13. Capital Fund Program Five-Year Action Plan

PHA Progress In Meeting The Mission And Goals And Objectives Described In The 5-Year Plan

The Hunterdon County H A made significant progress regarding the mission and stated goals and objectives as established in our previous 5–year plan.

In terms of expanding the supply of assisted housing, we were able to increase our total number of participating owners by 5%. This was accomplished by outreach efforts and a very strong commitment to customer services. The Hunterdon County H A enjoys a fine reputation amongst the owners in the community. One of our goals was to increase assisted housing choices. Again, we were successful in increasing the total number of participating owners. In addition, we encouraged and supported a residence developed by a private non-profit that targets supportive housing for disabled tenants. This increased the choices for some of our consumers who would have been otherwise unable to secure a unit for independent living.

One of our 5-year goals was to promote self-sufficiency. We successfully accomplished this goal by making consistent referrals for services. We helped consumers access employment services through our close working relationship with the Division of Social Services. We referred tenants to a local community action program for access to the Individual Development Account (IDA) program that provides matching funds for participants who agree to set aside money in savings accounts. We made regular assessments regarding our tenants' eligibility for additional benefits and programs that would ensure that their needs were met and their financial security was protected. Tenants were referred for General Assistance, Unemployment, Workers Compensation, Veterans Benefits, Medicaid, TANF and employment services.

The Hunterdon County H A met its 5-year goal and continues our commitment to ensure equal opportunity and affirmatively further fair housing. We helped to facilitate the development of additional accessible units in a local project for the elderly by connecting disabled consumer advocates directly with the developer. We provided and continue to provide regular information and referral to the general public in terms of locating and securing accessible units both in our own county and outside of the county. We contact owners directly to discourage discrimination by educating them on fair housing and encouraging reasonable accommodations.

The Hunterdon County H A continues to strive for superior customer services in terms of both owners and tenants. We have very high standards and a deeply committed staff. We enjoy a fine reputation in the community and consistently work to improve our delivery of services. We advocate passionately for our participants while maintaining the highest regard for the federal regulations that enable us to provide rental subsidy to the vulnerable populations that we serve.
