ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

The PHA Annual Plan engulfs all aspects of Housing Authority operations.

Within the HUD designed template you will find information on the housing needs of the area, and the desire for public housing and/or Tenant Based Section 8. Information regarding income, families, elderly, disabled, and their racial make-up is also provided. How the Housing Authority will address these needs is presented along with the funding amounts that are available to continue and/or enhance each program.

The plan provides data on eligibility, waiting list organization, occupancy, and grievance procedures.

The Housing Authority of the City of Meadville has developed a deconcentration of poverty and income mixing policy as required by HUD recently, and also a "flat rent" which is defined as a maximum rent for a particular location and bedroom size.

In an effort to assist residents in the transition from welfare to work, earned income disregards have been set in place along with utilizing flexibility in reporting income changes, and offering savings accounts to those previously unemployed.

Section 8 payment standards have been increased to 110% of the Fair Market Rent in an effort to assist participants in finding quality units in an era of rising rents.

Housing Authority maintenance and management policies are detailed, as is the new Capital Fund Program which funds ongoing modernization needs.

Community Service is required under a new policy effective April 1st 2001, and also a policy on the availability of pets to family public housing residents took place on April 1st 2001.

Safety and crime data of all public housing is included along with police cooperation.

The results of Housing Authority wide <u>meeting with residents councils</u> provides an overview of Resident Advisory Board comments, along with a statement of consistency with the State Consolidated Plan.. HUD Regulations require each housing authority to perform an income analysis of their individual developments. Attachment A attached provides this information and the Housing Authority of the City of Meadville recommended application of it. Capital Funds will be utilized to adhere to Section 504 regulations as well as the creation of a Community Learning Center. <u>A special primary focus will be placed on the development of accessible housing units. A elderly/disabled service coordinator is being considered as well as the reclassification of current in house employees.</u>

<u>1. Statement of Housing Needs</u> [24 CFR Part 903.7 9 (a)]

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list IN THE UPCOMING YEAR, and the Agency's reasons for choosing this strategy.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by: Select all that apply

- \boxtimes Employ effective maintenance and management policies to minimize the number of public housing units offline (Continually analyze policies and procedures) Reduce turnover time for vacated public housing units – Speed up application process \boxtimes
 - Reduce time to renovate public housing units
 - Seek replacement of public housing units lost to the inventory through mixed finance development
 - Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources

- \boxtimes Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction (Increased October, 1 1999 & November 2000, & October 2001)
- \square Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required Will accommodate families requiring reasonable accommodations
- \times Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration Periodic news releases
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- \mathbf{X} Participate in the Consolidated Plan development process to ensure coordination with broader community strategies - We are currently doing this and will continue
- \boxtimes Other (list below)
 - 1. Express the need to Human Service Agencies for case management services to assist applicants/residents in creating and implementing service plans to improve their life skills.
 - 2. Consider hiring a landscaping consultant to make recommendations for improving site plans at the public housing communities and at Scattered Site residents
 - 3. Work with *landlords* to expand the capacity of the Section 8 Program for the physically disabled
 - Support the development of one bedroom units for the general population 4.

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

Apply for additional section 8 units should they become available Leverage affordable housing resources in the community through the creation of mixed - finance housing Pursue housing resources other than public housing or Section 8 tenant-based assistance. <u>Deconcentration of Poverty</u> <u>Income Analysis</u> <u>Discrepancy Report</u>

DEVELOPMENT NAME Scattered Sites PA 033-004

<u># of Units</u> 15

Explanation and/or justification for this development to be out of compliance with the Deconcentration of Poverty Goals:

The development is made up of 15 three bedroom units located sporadically among various streets within the city limits. All 15 units were rented at the time of this calculation. Due to their diverse location and configuration, they promote deconcentration.

Due to the appealing nature of these remote units, residents usually stay for prolonged periods of time. <u>Many</u> of the residents have lived in Public Housing for nearly ten years each. They are promoting their lives in a nice neighborhood and are prospering well with incomes <u>nearly</u> two times the Housing Authority average. Should these people move out, and residents with the Housing Authority overall average move in, this development would then be within the Established Income Range. It is the small size of this development that causes a couple higher incomes to escalate the overall development average, as well as all the units being three bedroom.

