9. Additional Information

[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2003 - 2007)

The Lawrenceburg Housing Authority has responded to the Resident Services and Satisfaction Survey, conducted in 2003 identifying efforts to increase customer satisfaction within the developments.

The Housing Authority is meeting the income targeting mix requirement of the Regulations and Law for all of its developments; however, Development TN048-009 presently is not meeting the de-concentration of poverty. This development has the broadest income distribution of all the developments, which is attributed to the Family Self-Sufficiency (FSS) program when the development was constructed. The PHA will be required to implement de-concentration procedures for this Development. Also Developments TN048-001, TN048-002 and 003 are designated as low-income and Development TN048-009, is designated as high-income development. De-concentration procedures will be implemented in the four developments.

Implementation of security requirements is addressed in the capital fund program.

The Admissions and Continued Occupancy Policy (ACOP) and Lease have been revised to

comply with the de-concentration and income mix requirements; thereby, encouraging higher income families in the developments. Although the Housing Authority has provided incentives for higher income families, based on the projections of extremely low income and very low income families in Lawrence County, the emphasis will continue to house families in these income levels.

Based on the PHA's waiting list the goals to ensure equal opportunity in Housing for all Americans are being met.

The PHA has completed the Initial Conversion Assessment. Based on the information and evaluation of the developments, it has been determined that it would be inappropriate to convert the public housing developments to the Section 8 rental assistance program.

B. Criteria for Substantial Deviations and Significant Amendments

(1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

a. Substantial Deviation from the 5-Year Plan:

The Lawrenceburg Housing Authority will consider a "Substantial Deviation" to be a change in the Mission, Goals, and Objectives of the PHA Plans that is duly determined by the Board of Commissioners and the Resident Advisory Board to be a deviation from the latest approved PHA Plans. If the Board of Commissioners and the Resident Advisory Board consider the change(s) in the Mission, Goals, and Objectives to be substantial, in their determination the Plans will be submitted to HUD for review and approval.

b. Significant Amendment or Modification to the Annual Plan:

In addition, if there is a change in funding of greater than 20 percent of the Operating Budget and/or the Capital Fund amount, this will be considered an amendment/modification to the Plans, except for emergencies that are beyond the control of the PHA. If the item/activity is included in the 5-year Capital Improvement Program, it will not be considered a significant change although the cost may exceed the 20 percent threshold; therefore, not requiring HUD review and approval.
