## **Year Plan**

*(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000 - 2004.*

BHA has had success in meeting its goals and fulfilling its mission over the past five years. It has increased the availability of decent, safe and affordable housing through its development corporation. Public and private resources were leveraged to develop 14 new affordable homeownership units and to rehabilitate 20 rental units for low-income households.

The quality of assisted housing was improved through the modernization of 142 public housing units. Increases in customer satisfaction and the improvement of certain management functions is reflected in the maintenance of BHA's high performer designation in both PHAS & SEMAP.

Assisted housing choices were increased through outreach efforts to potential voucher landlords and the implementation of a homeownership program.

The quality of life and economic vitality of BHA communities was improved through the implementation of public housing security improvements and the continuation and improvement of community collaboration efforts in our family development and with our Congregate Services Program for the elderly.

The self-sufficiency and asset development of residents was promoted through supportive services to improve employability and to increase independence for the elderly and families with disabilities.

Equal opportunity and fair housing were furthered through the implementation of affirmative measures to ensure access to assisted housing and suitable living environments regardless of race, color, religion, national origin, sex, familial status and disability. Additionally, measures were taken to ensure accessible housing to persons with all varieties of disabilities.

Further goals were met by continuing to deliver high-quality maintenance services in a timely and efficient manner and through partnership with the Town and other community leaders to:

- enhance the availability of affordable housing units and
- improve resident and community perception of safety and security in BHA's public housing developments.