It is believed that the above referenced meets the justification requirements of

24 CFR § 903.2 © (l) (iv) (C) & (D).

On 5/10/99, the Housing Authority of the City of Meadville passed a Deconcentration of Poverty Policy based on the information that was present at the time. This policy was, and still is utilized today among the two developments. It has worked there, although there are minor discrepancies in overall income. We will now apply this same policy to the Scattered Site development in an effort to keep all three developments within the Established Income Range.

Attachment A

Deconcentration of Poverty Resolution # 469

WHEREAS, the Housing Authority of the City of Meadville (HACM) Board of Commissioners after reviewing the contents of Section 513 of the Quality Housing and Work Responsibility Act (QHWRA) of 1998, and after reviewing monthly dwelling rental income at each of three (3) family sites and the area median income of the three (3) census tracts in which they are located hereby desires to make the following amendment to the admissions policy of the HACM.

1.A. Whereby, on a monthly basis, reports will be run and the monthly rental income of each development will be compared to determine whether a significant discrepancy exists. A discrepancy shall be defined as a monthly dwelling rental average difference of twenty dollars or more between different developments. Should such a discrepancy be discovered, the manager of the lower income development will be directed to scan the waiting list for the next family without regard to race, creed, national origin, or sexual orientation that has an income significant enough to raise the median income of the lower income development back within the twenty dollar discrepancy range mentioned above. Should this family refuse the development, then the next higher income family on the list will be offered the unit. This pattern will be repeated until the unit is filled or the waiting list depleted.

1.B. The HACM may take other measures if deemed necessary to maintain or to entice higher income households such as ceiling rents at an individual development or at all developments.

1.C. Census tracts – Due to the large geographical area of the census tracts and the high median incomes of each tract, the HACM will not attempt to reach household incomes at the area median of each individual census tract. Instead the HACM will systematically and evenly pursue economic self-sufficiency incentives to maintain and gradually increase the average median income of all Public Housing family developments.

1.D. Site Based Waiting Lists – The HACM currently does not view site-based waiting lists as either necessary or advantageous. Should the current elements surrounding this topic change, the HACM will revisit this issue by separate resolution.

<u>ATTACHMENT E</u> <u>Resident Advisory Board Summary</u>

Due to newly merged resident councils, the Housing Authority decided to utilize the traditional Advisory Board as required by the Department of Housing and Urban Development. In the previous few years, the Housing Authority had utilized a questionnaire that was sent to each household. While this method did work in recording the needs and desires of the residents, it was also an administrative burden to record, as the questionnaire was seven pages and sent to over 500 households.

On October 21, 2003, a letter was sent to all resident council officers informing them of a meeting to take place on October 24, 2003. Eleven officers were present at this meeting where the Executive Director explained the responsibilities of the Resident Advisory Board and the need for them to seek the input of residents for the Annual Plan.

It was clearly put forth that a complete listing of any and all needs should be presented along with any recommendations for management to consider.

Summary of Family Responses:

Family residents are having continual problems with closet doors coming off track, shelving coming loose, and with some electrical problems. They expressed that maintenance repairs often take three or four visits before the problem is corrected.

All residents replying were under the belief that new kitchen cabinets were to be installed.

A typical problem was referenced regarding some residents who do not utilize trash cans with lids for their garbage.

Residents questioned why families are permitted to remain over-housed after a known family member leaves.

<u>Residents do not like the Housing Authority Policy that requires complaints to be in writing. They indicated that they fear retaliation</u> <u>from either other residents or the Housing Authority.</u>

One resident referenced that they nearly flipped their wheelchair when it encountered the concrete lip of the curb cut in relationship to the street.

Last and certainly not least was the request to upgrade the playground area at Morgan Village.

Summary of Elderly/Disabled Responses:

Revamp the hot water distribution system to provide more hot water.

Alter the heating system to provide for individual control of their heat.

Expand and/or increase the number of electrical outlets in the halls.

Coordinate a border with the paint color on each hallway to give each floor individuality, and a more home-like atmosphere.

Stricter compliance and follow-through on termination action for those charged with causing disturbances or unruly conduct.

Involve a resident (trained) in the screening process.

Residents residing on the first floor would like sliding glass doors.

Equip all hi-rise bathrooms with walk-in showers equipped with grab bars and shelving for towels.

