9. Additional Information

[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

1. **New Administrative Office Space** – The LMHA currently occupies office space located in its elderly hi-rise at 85 W. Church Street, Newark, Ohio, which consists of several converted public housing units. The space is woefully inadequate for the Section 8 component of LMHA's operation. The lack of adequate office space and inefficient layout hinders optimum productivity and workflow, as well as contributes to a less than desirable environment to service our customers. Although our original submission of this 5 year plan called for the remodeling of the current office space to better serve our needs, the LMHA has concluded that option will not meet our space and workflow needs, nor does it maximize employee performance and the efficiency of the Housing Authority's Housing Choice Voucher program.

By Board resolution, the LMHA has previously earmarked \$600,000 of the funds in that account for the purpose of adding more adequate office space through the construction of an addition to 85 W. Church Street. However, after the preparation of plans and specifications for such an addition and procuring cost estimates, the LMHA concluded that new construction is not financially feasible. From there, the management of LMHA has recommended that acquiring office space by means of the purchase of a suitable structure that is non-contiguous to 85 W. Church Street is the most cost efficient option for accomplishing our goal.

Office space for the Section 8 staff and Executive Director's office would best be in close proximity to its public housing hi-rise in order to optimize the efficiency of its operations. The Board of Commissioners are in agreement with the most recent management recommendation and passed a unanimous resolution in the November 15, 2004 Board meeting to move forward and acquire an existing office building once all needed approvals are obtained.

A less desirable alternative is to lease space from a private property owner that would be suitable for its needs and to use the funds for that purpose. Regardless of how non-contiguous space is acquired, the LMHA will look into the possibility of restoring the majority of its existing office space to housing units to serve the housing needs of Licking County. It should be noted the LMHA public housing staff will maintain their office area within the hi-rise apartment building to best serve the needs of the residents.

2. Roof Replacement - The condition of the current roofing system at Terrace Gardens is seriously inadequate and in need of urgent replacement. Emergency replacement has been requested in 2004 and will be replaced in early 2005.

B. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan, continued

3. Air-Conditioning – The Air-Conditioning units, purchased in 2000 and installed in early 2001, have been beset by engineering defects and have required continual repairs and have created inconvenient and inadequate A/C service to the Terrace Garden's residents. The costs have been covered to date under a 5-year warranty that will expire at the end of 2005. LMHA is currently working with A/C manufacturer for a suitable resolution to this defective equipment. Depending on the outcome, this may result in emergency upgrade/replacement of A/C in 2005 or 06.

4. MCS Computer System – LMHA is currently using a DOS-based Visual MCS system that the developer has announced has reached an "end of life" status and MCS will no longer support at the end of 2005. This will require us converting to a Windows-based program by the end of 2005.

5. Rehab of 85 W. Church St. – Built in 1976, the Hi-Rise is at a stage where annual rehabilitation required. Rehabilitation Projects for 85 W. Church St. will occur in 2005-09 and will include the following:

- Installation of new windows - 2005
- Pressure wash and seal building -2006
- Deck and terrace repair – 2007
- Sprinkler System update - 2007
- Upgrade generator - 2008
- Site interior improvements – 2009

(Timetable above is tentative and the priority may change.)

B. Criteria for Substantial Deviations and Significant Amendments

(1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

a. Substantial Deviation from the 5-Year Plan

The LMHA'S definition of Substantial Deviation and Significant Amendment or Modification to the Five-Year Plan is as follow:

- * Changes to rent or admissions policies or organization of the waiting list;

- * Additions of non-emergency work items (items not intended in the 5-Year Action Plan) or change in use of replacement reserve funds under the Capital Fund; and
- * Any change with regard to demolition or disposition, designation, homeownership programs or conversion activities.

b. Significant Amendment or Modification to the Annual Plan

The LMHA's definition of Substantial or Significant Amendment to the Annual Plan is as follows:

- * Changes to rent or admissions policies or organization of the waiting list;
- * Additions of non-emergency work items (items not intended in the current Annual Plan statement) or changes in use of replacement reserve funds under the Capital Fund; and

10. Project-Based Voucher Program

- a. Yes X No: Does the PHA plan to “project-base” any tenant-based Section 8 vouchers in the coming year? If yes, answer the following questions.
- b. X Yes No: Are there circumstances indicating that the project basing of the units, rather than tenant-basing of the same amount of assistance is an appropriate option?

If yes, check which circumstances apply:

- Low utilization rate for vouchers due to lack of suitable rental units
- Access to neighborhoods outside of high poverty areas
- Other (describe below:)

Although we have no specific plans to project-base units in this upcoming year, there is interest among community organizations, including advocacy groups, to support their efforts to build or rehab housing for their clientele. We would willingly cooperate in these efforts should they proceed to project development and construction. That is why we indicated our intention to participate in project-basing in our 5-Year Plan Update and not in the Annual Plan.

c. Indicate the number of units and general location of units (e.g. eligible census tracts or smaller areas within eligible census tracts):
