5 units by 2004. We have already met this goal. We had reported in the 2001 Annual Plan that two (2) homes were purchased. These homes were rehabilitated and sold under our Lease-Purchase Homeownership Program. We then reported in our 2002 Annual Plan that we had purchased three (3) more homes. These three (3) homes were rehabilitated. Two (2) have been sold and one (1) remains under lease in the Lease-Purchase Homeownership Program. Our Non-Profit Corp. just recently purchased two (2) homes that will be rehabilitated and included in the Lease-Purchase Homeownership Program. The Johnstown Housing Authority, as reflected in the template, received approval of our Development Proposal for the construction of four (4) single-family homes, which is known as the Prospect Homeownership - Phase I development.

Goal/Objective: Improve the quality of assisted housing by improving public housing management: (PHAS score), increase customer satisfaction, concentrate on efforts to improve specific management functions: Public Housing Finance, renovate or modernize public housing units and demolish or dispose of obsolete public housing. We reflected that we would increase our total PHAS score by 10 points by 2004, obtain the maximum score of 10 points for the Resident component of PHAS by 2004, improve the Financial Component under PHAS by 3 points by 2004, receive 100% of total funding under the Capital Improvement Program for the next five years and demolish at least 81 units by 2004. We have met our goal of improving our total PHAS score by 10 points. In 1999, our PHAS Advisory score was 81.7. Our total PHAS score for 2002 was 92 which places the Authority in the ranks of a "High Performer". We are striving to meet our goal of obtaining the maximum score of 10 points for the Resident componet of PHAS by 2004. Our Resident Component score for 2002 was 9. We have received 30 points out of the 30 possible points for the Financial component under PHAS; thereby meeting our goal. We received 100% of the Formula Amount under the Capital Improvement Program and we have demolished 81 units of public housing to date.

Goal/Objective: Increase assisted housing choices by implementing public

housing or other homeownership programs. The JHA has acquired five (5) properties for inclusion in the Lease-Purchase Homeownership Program since our Agency Plan was submitted in November of 1999. As these single-family homes are sold, the JHA will continue to acquire additional properties for this program. Our Non-Profit Corp. just recently purchased two (2) homes that will be rehabilitated and included in the Lease-Purchase Homeownership Program. The Johnstown Housing Authority, as reflected in the template, recently received approval of our Development Proposal for the construction of four (4) single-family homes, which is known as the Prospect Homeownership - Phase I development. It is anticipated that construction of these four (4) homes will be complete by the end of 2003. These four (4) homes will be included in our Lease-Purchase Homeownership Program.

PET RIDER TO LEASE NO.

Thi	s Rider is made and entered into by and between the	Johnstown Housing
Aut	hority (the "Landlord") and	(the ''Tenant'')
for	attachment to the Lease by and between Landlord	and Tenant, dated
	(the ''Lease'').	

This Rider is incorporated into and constitutes an integral part of the Lease to which it is attached. The terms used herein, which are defined or specified in the Lease, shall have the meanings indicated in the Lease where the context permits unless otherwise indicated herein, and definitions of terms set forth herein shall apply to the Lease where the context permits. If there are any inconsistencies between the provisions of this Rider and the provisions of the Lease, the provisions of this Rider shall control.

This policy does not apply to animals that are necessary as reasonable accommodation to assist, support or provide service to persons with disabilities. This exclusion applies to such animals that reside in public housing and such animals that visit these developments

Nothing in this policy limits or impairs or gives the Johnstown Housing Authority the rights to limit or impair the rights of persons with disabilities; nor affect any authority that the Johnstown Housing Authority may have to regulate service animals that assist, support or provide service to persons with disabilities under Federal, Sate or local law.

ENABLING REGULATIONS

QUALITY HOUSING AND WORK RESPONSIBILITY ACT OF 1998

These "Reasonable Pet Rules" incorporate the various state and local laws governing pets that include inoculation, licensing, and restraint, and provide sufficient flexibility to protect the right and privileges of other residents who choose not to own pets.

