Troubled Agency Plan

ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Background

On February 19, 1999, HUD issued regulations implementing provisions of the Quality Housing and Work Responsibility Act of 1998 (QHWRA), alternatively known as the "Housing Reform Act". The regulations require every public housing authority (PHA) to develop a Five-Year Plan, including a statement of mission, goals and objectives. QHWRA also requires PHA's to prepare a One-Year Annual plan to address the housing needs of the low-income population in its community. The annual Plan addresses the strategies, policies and resources to be used in addressing the identified needs. Significant changes to the Five-Year Plan and development of each Annual Plan is to be done in consultation with the residents of the PHA public housing developments, Section 8 Housing Choice Voucher participants and community groups, organizations and general population. The Plans must be consistent with the Consolidated Housing Plan of the local government unit(s) within the PHA's jurisdiction.

Planning Process

For the second "Five-Year Plan", the Orlando Housing Authority engaged in a series of collaborative planning events. The Five-Year Agency Plan will commence April 1, 2005 for a five year period ending March 31, 2009. The Annual Plan reflects the strategies for conducting the goals and objectives as outlined in the Five-Year Agency Plan and runs from April 1, 2005 through March 31, 2006.

From June 2004 through December 2004, the OHA Board of Commissioners, staff, residents of public housing, Section 8 Housing Choice Voucher participants and other OHA partners and community members participated in a review of the proposed Five-Year Plan and Annual Plan. The participants were also involved in planning to quantify and specify appropriate strategies and expected outcomes for the Sixth-Year Annual Plan (April 1, 2005), related to the housing and related needs of low-income families in Orange County.

On December 16, 2004, the Orlando Housing Authority conducted a Public Hearing, at which time the general public had an opportunity to present their comments and views on the Five-Year Agency Plan and the Annual Plan. Additional opportunities for review, comment and input by residents, stakeholders and the public were provided throughout the planning process.

The Resident Advisory Board, members of whom are elected officers of public housing resident associations or Section 8 participants, attended the Agency Plan retreat June 25, 2004. Additional RAB meetings were held on August 24, 2004 and November 13, 2004. Draft Agency Plans were mailed to each RAB Board member for review and comment.

Challenge Statement

The Orlando Housing Authority service area encompasses the jurisdiction within Orange County, Florida and the City of Orlando, Florida. Both governmental units are CDBG Entitlement Communities. Therefore, they are required to develop and submit Consolidated Housing Plans. Based on the data and conclusions contained in the current Consolidated Housing Plans for their respective governmental units, the key housing-related challenges faced by low-income families are;

1. Limited supply and locations of affordable housing for Extremely Low (ELI) and Very Low-Income families (VLI)
2. Limited availability and accessibility of affordable housing for the elderly and disabled
3. Limited availability of affordable homeownership opportunities for low-income families

In addition to data and conclusions contained in the Consolidated Housing Plans, the Orlando Housing Authority and its partners identified several obstacles to the provision of affordable housing. They include, but are not limited to;

1. Lack of public support for affordable housing development
2. High cost of housing development

Low-income families, especially those who are current or potential recipients of Public Housing Agency programs, were determined to have non-housing challenges that impact their ability to obtain suitable quality housing. Among those challenges and obstacles are;

1. High unemployment due to lack of job skills and job readiness

2. Low levels of education
3. Low wages
4. High level of dependence on federal assistance

Mission, Goals, Strategies

The mission of the Orlando Housing Authority is “To offer a choice of safe and affordable housing options and opportunities for economic independence for residents of Orlando and Orange County.” The mission will be accomplished through the development and preservation of affordable housing, ensuring equal opportunity in housing, promoting self-sufficiency and improving the quality of life for residents with low-incomes.

Affordable Housing

Consistent with HUD’s strategic goal of “Increasing the availability of decent, safe and affordable housing in American Communities”, the Orlando Housing Authority Five-Year goals are to:

- 1) Generate income from properties to acquire additional properties
- 2) Determine feasibility of and subsequent plan for a short-term emergency shelter, dependent on funding
- 3) Produce or acquire 300 units of quality, affordable mixed-income housing for rental by lower to moderate-income individuals and families.
- 4) Explore possibilities for the development of existing vacant land owned by OHA
- 5) Develop a 100 unit Assisted Living Facility in Apopka or elsewhere within Orange County

Additionally, OHA will provide seventy-two (72) homeownership opportunities for low-income families of Orange County.

