5-YEAR PLAN PHA FISCAL YEARS 2000 - 2004

[24 CFR Part 903.5]

A. Mission

B. Goals

X

The goals and objectives listed below are derived from HUD's strategic Goals and Objectives and those emphasized in recent legislation. PHAs may select any of these goals and objectives as their own, or identify other goals and/or objectives. Whether selecting the HUD-suggested objectives or their own, PHAS ARE STRONGLY ENCOURAGED TO IDENTIFY QUANTIFIABLE MEASURES OF SUCCESS IN REACHING THEIR OBJECTIVES OVER THE COURSE OF THE 5 YEARS. (Quantifiable measures would include targets such as: numbers of families served or PHAS scores achieved.) PHAs should identify these measures in the spaces to the right of or below the stated objectives.

HUD Strategic Goal: Increase the availability of decent, safe, and affordable housing.

PHA Goal: Expand the supply of assisted housing Objectives:

Apply for additional rental vouchers: Kentucky Housing Corporation's Rental Assistance Department will react to the availability of additional rental vouchers. KHC will consider all contract opportunities offered by HUD. We will continually strive to maximize the number of Section 8 units administered by the Corporation and to explore funding strategies. These strategies are to:

- Keep current with market demand and conditions to ascertain level of assistance needed.
- Maintain flexibility within staffing levels to react quickly to

	 availability. Have service delivery process in place to successfully implement the program. Reduce public housing vacancies: Leverage private or other public funds to create additional housing opportunities: Acquire or build units or developments Other (list below)
PHA CObject	 Improve public housing management: (PHAS score) Improve voucher management: (SEMAP score) KHC has implemented the attached action plan to assure the Rental Assistance Department meets and/or exceeds all SEMAP requirements (Attachment A). Increase customer satisfaction: There are 19 rental assistance offices located throughout the 86-county jurisdiction served by KHC. All 19 offices are staffed by housing professionals whose duties are to: Conduct public outreach, including soliciting landlords, property managers, builders and real estate agents for rental properties in assigned areas; negotiating agreements with outside agencies for distribution of applications; educating potential participants and outside agencies on corporate programs and processes; and maintaining local presence as housing information source. Schedule and conduct housing quality standards (HQS) inspections prior to initial occupancy, at annual recertification and at request of tenant and/or landlord. Process paperwork necessary for tenants' exercise of portability. Schedule and conduct briefing sessions with families to inform them of program requirements. Serve as a local contact for families, owners and social service agencies. This system has been in place for 15 years and will be utilized over the next
	5 years. Concentrate on efforts to improve specific management functions:
	(list; e.g., public housing finance; voucher unit inspections)
	Renovate or modernize public housing units:
	Demolish or dispose of obsolete public housing:
	Provide replacement public housing:
同	Provide replacement vouchers:

	\boxtimes	Provide voucher mobility counseling:
		KHC encourages mobility to increase housing choice and satisfaction to all participating families. This service is provided through the briefing sessions conducted by the area administrator with the family. Families are briefed prior to initial program participation, each time the family transfers and at annual
	5	recertification.
	\bowtie	Conduct outreach efforts to potential voucher landlords
		KHC has implemented an action plan in all local offices to market the rental assistance program in the counties administered by KHC. The objective of the plan is to increase occupancy and landlord participation. A copy of the Action Plan is attached (Attachment B).
	\bowtie	Increase voucher payment standards
		It is department policy to utilize the fair market rents to the greatest extent possible to serve as many families as possible under the Annual Contributions Contract (ACC). KHC will request to increase the payment standard as
		needed to serve persons with disabilities.
	\boxtimes	Implement voucher homeownership program:
		KHC has an application of file with HUD and is awaiting approval.
		Implement public housing or other homeownership programs:
		Implement public housing site-based waiting lists:
		Convert public housing to vouchers: Other: (list below)
HUD S	Strategio	c Goal: Improve community quality of life and economic vitality
\boxtimes	PHA G	oal: Provide an improved living environment
	Objecti	ves:
		Implement measures to deconcentrate poverty by bringing higher income public housing households into lower income developments:
		Implement measures to promote income mixing in public housing by assuring
		access for lower income families into higher income developments:
		Implement public housing security improvements:
		Designate developments or buildings for particular resident groups (elderly, persons with disabilities)

KHC will complete monitoring inspections of units as required by SEMAP to

assure all units meet HQS and lead-based paint requirements.

\boxtimes	Other: (list below)
	A major responsib

A major responsibility of the area administrator is to communicate with local governments, state welfare offices and the real estate community regarding housing assistance availability. The community is improved by the increased knowledge and awareness gained by this communication.