SECTION 1. TYPE OF DWELLING UNITS WHERE PETS ARE PERMITTED

Units specifically designed and built for the elderly and handicapped are permitted pets according to the "Pet Policy and Rules for Communities for the Elderly and Disabled" which include: PA 19-5 Vine Street Tower, PA 19-8 Connor Tower, PA 19-9 Town House Tower and PA 19-12 Loughner Plaza.

All other public housing developments are governed by this policy.

SECTION 2. DEFINITION OF PET AND NUMBER PER UNIT

A common household pet is defined, for the purpose of this document, as a domesticated animal, such as a cat, dog, bird, rodent (including a rabbit), fish or turtle that is traditionally kept in the home for pleasure rather than for commercial purposes. Common household pet does not include reptiles (except turtles). No other type of pet will be permitted and registration will be refused for any other type of pet.

Only one cat or dog will be permitted in a unit. Only one aquarium, not larger than 10 gallons, is permitted in a unit. Only one cage with no more than 2 birds is permitted. Each request to have more than one pet will be considered for approval by the management office.

SECTION 3. PRE-REGISTRATION REQUIRED PRIOR TO ADMISSION

No less than ten (10) days before pet is to be brought into the building, such pet must be registered with the Landlord by the Tenant delivering to the Management Office the completed Pet Registration form attached as Exhibit I. Registration must show type of pet, recent picture, name, age, and if applicable, license number and current inoculation information, name and address of pet's veterinarian, plus a signed responsibility card showing the name of three (3) persons that will remove the pet from the unit, in the event of the Tenant's illness or death (see Section 5). Pet registration must be updated annually at re-certification.

A pet deposit at the time of submission of the "Pet Permit Application" of \$99.00 must accompany the application. If financial problems exist the deposit can be paid in three installments of \$33.00 each. The first payment of \$33.00 must accompany the "Pet Permit Application". The additional payments must be made within the next two months. The pet deposit is to be used to cover the costs of damages or fumigation as the result of the pet ownership. The pet deposit will be refunded minus any applicable charges within thirty (30) days after the resident vacates the unit or the pet is permanently removed from the unit.

If the Tenant fails to update the pet registration annually, at re-certification, the pet will not be permitted on the premises. Residents will be refused a pet registration if management determines that the tenant has been unable to fulfill past obligations as a pet owner, is unable to adhere to the terms of the lease, or house pet rules, if the animal does not meet the definition of a common household pet, or the temperament of the animal is considered dangerous.

Furthermore, if Landlord reasonably determines, based on a pet application or the Tenant's housekeeping habits and practices or the Tenant's health, that such person will be unable to comply fully with all of these Pet Regulations, the pet will be denied registration admission or continued occupancy. A notice in accordance with Section 17 will be sent to the Tenant stating the basis for Landlord's determination.

SECTION 4 REQUIRED UPDATE OF REGISTRATION

Each pet's registration must be updated once each year at the time of the annual re-

certification. Updated annual registration will include:

- a. Verification that, where applicable, the pet's license is in effect and has been renewed for the current year;
- bc. Proof of any inoculations that are required for such pet are current;
- d. Proof of annual veterinary care, if applicable.

At this time, the Pet Responsibility Card will be reviewed with the Tenant to see that the 3 persons listed are still correct and that there has been no change in either address or phone number.

SECTION 5. PET RESPONSIBILITY CARD

Prior to pet admission, the Tenant must complete and sign a written responsibility form set forth on Exhibit II showing the name, address, and phone number of three (3) local persons who will remove the pet in the event of the Tenant's illness, vacation, or death. The responsibility form must be renewed each year at annual recertification at the same time the pet's registration is updated. If the responsible person resides within the JHA community, the pet WILL NOT BE permitted to stay with the responsible person it must remain in the pet approved unit.

SECTION 6. SECURITY DEPOSIT

A pet security deposit is not required for birds, fish or rodents.

The resident will be required to reimburse the Authority for the real cost of any and all damages caused by his or her pet.

The pet security deposit of \$99.00 will be held in an account as part of the lease. Upon vacating or removal of the pet the security deposit will be refunded minus costs for repairs or damages or necessary fumigation incurred because of the pet.