Year One Plan Goals:

Equal Opportunity Housing

With respect to HUD’s strategic goal of “Ensuring equal opportunity in housing for all Americans”, the Orlando Housing Authority Five-Year goals are to:

- 1) Promote equal access through advertising and
- 2) Increase the percentage of all Section 8 mover families with children who move to non-impacted census tracts by 2% per year
- 3) Maintain mandatory income-mixes in public housing

Year One Plan Goals:

Self-Sufficiency

The Orlando Housing Authority will address HUD's strategic goal of "Promoting self-sufficiency and asset development" of families and individuals by creating an environment where residents who want to achieve self-sufficiency will have every opportunity to do so. The OHA Five-Year goals are to promote employment of adults in public housing households;

1) Provide job skills and employability training and placement services for 100 adults

2) Provide vocational assessment services for up to 100 individuals

3) Partner with at least 5 area employers to provide job training opportunities for youth and adults

4) Partner with Orange County Public Schools to provide FCAT and other test tutorials for youth

5) Partner with Orange County Public Schools to provide up to 25 sessions of English for Speakers of Other Languages (ESOL), General Equivalency Diploma (GED) and Adult Basic Education (ABE) for 40 residents

6) Provide access to childcare for 90 children of parents who are participating in OHA self-sufficiency programs

7) Target services for 6 sites; Griffin Park, Lorna Doone, Meadow Lake, Johnson Manor, the Villas at Hampton Park and Reeves Terrace

Year One Plan Goals:

Quality of Life

Consistent with HUD's strategic goal of "Improving quality of life and economic viability", the Orlando Housing Authority Five-Year goals for maintaining its own economic viability are to;

1) Increase the economic viability of the Orlando Housing Authority by reducing the need for HUD funding by 10%

2) Facilitate a favorable image of the Orlando Housing Authority and its program beneficiaries

3) Increase the ability of OHA to provide quality services by improving employee performance, productivity and customer service

4) Provide voter initiatives to encourage registration and voting

5) Investigate and evaluate environmentally-friendly activities, such as recycling

Conclusion

The Orlando Housing Authority Five-Year Plan and Annual Plan have the broad support of the resident community, human services organization and non-profit community, as well as other stakeholder support. Additionally, OHA's mission, goals and objectives are consistent with the needs and priorities identified by local government through their Consolidated Housing Plans. The Year One Annual Plan was prepared with a high level of community involvement and input. The resultant strategies will allow the Orlando Housing Authority to remain a leader in the affordable housing community within the City of Orlando and Orange County, Florida.

Housing Needs of Families on the Waiting List

Is the waiting list closed (select one)? No Yes

NOTE: The public housing waiting list remains open because OHA estimates that approximately 5% to 10% of the families on the waiting list will actually move into OHA public housing units, i.e. for every one unit available, up to 100 names are pulled from the waiting list.

In order to maintain a qualified pool of applicants, it is necessary for OHA to solicit working families through a targeted marketing strategy. With the current turnover rate, families with a preference will wait no longer than 12 months for public housing.

The list was purged in July 2004 and is being purged April 2005. The wait for families with a preference is no longer than 12 months.

If yes:

How long has it been closed (# of months)?

Does the PHA expect to reopen the list in the PHA Plan year? No Yes

C. Strategy for Addressing Needs

Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency’s reasons for choosing this strategy.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources

- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
The Orlando Housing Authority participates with both the City of Orlando and Orange County Consolidated Housing Plan committees. OHA provides input to both the City and County planning process through participation in meetings, workshops and other public forums and by providing housing statistics related to demand for and supply of public housing and Section 8 assistance.