HUD Strategic Goal: Promote self-sufficiency and asset development of families and individuals

PHA Goal: Promote self-sufficiency and asset development of assisted households. The primary goal of the Family Self-Suffiency (FSS) Program is to promote self-sufficiency by providing participating families with housing assistance, case management and support services to enable the family to become gainfully employed and independent of public housing assistance within five years.

In addition, it is an objective of KHC to provide each family who completes their FSS contract with services to enable the family to become homeowners. These services include a comprehensive homeownership education program and low-interest mortgage loans (1–6 percent) to be used in conjunction with the savings earned in the FSS escrow account. This provides participating families with a real opportunity to remain independent of housing assistance and take control of their lives.

KHC's FSS Program works to increase employment opportunities for assisted families by offering a unique combination of services. The FSS Program contracts with agencies throughout the state to offer case management to program participants. Case management enhances a participant's chance of seeking and maintaining employment through advocacy, technical assistance and supportive counseling.

The escrow savings account offers an incentive that enhances asset development for participants. Credit to an escrow account occurs as a result of an increase in earned income during the term of the contract. After completion of the FSS contract, the participant receives the escrow account, which provides them with the opportunity for continued economic independence.

Objectives: Increase the number and percentage of employed persons in assisted families: Provide or attract supportive services to improve assistance recipients' employability: Provide or attract supportive services to increase independence for the elderly or families with disabilities. Other: (list below)

HUD Strategic Goal: Ensure Equal Opportunity in Housing for all Americans

\boxtimes	PHA Goal: Ensure equal opportunity and affirmatively further fair housing			
	Object	ives:		
	\boxtimes	Undertake affirmative measures to ensure access to assisted housing regardless		
		of race, color, religion national origin, sex, familial status, and disability:		
	\boxtimes	Undertake affirmative measures to provide a suitable living environment for

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

	KHC has established local preferences. These preferences override date and time

Local preferences do not affect the statutory admission preference for the elderly, displaced or disabled over single person households (referred to as the Singles Rule). A slightly expanded version of this rule will include all elderly, disabled or displaced families. Under the Singles Rule, a displaced person means a person displaced by governmental action or a person whose dwelling has been extensively damaged or

of application. If there are no preference households on a waiting list, then simple

governmental action or a person whose dwelling has been extensively damaged of destroyed as a result of a disaster declared or otherwise formally recognized pursuant to Federal Disaster Relief laws. Displaced will also include government action to remove children from parent(s) solely due to lack of housing.

KHC will also assist eligible homeless families in HUD-disposed property.

KHC has established the following local preferences. These preferences are equal; one does not carry more weight, nor do multiple preferences carry more weight.

A family will not be placed on the waiting list with a preference without the required documentation.

Homeless Families with Minor Children

- ? A family may include single pregnant women with a doctor's verification.
- ? Minor children under the age of 18 who reside with the head of the applicant family on a full-time basis.
- ? The agency completing the homeless certification form must verify that the family is homeless.
- ? Verification of homelessness may only be verified by the agency whose primary mission is to work with homeless families and/or victims of domestic violence.
- ? The agency must certify that it has worked with the family for a minimum of 30 days.
- ? The agency must further certify that all available agency resources that can be provided for the family, including all other opportunities for housing placement, have been exhausted.
- ? The KHC certification of homelessness form is the only acceptable documentation.
- ? KHC reserves the right to reject an agency verification if it determines that all homeless criteria are not being met.
- ? The completed homelessness verification form may be attached to a completed application or submitted later as an update. However, a family will not be placed on the waiting list as homeless without the completed certification form.

Single Working Parent with Minor Children

- ? A family may include single pregnant women with a doctor's verification
- ? Minor children under the age of 18 who reside with the head of the applicant family on a full-time basis.
- ? A single working parent must work a minimum of 20 hours per week on average, have worked a minimum of six out of the last twelve months and must be working at the time of eligibility determination.
- ? Verification requirements include a letter from the employer (or KHC wage form) with pertinent information as well as a copy of a recent paycheck stub.
- ? A family will not be placed on the waiting list as a single working parent without documentation.

Welfare-to-Work Participants

- ? This local preference will work in the form of a set-aside of up to 300 certificates or vouchers for welfare-to-work participants. KHC staff will determine whether certificates or vouchers will be issued depending on availability.
- ? Eligible families must be referred by letter directly from the agency administering the welfare-to-work program.

The Singles Rule and local preferences are administered by a computerized waiting list as follows:

Waiting List Preferences/Statutory Requirements
Category 1: Homeless families with minor children or single working parents with minor children.
Category 2: Elderly, disabled or displaced households must be assisted prior to single person households who are not elderly, disabled or displaced.