<u>Provide a separate entrance to the building for guests to prevent unwanted individuals from entering while the electronic door openers</u> <u>are operated.</u>

Substantial Deviation from the 5-Year Plan

As required by the Department of the Housing and Urban Development and referenced in 24 C.F.R. Section 903.7 (r) of the October 21, 1999 "Final Rule", the Housing Authority of the City of Meadville submits the following definition of substantial deviation: A substantial deviation of the Five Year Plan is any deviation from the mission statement, or the overall goals or objectives as stated in the submitted plan.

Significant Amendment or Modification from the Annual or Five Year Plan shall be defined as:

A change in rent, admissions, or waiting list policies that result in an adverse effect on not less than 25% of the total tenant or applicant families.

Any non-emergency work related item funded from the Capital Fund that would result or could be reasonably determined to result in usage of 10% or more of the Capital Fund amount for any given year, and such item or items were not included in the Annual Statement or Five Year Action Plan.

Any change with regard to demolition or disposition, designation, conversion, or homeownership programs of a particular site and/or location, where such change, or alteration is determined by the Housing Authority Board and Administration to cause a lack of housing units as a whole or for a particular group of people. This determination shall be based on the size, and particular status of the waiting list at the time of consideration.

Exceptions to the above definitions of substantial deviation, or significant amendments shall only occur should the Department of Housing and Urban Development adopt regulatory changes of which the Housing Authority has no control.

"Implementation of Public Housing Resident Community Service Requirement"

On November 13, 2000, the Housing Authority of the City of Meadville (HACM) Board of Commissioners approved the posting of the Community Service Policy for a thirty-day written comment period. On November 16, 2000, the policy was posted at all the Authorities' Public Housing developments.

Attached with the Policy, for all those interested and/or affected, was a description of the service requirements, a sample form indicating a residents exempt or non-exempt status, a listing of possible services, a listing of agencies where services could be performed, examples of acceptable service activities, and the method to cure any obligation at the end of the lease term.

The HACM may permit individuals required to perform community services to perform those services at the development in which they reside. This would cure transportation problems. The Housing Authority management has spoken with various agencies and the Local Career Link has indicated not only a need but also a desire to utilize these individuals in assisting with their requirements.

Beginning **on** April 1, 2001, each adult resident **was** sent a determination as to their exempt or non-exempt status, and their rights to grieve the decision if desired. Residents **were** required to have a form signed by the agency head in which the service was performed, with a brief statement of the services rendered.

At least 30 days prior to expiration of the annual lease, the resident will be sent a notice regarding their noncompliance, or lack of fulfillment. They will be given this period to enter into an agreement to comply. Failure to do so will result in non-renewal of the lease for the adult directly affected.

Pursuant to language included in the 2002 HUD/VA Appropriations Act, the Housing Authority of the City of Meadville will not be permitted to expend Federal funds on Community Service. The Housing Authority of the City of Meadville **proposed** to suspend the requirements of Community Service for the current Fiscal Year ending March 31st 2002, and will provide notice to residents indicating such. No funds will be spent on the following fiscal year either.

As of November 1, 2002 there has not been a new Federal Budget for HUD passed. The Housing Authority of the City of Meadville will not apply the Community Service requirement unless a new budget, when passed authorizes the spending of Federal Funds for this purpose.

In April 2003, letters were sent to all residents informing them that the Community Service Requirements were again effective. Additionally, the letter informed each adult about their exempt or non-exempt status and their rights as a result of this determination.

Currently, the Resident Initiatives Coordinator along with managers are encouraging and following up on resident progress. The Housing Authority has encouraged tenants to help those with disabilities as well as elderly with lease requirements. Resident involvement in training programs is being counted towards their hours required.

Attachment H "Pet Policy" Family Locations Summary

The Housing Authority of the City of Meadville (HACM) posted a pet policy for a 60-day comment period. The additional time was given due to the nature of the subject. Additionally, comments were received by both the Housing Authority administration and the Resident Advisory Board members.

On November 8, 2000, a meeting was held with the Resident Advisory Board to summarize their comments. On November 13, 2000, the HACM Board of Commissioners approved this policy with minor alterations, to be effective on April 1^{st} 2001.

The pet policy basically permits cats, dogs, birds, and fish with limitations on size and type. Animals must have appropriate licensing, shots, etc. A security deposit of \$99.00 has been set on dogs, cats, and birds. There is no security deposit on fish as a five-gallon maximum was established on aquariums.