ATTACHMENT A

Policy to Deconcentrate Poverty and Promote Integration in Public Housing

Background

Included in Quality Housing and Work Responsibility Act of 1998 (QHWRA or Housing Reform Act) is a requirement that public housing authorities submit, with their Agency Plans, an admissions policy designed to promote income-mixing within public housing complexes. The U.S. Department of Housing and Urban Development (HUD) established “income-mixing” rules and tools for evaluation of the current income-mix. The procedures are delineated, “Rule to Deconcentrate Poverty and Promote Integration in Public Housing; Final Rule”, published in the Federal Register as 24 CFR Part 903 and dated 22 December 2000.

Policy

The intent of the deconcentration policy is to promote mixed-income developments through the use of admissions incentives. The QHWRA specifically states that specific income and/or racial quotas may not be imposed. Deconcentration can only occur through admissions procedures. Families currently residing in developments will not be affected by the regulations.

Additionally, families seeking admission to public housing may be offered incentives (e.g. a free month’s rent) to choose a housing unit in a development in need of higher or lower income families to provide required income-mixing. Under no circumstances shall any adverse action be taken toward a family who chooses not to accept the incentive and refuses housing in the offered development.

Determination of Covered Developments

Only certain developments within a housing authority are covered by the deconcentration rule;

- 1) Sites with 100 or more units
- 2) General family developments

Other developments, such as those designated as elderly and handicapped only, those complexes of fewer than 100 units, complexes approved for demolition and developments with an established mixed-income plan (HOPE VI) are exempt from the deconcentration rule.

Based on the criteria, the Orlando Housing Authority developments covered by the Deconcentration Rule are;

- 1) Griffin Park
- 2) Ivey Lane Homes
- 3) Murchison Terrace
- 4) Lake Mann Homes
- 5) Reeves Terrace

Required Established Income Ranges

The Deconcentration Rule outlines the method under which average incomes are determined for each complex. Using a formula that assigns a bedroom size “factor”, the calculation is made by taking the average of the total incomes within the complex, adjusted for bedroom size. The averages for each site are then added together and averaged for “an authority-wide” income. Based on the authority-wide average income, each complex must then fit into a range of between 85% and 115% of the authority-wide average income. The range must be evaluated once per year and results included in the Agency Plan, along with plans to correct situations where a complex is “out-of-range”.

Current Status of Orlando Housing Authority Sites

The Orlando Housing Authority sites are currently within the Established Income Range;

Griffin Park	97%
Ivey Lane Homes	103%
Murchison Terrace	98%
Lake Mann Homes	96%
Reeves Terrace	104%

Therefore, no corrective action is needed at this time.

Procedure for Corrective Action When Required

The Deconcentration Rule requires admission policy procedures to correct imbalances within sites that do not meet the Established Income Range. The procedures are as follows;

- 1) When a development is determined to be outside of the Established Income Range, the Director of Admissions and Occupancy will notify the Deputy Director. The Deputy Director and Admissions and Occupancy Director will evaluate the degree to which the identified development is outside of the Established Income Range. A determination will be made as to why the situation developed, i.e. is there an identifiable reason that caused the situation to occur? When the determination is made, then a corrective plan of action will be developed. For example, capital improvements may be needed to make the site more desirable and such improvements may be included in the capital budget.
- 2) Depending on the reason for the situation, there may be a need to skip a family on the waiting list in an effort to further the goals of deconcentration. HUD has established that “skipping” for the purposes of deconcentration does not constitute an adverse action.
- 3) The Orlando housing Authority may choose to justify to HUD the reason that the complex is outside of the Established Income Range.
- 4) OHA may choose to provide incentives, including an affirmative marketing plan, rent incentives or adding additional amenities to the site.

The chosen admission activities shall occur until the development is within the Established Income Range.

Fair Housing

No action of the housing authority in attempting to achieve deconcentration and income-mixing shall violate Fair Housing policies.

Comments of Resident Advisory Board

The Resident Advisory Board consists of The Resident Advisory Board (RAB) members attended the Agency Plan retreat June 25, 2004. Additional RAB meetings were held on August 24, 2003 and November 13, 2004. Draft Agency Plans were mailed to each RAB Board member for review and comment.

A Public Hearing was held on December 16, 2004.

