[903.7(r)]. If desired, provide a brief overview of the contents of the streamlined 5-Year/Annual Plan.

The Housing Authority of the County of Tulare continues to be a high-performing agency, both in the Public Housing Program.

Our primary emphasis is our Moving-to-Work Demonstration Program (MTW). Many of our policies and procedures have been modified as part of the demonstration. We have completed our fifth year of the program, and believe that the statistical data is bearing out our belief that there is a better way to provide rental assistance, save the tax payers' money, increase housing choices, and encourage tenants to go to work. We started timing-out families as of May 2004, and are now moving our waiting lists and are able to help more families sooner. We have been granted a two-year extension over the first five years of the demonstration, which will give us the time necessary to follow up on our policies and evaluate the results.

We are now actively working to have our program either made permanent, or to gain an additional extension in order to continue this successful program.

9. Additional Information

[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000 - 2005.)

PHA Progress in Meeting the Five-Year Plan

PHA Goal: Expand the supply of assisted housing

The Housing Authority is currently developing a new complex for families with incomes below 80% AMI in the City of Visalia with funding from the City's Tax increment fund. The agency developed a 95 unit senior Tax credit complex and a 50 unit Tax credit/Farm labor project, and both are currently occupied. The agency is exploring developing additional complexes through various resources.

PHA Goal: Improve the quality of assisted housing

As indicated by our "high-performer" status, our units continue to be maintained according to our high standards. We continue to use our Capital Funding Program money to make additional improvements that are suggested by our residents, and to maintain marketability. The PHAS inspection in August of 2004 gave the agency an overall score of 95%. Our Section 8 inspection standards continue to be high, which helps maintain the rental stock on the open market.

PHA Goal: Increase assisted housing choices

Our Moving-to-Work Demonstration Program (MTW) has opened up housing choices to our Section 8 Program voucher holders due to the flat subsidy and the elimination of the 40-percent rule. We have had families choose to switch to the MTW program, even with a five-year time limit, in order to be able to choose units that would not have been accessible to them under the traditional Section 8 Program regulations. We adjust our voucher-payment standard, as necessary, to enable voucher holders to lease units.

PHA Strategic Goal: Improve community quality of life and economic vitality

We are continuing to promote "Neighborhood Watch" programs within our housing complexes, and we have improved the lighting. We are working with various groups to provide after-school programs, and with the Gang Suppression Task Force to prevent kids from joining gangs, and to evict families who disturb the habitability of the complexes for other families.

HUD Strategic Goal: Promote self-sufficiency and asset development of families and individuals

Our MTW program encourages employment and self-sufficiency. The statistics over the last years indicate that it is working with families showing great gains in income. We are encouraging our Welfare-to-Work (WTW) families to continue their efforts to become self-sufficient.

HUD Strategic Goal: Ensure equal opportunity and affirmatively further fair-housing objectives

We administer an Equal Opportunity Contract for the City of Visalia and operate a telephone "Housing Hotline," which is accessible to all the county residents. This line provides information regarding code enforcement, discrimination complaints, legal referrals and tenant rights. We continually assess the accessibility of all our programs, and respond favorably to requests for reasonable accommodation whenever feasibly possible. At our Section 8 briefings, we cover all this information to help educate families and to reassure them that there is help available if they encounter barriers to equal opportunity.

B. Criteria for Substantial Deviations and Significant Amendments

(1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

Definition of Significant Amendment or Substantial Diviation

A Significant Amendment or Substantial Deviation/Modification has the potential to impact the majority of tenants and/or applicants in a negative manner and, therefore, requires additional public input.