Pet owners must follow strict guidelines regarding care, exercising, and control of pets. Additionally, as needed to benefit those who may have allergic reactions, a pet free zone may be established. All pets must be registered prior to entry on Authority property and a special "Pet Permit" will be issued and must be displayed on the exterior of their apartment door.

Cats and dogs must have a microchip inserted for identification purposes. Neglected animals will have authorities contacted, and the tenant's future rights to have a pet may be discontinued.

Minor mishaps have occurred, however they are minimal. Some residents still try to bypass registration of the animal prior to bringing the pet on-site.

"Progress in meeting 5-year Plan Mission and Goals"

Flat rents, income disregards, and transportation assistance have all been implemented

Transitional housing efforts have been supported, and a local Chodo is arranging a location for construction. Waiting lists are beginning to increase and vacancies are **readily turned around**.

The decncentration of poverty policy has been followed, list skipping has been utilized, and income levels between projects have remained relatively stable.

Savings accounts are available for those who were "previously unemployed", however, none have chosen this option.

A second shift bus service was obtained through a grant from the Pennsylvania. Department of Transportation, and the Housing Authority of the City of Meadville is providing free passes to those needing assistance to training and/or work.

A unit was altered with downstairs bathroom facilities to assist a mother who could not utilize steps due to surgery.

The local college is working with family youths and growth into other areas is promising.

Computer Classes for at risk youth are in place and supported through a partnership with the local school district and Allegheny College. Training has been provided to all ages and computers are available for all residents to utilize.

A Resident Initiatives Coordinator has been hired to help meet the various needs of residents of all ages. She has assisted in the formation of councils at all locations.

Move out charges, to residents, have been reduced as a result of the new custodian position.

Vacancies have been filled and units are being turned around in a timely manner.

Security lights and cameras were installed at Holland Towers as were new gas ranges. An exterior recreational area was developed at Holland Towers, the building exterior rehabbed, and the landscaping and signage updated.

A new maintenance garage is *was constructed* at William Gill Village.

<u>A notice to proceed was recently issued for the construction of a new Community/Learning Center</u> <u>at William Gill Village.</u>

Reasonable accommodation policies have been passed and are an ongoing part of the application as well as the tenant related and employee related needs process.

"Resident Membership of the PHA Governing Board"

The Housing Authority of the City of Meadville (HACM) took the initiative in 1995 when the first resident directly assisted was empowered to the Board Member position. The city of Meadville appoints all Housing Authority Board Members.

On July 25, 1995, Kaerlene Heath (a Section 8 resident) was appointed to fill the remaining term of a member who resigned. Ms. Heath was re-appointed to a five-year term on February 22, 2000.

On February 1, 2001, Ms. Heath resigned for health related reasons. On February 13, 2001, Maureen Reichel a resident of Morgan Village was appointed to fulfill Ms. Heath's remaining term, Ms. Reichel lives in a wheelchair accessible unit renovated to meet Sec. 504 Requirements. She represents both the needs of lower income families and those who need accommodations to live independently.

Attachment K

"Membership of the Resident Advisory Board"

The membership on the Resident Advisory Board is largely one of volunteerism. Initially in 1999, the Housing Authority sent a letter to each Public Housing household and to each Section 8 household explaining the position and seeking individuals to volunteer. At that time, everyone who expressed an interest was appointed to the Advisory Board. Due to lack of interest, and move outs, individuals at various locations were contacted inquiring as to whether they had an interest in filling the vacancy.

The intent from the Housing Authority administration was to have two individuals from each development and additionally another two representing the Section 8 program. When HUD notice 2000-36 came out, the Housing Authority invited the Resident Council President of Holland Towers and an officer of her choosing to join the Advisory Board. A copy of this notice was sent to each member to peruse and become familiar with.

Due to the complexities of passing information onward and the tenant based Sec. 8 program being displaced over such a large area, a meeting was held to disperse a questionnaire to all resident households. Two questionnaires were developed, mailed to each household with a postage paid return envelope.

The questionnaires were determined to be a great success, especially in comparison to the Resident Advisory Boards.

In 2003, Family Resident Councils merged in what appears to be a positive move. Due to the administrative time involved in reviewing and summarizing hundreds of questionnaires, the Resident Advisory Board process was again attempted. Results were positive and a written report was received from both councils. Their comments are included elsewhere in the plan and priorities are in the Five Year Plan
