### **13. Capital Fund Program Five-Year Action Plan**

#### Leveraging of Capital Funds

The Boonton Housing Authority has determined that capital projects in its five-year plan need to be accelerated. The authority has elected to join a pool of other New Jersey housing authorities in order to finance identified projects and be able to accomplish major capital projects sooner than anticipated. HUD has allowed the Authority to leverage the financing needed by using its capital funds. The estimated amount of the annual interest and principal payment (the mortgage) over the next twenty years is expected to be \$31,295. The financing is solely secured by the pledge of future capital funds from HUD and has **no other impact on other programs or buildings owned by this Authority.** The amount of funds expected to be received for capital projects and the costs of financing are as follows:

#### **Source of funds:**

Financing proceeds	\$390,000.
--------------------	------------

#### **Use of funds:**

Capital projects	\$390,000.
------------------	------------

The capital projects are expected to be completed over a two-year period and will be identified when a physical needs assessment, presently underway, is completed. Until that time, funds will be deposited to a replacement reserve account.