Resident Comment 1:

Why does OHA limit an applicant's criminal record to a period of three (3) years?

OHA Response:

The Orlando Housing Authority is limited by regulations as to the period of time they can use a criminal history as a reason for denying admission. However, there are some criminal offenses where the period can be extended.

If the individual owes another housing authority money, then the denial can continue unless the applicant repays the funds.

Resident Comment 2:

Why does OHA mix elderly residents and younger disabled residents? Why can't the buildings be "elderly only"?

OHA Response:

OHA is in the process of applying for elderly only designation of three (3) of its sites; the new facility to be built at Carver Court, Johnson Manor and Lorna Doone. One site, Meadow Lake, will be designated as "disabled only". Until the designation is approved by HUD, then OHA may not deny any eligible persons admissions to the complexes.

Resident Comment 3:

What is the status of the Assisted Living Facility?

OHA Response:

OHA is moving forward with an ALF on land adjacent to the Marden Meadows public housing site in Apopka. The site must be funded and zoning approval obtained.

Resident Comment 4:

Are former Carver Court residents required to move back to the site when it is built?

OHA Response:

No. Residents were permanently relocated. OHA encourages residents to consider the benefits of the Homeownership Program, both onsite and offsite.

Resident Comment 5:

(Regarding discussion of a possible Drug Court graduate public housing preference)

“I think everyone deserves a chance. If the Court will be watching the person, we are probably safer than if the person is using drugs and hasn’t been caught”.

- If, at the next annual recertification, a family is not compliant, the lease will not be renewed, and the entire family will have to vacate, unless the noncompliant member agrees to move out of the unit.

Year Five Progress in Meeting Five-Year Plan

Planning Area I: Increase the availability of decent, safe, and affordable housing.

- 1) Develop the capacity to implement and operate a range of housing programs*
- 2) Produce 500 incremental units of quality, affordable mixed-income housing for rental by lower to moderate-income individuals and families. Replace housing lost through conversion, demolition and disposition*
- 3) Assist sixty (60) low-income households to become homebuyers*
- 4) Preserve the nature of subsidized housing complexes that are currently at risk from expired/expiring use restrictions for use as low-income housing*

Progress:

The Orlando Housing Authority's purchase of the 281 unit affordable housing complex called West Oaks was completed. As part of the bond financing, OHA was required to fulfill an Achievement Agreement, whereby 90% occupancy needed to be maintained along with a debt service ratio of 1.25 for the last 3 months of the first year of ownership annualized. OHA successfully met the requirements. The property is managed by Stevenson and Moore. The property management firm was selected through an RFP process.

OHA continues to take measures to produce and acquire additional mixed-income and affordable housing. Additionally, feasibility of building an Assisted Living Facility in Apopka continues, with the zoning process beginning. The Buyer's Agent's contract was completed. A new solicitation will be made for a Buyer's Agent in 2005, so that OHA can continue to look for acquisition properties that can be maintained as affordable housing or mixed-income housing.

OHA continues to advocate for a state set-aside of Low Income Housing Tax Credits (LIHTC) for HOPE VI developments and other public/private partnerships through its participation in the Florida Association of Housing and Redevelopment Officials (FAHRO).

The Orlando Housing Authority was awarded a FY 2002 HOPE VI grant in March 2003 for the redevelopment of the former Carver Court public housing site. The new property was renamed "Carver Park". The name was chosen to keep the history of the site, as well as indicate that it was a new development. Infrastructure activity has begun and the Revitalization Plan approved by HUD.

Nineteen (19) additional households became homeowners, an activity that was completed ahead of schedule.

OHA is an active member of the Central Florida Affordable Housing Roundtable and other housing groups. It continues to seek partnerships with profit non-profit developers, including faith-based community development groups.

