D. Other Information Required by HUD

Use this section to provide any additional information requested by HUD.

Definition of “Substantial Deviation” and/or “Significant Amendment or Modification.”

The Shelbyville Housing Authority will consider a “Substantial Deviation” to be a change in the Mission, Goals, and Objectives of the PHA Plans that is duly determined by the Board of Commissioners and the Resident Advisory Board to be a deviation from the latest approved PHA Plans. If the Board of Commissioners and the Resident Advisory Board consider the change(s) in the Mission, Goals, and Objectives to be substantial, in their determination, the Plans will be submitted to HUD for review and approval.

In addition, if there is a change in funding of greater than 20 percent of the Operating Budget and/or the Capital Fund amount, this will be considered an amendment/modification to the Plans, except for emergencies that are beyond the control of the PHA. If the item/activity is included in the 5-year Capital Improvement Program, it will not be considered a significant change although the cost may exceed the 20 percent threshold; therefore, not requiring HUD review and approval.

DECONCENTRATION POLICY:

The objective of the De-concentration Rule for public housing units is to ensure that families are housed in a manner that will prevent concentration of poverty families and/or a concentration of higher income families in any one development. The specific objective of the PHA is to house no less than 40% of its public housing inventory with families that have income at or below 30% of the area median income by public housing development. Also, the PHA will take actions to insure that no individual development has a concentration of higher income families in one or more of the developments. To insure that the PHA does not concentrate families with higher income levels, it is the goal of the PHA not to house more than 60% of its units in any one development with families whose income exceeds 30% of the area median income. The PHA will track the status of family income, by development, on a monthly basis by utilizing income data maintained by the PHA. To accomplish the de-concentration goals, the PHA will take the following actions:

1. At the beginning of each PHA fiscal year, the PHA will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the previous PHA fiscal year.

1. To accomplish the goals of:
 - ❖ Housing not less than 40% of its public housing inventory on an annual basis with families that have incomes at or below 30% of area median income; and
 - ❖ Not housing families with incomes that exceed 30% of the area median income in developments that have 60% or more of the total household living in the development with incomes that exceed 30% of the area

median income, in accordance with the incentives reflected in Section II,6, Resident Selection, of the PHA's ACOP.

**RESIDENT SERVICES AND SATISFACTION
FOLLOW-UP PLAN**

Attachment tn039a07)

October 1, 2003-2004

In Fiscal Year 2003, the HUD Real Estate Assessment Center (REAC) conducted a Resident Services and Satisfaction Survey of the residents of the Shelbyville Housing Authority, TN039. As a result of the Survey of the residents, the Housing Authority is required to prepare a Resident Satisfaction Follow-up Plan for two (2) of the five (5) Sections/Factors reflected in the Survey.

The two Sections/Factors that the Housing Authority received the lowest scores were Communications with a score of 74.5 percent and Neighborhood Appearance with a score of 71.6 percent. All other Sections/Factors were above the 75 percent threshold.

The following is an evaluation of the various scores of the survey for Communications, Safety, and Neighborhood Appearance:

COMMUNICATION

The Survey reflected the following concern regarding communication:

1. Residents believe that management could provide more information concerning maintenance, repairs and modernization activities. This question received a score of 69.2.

NEIGHBORHOOD APPEARANCE:

Based on the resident survey results the concerns of the residents under the Neighborhood Appearance Section/Factor, were as follows:

1. The residents believed that the upkeep of the various areas identified in the survey could be improved. The following areas received low scores: common areas, exterior of buildings, parking areas, and recreation areas.
2. Of the areas identified under Neighborhood Appearance in the survey as concerns to the residents that received low scores, the following were identified: rodents and insects, trash/litter, broken glass, and noise.

PLAN ACTIONS:

In an attempt to improve the Resident Services and Satisfaction concerns of the residents the following actions will be implemented before and during the coming Fiscal Year as the Housing Authority's Resident Services and Satisfaction Follow-up Plan:

COMMUNICATION:

1. Since the residents were concerned about receiving information regarding maintenance, repairs and modernization, the Housing Authority will continue providing notices to the residents in order to resolve this concern.

NEIGHBORHOOD APPEARANCE:

1. The Housing Authority has added shrubbery where needed and will attempt to make sure that residents keep their yard clean. The Beautification award program will begin in May 2003.
2. The Housing Authority will also hold meetings and discuss the concerns of the residents before submission of the Public Housing Agency Plans.
3. The Housing Authority may implement the stipend program for any resident that wishes to participate in the upkeep of the developments. This will provide an incentive for the residents to keep the development free of trash and litter.
4. The Housing Authority will determine the locations of the parking areas where improvements are needed and include in the Capital Fund program.
5. The Housing Authority will evaluate the implementation of the current pest control contract to determine its effectiveness. If improvements are not seen, the contract will be terminated and another pest control contract will be solicited.
6. Noise was identified as a concern but the Housing Authority is not aware of what type of noise the residents are concerned with. The noise could be automobiles, other residents, and/or the general public. Without knowing the specifics of the concerns and the developments, it is difficult to determine what actions can be undertaken to resolve the concerns.

Mission and Goal Progress:

The PHA has responded to the Resident Services and Satisfaction Survey (attachment tn039a07) identifying efforts to increase customer satisfaction within the developments.

Efforts to improve management functions are included in the amendments to the ACOP and Lease.

De-concentration is being accomplished by implementation of ACOP revisions and admissions criteria.

Increasing the number and percentage of employed persons in the developments is being accomplished by a preference for working families included in the revised ACOP.

Based on the PHA's waiting list the goals to ensure equal opportunity in Housing for all Americans are being met.

The Housing Authority is in the process of selling tax credits to provide additional housing opportunities through a mix-financed development.
