ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Mission of the Housing Authority of Nicholasville is to provide and maintain adequate, safe, quality affordable housing in a cost-effective manner. By partnering with others, we offer rental assistance to our community in a non-discriminatory manner, which provides a suitable living environment and economic opportunities free of discrimination.

We have also adopted the following goals and objectives: Goal One: Manage the Housing Authority of Nicholasville's existing units in an efficient and effective manner thereby qualifying as at least a standard performer. The objectives to Goal One 1.) Make our units more marketable to the community as evidenced by an increase in our waiting list by increasing the curb appeal of the units, increasing customer satisfactions, and making the units more energy efficient; 2.) Increase the availability by becoming more efficient in our management and maintenance practices, which will be evident by lower vacancies and better turnover rates. Goal Two: Explore available opportunities to meet the community needs of the elderly and/or disabled residents by adding more one (1) bedroom units. The objective to Goal Two is to explore private funding and other sources to support the growing need. Goal Three: Explore the cost effectiveness and feasibility to transfer the Gas, Water, and Sewer utilities to the local corresponding utility companies. The objectives to Goal Three is to research the utility transfer and request approval from HUD if the research results in cost savings to the agency.

Our Annual Plan is based on the premise that if we accomplish our goals and objectives we will be working towards the achievement of our mission. The plans, statements, budget summary,

policies, etc. set forth in the Annual Plan, taken as a whole, outlines a comprehensive approach towards our goals and objectives and are consistent with the Consolidated Plan and the needs of our community.

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

The Housing Authority of Nicholasville using the Housing Needs indicated in this plan will seek three strategies in the upcoming year: 1) maximize the number of affordable units available within its current resources, 2) explore mixed-financed housing opportunities for additional one (1) bedroom public housing units for elderly and/or disabled residents (see below check list) and, 3) research cost savings and feasibility opportunities to transfer Gas, Water, and Sewer utilities to their local corresponding utility companies.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- X Employ effective maintenance and management policies to minimize the number of public housing units off-line
- X Reduce turnover time for vacated public housing units
- X Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction

- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed - finance housing: explore opportunities available for one (1) bedroom public housing units for elderly and/or disabled residents

- Other: (list below)

Need: Specific Family Types: Families at or below 30% of median

Strategy 1: Target available assistance to families at or below 30 % of AMI

Select all that apply

Attached at Attachment (File name)

X Provided below: **Summary of comments listed below**

The Resident Advisory Board met on December 14, 1999.

Physical needs for the units as stated by the residents on the Board were as follows: one bedroom units were too small, wish to have Central Air due to the needs of residents with health problems, wish to have grab bars in the bathrooms in all one bedroom units for the elderly, and access to the outside water faucet. New furnaces would be more energy efficient. It was also noted that a review of the insulation should occur when the furnaces are reviewed because it would also increase energy efficiency.

Occupancy suggestions as noted by the Board as follows: wish for PHA to seek elderly designation of certain units, to affirmatively market to local non-profit agencies that assist families with disabilities, to add preferences for working families, veterans, or residents in education/training programs, and to add PHA briefing seminars where residents can obtain PHA information regarding rules of occupancy.

All members of the Board were encouraged by the idea to start using the Community Room for regular events hosted by different local agencies. They wanted to see more involvement with the residents. The Health Department was willing to do programs for the residents at no cost because they have funding to finance programs for low-income residents. The local Adult Education programs would possibly work with the agency to host classes in the Community Room. The Education programs could be promoted at a separate function for the residents, especially GED.

The Resident Advisory Board noted the problems many residents have getting around town or to Lexington, Kentucky because of lack of transportation, especially elderly residents getting to doctor appointments. They also discussed the lack of one bedroom units available in the community (PHA only has nine). Members representing the community stated they would assist where needed to get additional one bedroom units in Nicholasville.

The Resident Advisory Board concluded the meeting by discussing the positive aspects to the agency by having these types of meetings: Getting the community involved setting goals.

Attachment KY034a01:

Deconcentration Policy

It is Housing Authority of Nicholasville's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The Housing Authority of Nicholasville will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

Deconcentration Incentives

The Housing Authority of Nicholasville may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development. Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.

This Deconcentration policy section is an exert from the agency's Admissions and Occupancy Policy.
