- Other: (list below)

4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

*With limited programs and resources, the Blytheville Housing Authority nevertheless has programs in place that further state goals as set out in the Arkansas Consolidated Plan*

*In stating its priorities for the period covered by its plan, the State of Arkansas gives a **high priority** rating to meeting the needs of all renter households with incomes at or below 50% of an area median income. In its statewide survey questionnaire issued in preparing the Plan, and as also indicated in its Plan, the two highest priorities were for rental housing for small and large families at or below 50% of area median income.*

*The Plan also identifies some trends specific to Mississippi County in general and to Blytheville in particular. The recent closing of a military base and other trends have hurt employment opportunities in the county and city. As a result, the population in both is declining and the unemployment rate has risen to 11.4%. Increasingly the people in need of housing in Blytheville or those with incomes especially in the extremely low category of less than 30% of our area median income.*

*When seen against these trends, the housing provided by our public housing low rent program is an essential source of housing for disadvantaged families in our community. Our Section 8 Housing Choice Voucher program makes available to our community's poorest families an essential resource to those families. Both programs further the goals of the state Consolidated Plan.*

## **Statement of Progress in Meeting Five Year Plan Mission and Goals as stated in the 2000 PHA Plan.**

The Blytheville Housing Authority has made significant progress in meeting the goals and objectives stated in its first Five-Year Plan.

BHA continues to be aggressive and successful in improving the quality of housing in its developments. Through its Capital Fund Program, and through its strong effort to demolish dilapidated properties and replace them with new ones, the resulting communities are better suited to the needs of its jurisdiction's residents. These improvements include but are not limited to:

- Security on all units has been upgraded through the inclusion of security screens on windows and doors
- Individual security alarm systems have been installed on each apartment
- Additional project security lighting has been provided on three projects
- Energy efficient thermal windows have been installed on all apartments.
- Selective demolition has taken place to improve overall community density
- In concert with the City of Blytheville, site improvements have been made generally to improve the "curb appeal" and overall appearance of the community.
- Construction of two new four (4) Bedroom units using Replacement Housing Funds.
- A new headquarters building is under construction to improve overall delivery of services to the residents.

The BHA has also taken steps to increase participation of local landlords in the BHA's Section 8 program. It continues to advertise opportunities for landlords, and its executive director has made efforts to meet personally with property owners who might be interested in the program.

The BHA has actively pursued an admissions and occupancy policy that prevents the concentration of especially poor families in any one or few of its developments. It has no "concentrations of poverty" to deconcentrate because it has assured they never develop.