Planning Area II: Ensure Equal Opportunity in Housing for all Americans

- 1) Acquire or develop affordable units in areas with income levels above 50% of median income, other than those units associated with revitalization efforts, to achieve geographic diversity*
- 2) Increase the percentage of all Section 8 mover families with children who move to non-impacted census tracts by 2% per year*
- 3) Maintain mandatory income-mixes in public housing*

Progress:

The Orlando Housing Authority has increased its marketing efforts within the community, so that it can increase public and corporate awareness of its activities and the need for affordable housing. A copy of the Executive Director's monthly report is distributed to realtor groups at least two times per year and a presentation was made to realtor groups regarding the need for and availability of affordable housing programs.

OHA continues its strategy to increase the percentage of Section 8 families with children moving to non-impacted census tracts. Census data is collected yearly and orientation for new Section 8 Housing Choice Voucher holders emphasizes the choices of housing options in non-impacted areas. Recruitment of new landlords is an ongoing effort and landlords continue to seek out information about becoming Section 8 landlords.

With Section 8 Housing Choice Voucher fund cuts, OHA reduced its Fair Market Rent payments to 95%.

Orientation for potential and new landlords is held at least annually. Median incomes are evaluated annually in Orange County and the City of Orlando and the Deconcentration Policy efforts have resulted in continued compliance with public housing income distributions among sites.

Flat rents are available as incentive to all families and an admission preference is given to worker families (elderly and disabled receive the same preference).

Amenities within the public housing complexes continue to be funded through the Capital Fund Program. All sites now have central air and heat. Parking improvements were completed at Lake Mann Homes. Washers and dryers were made available at Citrus Square in a feasibility study. The program will be expanded to other sites.

A marketing strategy implemented last year was very successful. A greater number of working families applied for public housing. Bus advertising and radio advertising were particularly successful. Advertisements were placed on radio stations that reach all cultures and populations within the County.

Planning Area III: Promote self-sufficiency and asset development of families and individuals

- 1) Promote employment of adults in public housing households*
- 2) Reduce the rate of unemployment among Section 8 beneficiaries by 2% per year*
- 3) Enable 10 beneficiaries of Section 8 assistance to become homeowners and assist them in maintaining homeownership status*
- 4) Identify 10 public housing families capable of achieving homeownership*
- 5) Facilitate the development and operation of 3 additional client-owned businesses*

Progress:

The OHA has also partnered with Marriott International to provide employment training and Job-placement programs. Four (4) residents were selected to participate in the Program. The Marriott Pathway to Independence Program

offers six weeks of jobs skills training, On-the Job training in the Hotel/Hospitality Industry. Participants are paid during training and will offer a variety of career opportunities at the Marriott.

OHA has partnered with the Goodwill Industries of Central Florida to conduct Vocational Assessment for OHA residents in an effort to promote identification of knowledge, skills and ability and to ensure that residents are assured of better equipped to enter the workforce. Assessments are conducted via referral from OHA CSS staff to the Goodwill on an individual basis.

OHA Social Services staff continues to provide supportive services to OHA residents. Services include comprehensive case management services which includes Assessments, Identification of Self-Sufficiency goals through Individual/Family Development Plan (IFDP), Transportation assistance, Childcare Assistance, counseling and referral services. Through this approach the Social Services Staff is able to empower and support resident in achieving their self-sufficiency goals through identification and elimination of the many barriers to economic independence and self-sufficiency.

OHA continues to promote employment among its residents by forming strategic alliances with the following local service providers for the implementation of the Carver Court Community and Supportive Services Program and in support of its Family Services Department.

1. Marriott International
2. The Minority/Women Business Enterprise Alliance
3. Metropolitan Orlando Urban League
4. Goodwill Industries of Central Florida
5. JOBS Partnership of Florida
6. University of Central Florida
7. Mt. Pleasant No Longer Bound, Inc.
8. The Orange County History Center
9. Agency for Health Care Administration
10. Mt. Olive-The Olive Branch
11. Orange County Public Schools

Planning Area IV: Improve community quality of life and economic vitality

- 1) Improve the physical condition of existing OHA-owned and/or OHA-managed housing units to achieve rent comparability with standard quality housing in the local private market*
- 2) Increase effective resident involvement in improvement initiatives*

The Capital Fund Program (CFP) solicits comments from residents once yearly to assure that resident priorities for capital improvements are noted. The CFP plan was approved by HUD and is on schedule.