The resident's liability for damages caused by his/her pet is not limited to the amount of the pet deposit. The resident will be required to reimburse the Authority for the real cost of any and all damages caused by his/her pet when they exceed the amount of the pet deposit.

All units occupied by a dog or cat will be fumigated upon being vacated. The cost will be deducted from the pet security deposit any cost in excess of the security deposit will be billed to the resident.

SECTION 7. DOG OWNER REQUIREMENTS

No dangerous or intimidating dogs are permitted.

A monthly maintenance charge of \$5.00 will be billed to the resident each month and

OMB Approval No: H15775-002726 Expires: 03/31/2002 is due and payable with the rent on the first of each month.

Dog may not exceed 14 inches at the shoulder or 20 pounds when fully grown. Proof that the dog is neutered or spayed must be furnished by the time the dog is six months old or at the time of admission. Dog must also be housebroken at this time.

In the case of a 6 month old dog, a statement from a veterinarian will be required verifying that, normally, the type of dog will not be over the size requirement, as listed, when fully grown.

Each dog must be licensed by the County and proof of license renewal must be furnished each year by resident at the time of annual re-examination of income.

Dog must wear a collar at all times showing license and owner's name and address. A flea collar is also suggested.

Each year at annual re-examination, tenant must show proof that the dog has had the proper Parvo, Distemper and Rabies shots. This proof must be signed by a veterinarian.

A dog must be on a leash at all times when outside of the owner's apartment unless it is in an approved locked pet carrier. Dogs should be held and carried through common areas of buildings even if on a leash. Dogs must only be taken out of the main entrance door.

Pet owner must have a utensil to remove any waste that his pet deposits on Johnstown Housing Authority property or other property. The waste must then be placed in double plastic bags, sealed tightly, and deposited in an outside receptacle for pet refuse.

No dog may stay alone in an apartment overnight unless it is under the care of the designated person listed on the pet responsibility form. It is the responsibility of the resident if they have to leave suddenly and be away overnight to take the pet elsewhere until they return.

No dog will be left unattended or tied outside of the apartment or building.

SECTION 8. CAT OWNER REQUIREMENTS

A monthly maintenance charge of \$5.00 will be billed to the resident each month and is due and payable with the rent on the first of each month.

Cats must be trained to use a litter box in the apartment. When removing the cat from the apartment, a pet carrier must be used or the cat must be carried and remain under the resident's control.

The cat must be of normal size (approximately 8 lb).

Proof that the cat has been and spayed or neutered must be shown by the time the cat reaches the age of six months old or at the time of admission.

The cat must wear a collar at all times showing owner's name and address. A flea collar is also suggested. Proof must be shown before admission or when cat reaches age six months old and at annual re-examination of income that the cat has had the proper distemper, calici, herpes and rabies shots. This proof must be signed by a veterinarian.

The resident must use a cat litter box which is cleaned daily. Litter cannot be disposed of inside the building. Litter must be put in sealed double plastic bags and deposited in an outside receptacle for pet refuse.

No cat may stay alone in an apartment overnight unless it is under the care of the designated person listed on the pet responsibility form. It is the responsibility of the tenant if they have to leave suddenly and be away overnight to take the pet elsewhere until they return.

SECTION 10. BIRD OWNER REQUIREMENTS

No more than two (2) birds to a unit will be permitted, canaries, parakeets, lovebirds, cockatiels or birds of a similar size. Birds must be caged at all times and must be healthy and free of disease. The cage must be no larger than three feet high and two feet wide. The cage must be cleaned daily. The debris from the cage must be disposed of in sealed plastic double bags and deposited in an outside receptacle for pet refuse. If for any reason the bird or birds are suspected of being infested with mites, the tenant will be requested to immediately take the bird or birds to the veterinarian for his opinion. If mites are found, the tenant will be responsible for debugging the unit within 5 days. If debugging does not work, extermination will be ordered by the JHA at the pet owners expense. Birds are not permitted to be left alone in an apartment longer than two (2) days unless arrangements for daily care have been made by the owner.

