B. Criteria for Substantial Deviations and Significant Amendments

(1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

a. Substantial Deviation from the 5-Year Plan:

Any reduction in a development or in a program of greater than 25 percent of the units, or 25 percent of residents served, which was not necessitated by a funding reduction over which the Bennington Housing Authority had no power, will be considered a substantial deviation. As well as a change in Capital Fund Program (CFP), which shifted greater than 50 percent of the total annual funding from a single CFP line item to another, or from CFP to another program, such as Operating Funds. In addition, applications for new program funding and initiation of a new program not included in the five-year plan will not be considered a substantial deviation.

b. Significant Amendment or Modification to the Annual Plan:

A significant amendment or modification to the Annual Plan will be when a budget revision in a program causes a shifting of over 50 percent of funding (unless it is necessitated by a HUD funding shift). In other words, budget revisions entailing less than 50 percent of the total budget, or the addition of a new program of less than 50 percent of the total previous budget, will not be considered a significant amendment or modification.

The Bennington Housing Authority will not substantially deviate from the Five Year Plan or its Annual Plan during its fiscal year. Any changes will take place with a new BHA fiscal year, after a public hearing and approval of the proposed up-dated plan by the BHA's Board of Commissioners and HUD.