Resident involvement continues through the resident associations. Notices of Board meetings and other activities are mailed to the Presidents of the resident associations. The Executive Director holds a monthly meeting with the officers of the resident associations. OHA staff attend resident association meetings to provide technical support and training in the rules of order.

The Family Services Department prepares a monthly calendar of resident association activities for distribution to all sites.

Other Goals

Progress:

- 1) Increase the economic viability of the Orlando Housing Authority by reducing the need for HUD funding by 10%*
- 2) Facilitate a favorable image of the Orlando Housing Authority and its program beneficiaries*
- 3) Increase the ability of OHA to provide quality services by improving employee performance, productivity and customer service*

The purchase of the West Oaks housing complex through bonds addressed the goal of reducing HUD funding. The search for additional properties continues.

Monthly newsletters update the community on the activities of the Orlando Housing Authority. Two articles were printed in a local newspaper regarding Orlando Housing Authority activities favorable toward residents and the image of OHA.

Team building activities occur for the full staff at least two times per year.

Attachment J Section 8 Homeownership Capacity Statement

This program is dependent on funding

PURPOSE: To increase the homeownership opportunities of low-income persons with the use of Section 8 subsidy. The Orlando Housing Authority Board of Commissioners has chosen to institute the optional Section 8 Housing Choice Voucher Homeownership Program.

GUIDELINES:

1. During the Fiscal Year 2005-2006, the program size will be limited to 10 families, due to staffing limitations.
2. Priority for participation is given to Section 8 Housing Choice Voucher program participants enrolled in the Family Self-Sufficiency Program or enrolled in the HOPE VI Homeownership Program.
3. Eligible families will be assisted in the order in which they are able to present bona fide "Contract of Sale" agreements to the Orlando Housing Authority.
4. Participating families will be required to submit written progress reports on a monthly basis. Failure to do so will result in a review of continued program eligibility.
5. Families must attend and satisfactorily complete a pre-assistance homeownership and housing counseling program. Additionally, families must attend one post-purchase homeownership counseling session per year and, if necessary, any post-purchase early delinquency counseling required by the lender/servicer. Failure to participate in the required sessions will result in a review of continued program eligibility.
6. The Orlando Housing Authority may terminate voucher assistance for failure to meet the requirements of the Section 8 program.
7. If the family defaults on the mortgage, the Orlando Housing Authority may choose to issue the family a voucher to move to a rental unit and continue rental assistance. However, the determination will be at OHA's discretion and be based on the good faith efforts of the family to meet its obligations and prevent default.
8. One or more of the adult family members who will own the home must be continuously employed for at least one year preceding the commencement of homeownership assistance. Continuous employment is defined as an average of 30 hours or more per week. An interruption of 4 weeks or less is not considered a break in continuity. A longer break will be considered continuous employment if the adult member of the family is employed in a seasonal industry, provided that the minimum income for eligibility is earned during the part of the year worked. It is not considered

a break in continuity if one or more of the adult family members who had previously been continuously employed for at least a year is currently earning the minimum income for eligibility, while working an average of at least of 20 hours per week and attending school or job-training for 10 or more hours per week. OHA will also consider interruptions of employment of more than 4 weeks if the family has been continuously employed for at least one year, if the interruption of employment is due to events beyond the family's control (e.g. hurricane damage at place of work, terrorist attacks) and the minimum income requirement has been met. Preference for assignment to homeownership counseling classes will be given to families who have been continuously employed for two years or more and meet the requirements for participation in the Orlando Housing Authority Homeownership program.

9. The Orlando Housing Authority must approve direct seller financing. Balloon payments are prohibited. Families must provide, from their own sources, a minimum down payment of \$1000 or 1% of the purchase price, whichever is greater.
10. The Orlando Housing Authority must review and approve lender conditions and financing requirements. OHA may determine that the debt is unaffordable for the family.
11. Section 8 payments will be made in one of three forms
 - 1) Directly to the Family
 - 2) Directly to the lender
 - 3) Direct Deposit to a joint account held by agency and family, once both portions of the mortgage are on the account; the lender will retrieve the funds.
