[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The 2005 Agency Plan addresses implementation of strategies to improve our Public Housing and Section 8 Housing Choice Voucher Programs. The Section 8 Housing Choice Voucher Program has undergone many changes and the South St. Paul HRA has made changes to its Administrative Plan to increase program integrity and decrease rent calculation errors. In Public Housing we received elderly designation in 2000 and this has improved the quality of life for our residents. We completed the energy performance contracts to supplement our Capital Fund resources and as a result have realized cost savings.

iii. Annual Plan Table of Contents

Attachment A

10.4 DECONCENTRATION POLICY

It is the South St. Paul Housing and Redevelopment Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The South St. Paul Housing and Redevelopment Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement. The worksheet for the analysis can be found attached.

10.5 DECONCENTRATION INCENTIVES

The South St. Paul Housing and Redevelopment Authority may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development.

Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.

10.5 OFFER OF A UNIT

When the South St. Paul Housing and Redevelopment Authority discovers that a unit will become available, we will contact the first family on the waiting list who has the highest priority for this type of unit or development and whose income category would help to meet the deconcentration goal and /or the income targeting goal.

2004 Resident Advisory Board Meeting Attachment D

The meeting was held at 3:00 p.m. on August 5, 2004 in the old court room of City Hall in order to better accommodate those on the board with disabilities. The tenants were very interested in the process and asked a lot of good questions. The meeting adjourned at 5:00 p.m.

The following persons were present: Melissa Mars- Mattson, Housing Manager, Art Miklos from Nan Mckay, Bob O'Leary from Nan Mckay, Pat Ryan from John Carroll and Kathy Gaut from John Carroll.

Invited but absent were: Nadine Holley of John Carroll & Barb Stelmasik of Nan Mckay.

The following comments were made by the Resident Advisory Board:

1. Requesting that a sign be placed at the front entrance of the John Carroll highrise entrance indicating that there is a security camera in use. She felt it would help residents feel safer and less intimidated on the occasions when a non-resident tries to gain entrance to the building at the same time without using the security phone system.

Response: We have this type of sticker at the back door of John Carroll and I don't think it would be that difficult or costly to add a sign to front entrance as requested.

2. Requested that a reminder be placed in the Management Notes of the monthly newsletter regarding tenants obstructing the hallway. She felt it was a safety issue and would impede the exit of tenants in the event that should become necessary.

Response: I would certainly have no problem with putting a reminder into the monthly newsletter.

3. Request was made from a tenant of the 13th floor that plexiglass or a clear plastic material be placed over the slats of the railing to prevent injury and potential lawsuit. It was felt that a small child or perhaps a tenant's pet would accidentally get stuck or fall through completely. Another board member suggested peg board to cover it. Discussion ensued and it was felt asthetically better with clear material.

Response: I told the board I would present all comments at the HRA office and that a decision would be made regarding any comments the board brought to our attention. I also indicated where in the plan the comments would be duly noted and a response made.

I do not know the exact measurement of the space between the slats for a child to get injured especially when the rule is that an adult must accompany children while they are in the building. It is entirely possible that a pet would get stuck or travel to the other side of the railing and risk injury however : the Pet Policy indicates that the pet needs to be under the control of the tenant at all times in order to prevent that type of incident from happening.
