[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000___ - 2004___.

During the 5-Year period, October 1, 2000 through September 30, 2004, we met our goals as outlined in our plan. We have expanded our supply of assisted housing by receiving 90 units of Housing Choice Vouchers along with 5 mod rehab units. We did increase the Voucher Payment Standards to 100% of the FMR. We provide counseling and have a video presentation as part of our briefing packet as well as on-going information to current clients. We also encourage landlord participation through outreach efforts, making them aware of the program advantages through workshops and mailouts. We have provided extensive on-going training to our staff through workshops, colleges & universities, tech schools and adult

education, on-site training, and other educational facilities. This training along with the upgrade of our computer equipment/software has provided the necessary tools to service our community and clients with a higher level of performance. In Public Housing, we continue to use Capital Funds to renovate/modernize our public housing units. We have improved the quality of life and economic vitality in our community by installing central heat/air units in our family units with Capital funds. This effort has had a positive effect on reducing crime. During this period we have spent approximately \$2,200,000 on modernization work in our units. We have a full-time Resident Services/FSS Coordinator who provides a higher level of programs and services to the community. We applied for and were funded for additional FSS funds for 2003. We have created opportunities for residents' self-sufficiency and economic independence through workshops, leadership training and exposure to educational, cultural and social activities. During this period, we set up a general store at one of our largest sites for our residents which is run the by RMC. The money that is raised is used to fund programs for the residents. Scholarships are awarded to qualified applicants. During this period, we provided a much-needed Community Policing Program through the use of PHDEP funds which have since been eliminated. We continue to house law enforcement officers within our communities with a Board approved pre-determined rent. We continue to seek problem-solving partnerships with the Housing Authority, residents, community and government leadership as needed. We continue to maintain affirmative measures that all applicants and or program participants are treated equally regardless of race, color, religion, national origin, sex, familial status, and disability.