SECTION 11 FISH OWNER REQUIREMENTS

Only one fish tank per apartment will be permitted. The size of the tank cannot exceed 10 gallons. The fish tank should be cleaned regularly. Waste water from the tank must be flushed down the commode. Fish may not be alone in the unit over one (1) week unless arrangements for daily care have been made by the owner. Pet owner must be aware when cleaning or filling fish tanks that water damage done to the apartment or apartments below will be charged to the pet owner. These charges are due and payable in accordance with the dwelling lease.

SECTION 12. OTHER PET REQUIREMENTS

- B. Pets are not to be taken into other tenants' apartment for any reason.
- C. Pets are never permitted in the building's public rooms such as the offices, laundry room, lounges, or community rooms or in the Landlord's community buildings. Pets are also never permitted on common grounds areas such as playgrounds, basketball courts etc.

Recapture of a loose pet is the sole responsibility of the Tenant. The Landlord will not be involved or take responsibility for such recapture.

SECTION 14. <u>VISITING PETS</u>

Visiting pets are not permitted unless they are dogs aiding the handicapped, i.e., seeing eye dogs, without specific written permission from the Landlord. If such written permission is granted, all rules of this Pet Rider will apply to the visiting pet while on the Landlord's premises.

Any pet suffering illness must be taken within two (2) days to a veterinarian for diagnosis and treatment. The JHA must, upon demand, be shown a statement from the veterinarian indicating the diagnosis. Any pet suspected of suffering symptoms of rabies or any other disease considered to be a health threat must be immediately removed from the premises until signed evidenced from a veterinarian can be produced to indicate the animal is not so afflicted.

If the health or the safety of a pet is threatened by the death or incapacity of the Tenant or by other factors that render the Tenant unable to care for the pet, the Landlord will contact one of the three persons listed on the Pet Responsibility Card. If none of these three responsible people are willing or able to care for the pet, or after reasonable efforts the Landlord has been unable to contact one of the three persons, the Landlord will contact the appropriate state or local agency and request removal of such pet. If there is no state or local agency authorized to remove a pet under these circumstances, the Landlord will enter the Tenant's unit, remove the pet, and place it in the Animal Shelter for permanent disposition.

SECTION 16. OWNER'S ABSENCE

If the Tenant is temporarily absent such as in the hospital or on vacation, the Landlord must be notified as soon as possible before the Tenant leaves with the name of the person who will take total responsibility to regularly care for the pet until the Tenant returns. Such person shall remove the pet from the resident. The responsible person shall not reside in or leave the pet unattended in the Tenant's unit.

Failure to abide by the above regulations will cause the Landlord to arrange for removal and care of the pet as stated in Section 15, with the cost for such care the full responsibility of the Tenant.

SECTION 17. PET VIOLATIONS

- 1. <u>Loose Pets</u> If a pet gets loose and out of the Tenant's Premises, the Tenant, and not the Landlord is responsible for damages and recapture. The Tenant will immediately clean up any waste and pay the cost of any damages incurred immediately upon presentation of the bill from the Landlord.

- c. State that failure to remove the pet shall result in initiation of procedures to have the pet removed or terminate the Tenant's tenancy, or both.

SECTION 19. DEATH OF PET

Should a pet die on the Landlord's property it is the responsibility of the Tenant to dispose of the pet immediately. If this is not done within 1 day and the Landlord must dispose of such pet, the Tenant will be responsible for all costs incurred by the Landlord. The pet may not be disposed of on the Landlord's property or in a dumpster located thereon.

SECTION 20. <u>UNIT INSPECTION</u>

Any problems noticed at inspection such as damages to the Premises or odors will be rectified by repairs or extermination within ten (10) days of the inspection. If the Tenant has not arranged for repairs or extermination within such ten (10) day period, the Landlord will then make the necessary repairs or extermination at the Tenant's expense. These charges must be paid within thirty (30) days of invoice.

JOHNSTOWN HOUSING AUTHORITY

DECONCENTRATION POLICY

It is the policy of the Johnstown Housing Authority to provide for deconcentration of poverty in its Public Housing Developments and encourage income mixing by bringing higher income families into lower income developments.

The Johnstown Housing Authority has reviewed all of the Public Housing Developments and it is determined that there is no concentration of families with higher incomes in any one area. All developments have average incomes below or at the Very Low Income Limits.

The Johnstown Housing Authority has determined that, in accordance with, 24 CFR Part 903, Rule to Deconcentrate Poverty and Promote Integration in Public Housing, the covered developments under this rule are PA 19-1 Prospect, PA 19-2/3 Oakhurst (contiguous site), PA 19-4A Solomon, and PA 19-4B Coopersdale.

The Johnstown Housing Authority has reviewed and determined the average income of all families residing in all of the covered developments. The Authority then determined the average income of all families residing in each covered development. Each covered development has average incomes below 30% of median income. A determination was made whether each of the covered developments were above, within, or below the Established Income Range determined by HUD as 85% to 115% of the PHA-wide average income for the covered developments. (See the analysis attached as exhibit A.) Each covered development is within the Established Income Range.

The housing authority will strive to achieve a distribution of incomes among its residents. The skipping of an applicant on the waiting list, to reach another family to implement this policy, shall not be considered an adverse action. This policy will be accomplished in a uniform and non-discriminating manner.

The Johnstown Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered towards lower income developments and higher income residents will not be steered towards higher income developments. Marketing efforts will be designed to attract applicants from appropriate segments of the lower and very low income population. The Authority will use its marketing program to achieve a more representative income mix of lower income families among those on the waiting list and thereby attain a broad range of income in its communities.

The Johnstown Housing Authority may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development. Various incentives may be used at different times, or under different conditions, but will always be provided

in a consistent and non-discriminatory manner. Reasonable flat rents have been established as an incentive to attract higher income families.

The Johnstown Housing Authority will annually analyze the income levels of families residing in the required covered developments, as well as, each of our other communities.

Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

CERTIFICATION

The Johnstown Housing Authority has reviewed each of our development=s operations as public housing and considered the implications of converting the public housing to tenant-based assistance. The Johnstown Housing Authority currently administers 562 Housing Choice Vouchers in Cambria County. There are numerous other Section 8 providers in the area; thus if a development was converted to tenant-based assistance, the Johnstown Housing Authority would have to compete against the other providers.

A summary report for each of our developments is included as part of this certification.

We have concluded, in regard to each development, that conversion of the development may be inappropriate because removal of the development would not meet the necessary conditions for voluntary conversion.

The JHA communities that received a score of below 75% for the question Neighborhood Appearance are Prospect, Oakhurst, Oakhurst Extension, Solomon, Coopersdale and Nanty Glo.

During 2003 we will continue our efforts to meet the needs and concerns of our

residents.

Landscaping and sidewalk and curb replacement are scheduled throughout the Capital Fund Five Year Plan for the communities listed above.

Capital fund programs also include renovations to the Community Room at Oakhurst.

Exterior and interior lighting renovations are scheduled for Solomon and Coopersdale.

Solomon, Coopersdale, Nanty Glo and Oakhurst communities have play areas for children and basketball courts. Solomon, Coopersdale and Nanty Glo have pavilions for community events.

Common areas, such as lobbies, community rooms etc. are cleaned on a daily basis. Custodial staff is assigned to common hallways on a daily basis. Recently renovations were completed at Solomon and Coopersdale which included new floor tile on stairs and landings and painting of all hallways.

On a daily basis, all maintenance employees, in all communities, spend at least one hour each day, policing the grounds, and parking areas, for litter, trash and exterior repairs that may be necessary.

Managers have been instructed to follow-up on noise complaints quickly and with strong action in accordance with the lease. Particular attention will be paid to reports from the police regarding noise. Managers will pay close attention to noise while conducting their weekly grounds inspections. Action will be taken to promptly correct this resident concern.

Although we feel that the Neighborhood Appearance in all of our communities is very good, we hope that the above-mentioned improvements will further enhance their appearance.
