9. Additional Information

[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000__ - 2004__.)

The Brown County Housing Authority, through its contract with Integrated Community Services, strives to manage the Section 8 Housing Choice Program in an effective and efficient manner. We received a high performer rating on our SEMAP score in 2001 & 2002. In 2003 our MTCS transmittal rate dropped to 83% and as a result we lost 10 points on our SEMAP rating. In 2004 and going forward we are committed to maintaining a transmittal rate of 85%, at a minimum. We obtained a 98% program utilization rate in 2003 and continue at that overall utilization rate for the first nine months of 2004.

ICS continues to place a high value on providing the best possible service to our customers. We believe education and customer feedback are important components of the service delivery process. In 2004 we began a client newsletter, to be sent 3-4 times per year, and began sending our landlord newsletter on a monthly basis to all participating landlords. We also now have a fully functioning Tenant Advisory Board and a Landlord Advisory Board.

In our efforts to assist applicants/participants with housing barriers we continue to employ a full time housing counselor. The purpose of the position is two fold: to assist the clients that struggle to find housing and to be the central landlord contact person for the agency. Security deposits continue to be a barrier for many of the families that we assist. In response to this demand we applied for and received ESG funds. Our 2003-2004 award was \$5,000 and we were able to assist ? households. We maximized the funding by serving as a guarantor for monthly payments client paid landlord; and in some cases

matching the client payment toward the security deposit. Our 2004-2005 award is \$10,000.

Our Homeownership Program has been extremely successful and is currently assisting 52 homeowners through the Housing Choice Voucher Program. Twenty-one of our homeownership families have a household member with a disability. Twenty-nine of our homeownership households belong to a race other than white. (Note some households fall in both categories.) We believe we are making homeownership a reality for many families who would not otherwise have this opportunity.

Our attention continues to be on better monitoring of program compliance issues. We have strengthened our screening process of applicants and also have begun annual screening for all recipients. This was instituted in an effort to open more housing opportunities for our recipients by making them more desirable tenants to potential landlords. We continue to use O'Brien & Associates, a private investigation service, for our fraud investigations. We raised our minimum rent from \$25 to \$50 and continue to require that recipients that report zero income have a face to face interview every three months. We also continue to require that all households provide us with a copy of their previous year's income tax return.

B. Criteria for Substantial Deviations and Significant Amendments

(1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

a. Substantial Deviation from the 5-Year Plan

The Brown County Housing Authority hereby defines substantial deviation and significant or modification as any change in policy which significantly and substantially alters the Authority's stated mission and the persons in the Authority serves. This would include admission preferences. Discretionary or administrative amendments consonant with the Authority's stated overall mission and basic objectives will not be considered substantial deviations or significant modifications.

b. Significant Amendment or Modification to the Annual Plan same as above

C. Other Information

[24 CFR Part 903.13, 903.15]

(1) Resident Advisory Board Recommendations

- a. Yes No: Did the PHA receive any comments on the PHA Plan from the Resident Advisory Board/s?

If yes, provide the comments below:

Tenant Advisory Meeting Minutes 9/7/04

Present: Keith Pamperin, Rosemary Jonas, Wendy Bushman, Kathy Moens, Wendy Bjorlin, Peter Hernandez, Mary Steffel, Jane Rueckl, Faye Oryall, Debra Denissen, Lori Fieck, Andrea Giocomo, Victoria Vaessen

Absent: Sharon Harper, Karen Rusch, Tia Owen, Travis and Monica Weatherspoon

Keith Pamperin opened the meeting and began the introductions. Participants represented the Housing Choice Voucher Program as well as the Family Self Sufficiency Program who reside in multi-family units, single family units, and duplexes. The length of time as a recipient on the various programs ranged from 2-10 years.

Program background: Brown County Housing Authority contracts with Integrated Community Services in implementing the Housing Choice Voucher, Family Self Sufficiency and Homeownership Programs which are also part of the HCV program.

The program began as an experimental program administered through the Housing Allowance Program offering assistance to renters and homeowners. The program then evolved into the Section 8 Rental Assistance Program and subsequently the Housing Choice Voucher Program as we know it today.

Brown County has the highest number of recipients per capita in the State of Wisconsin and currently generates over \$12 million HAP payments annually.

It was expressed that the benefit of the HCV Program is that the tenant has a choice of where they want to reside versus other cities having Public Housing units that are Housing Authority owned properties.

Items of discussion:

The plan is initiated by the Brown County Housing Authority/Integrated Community Services to implement various types of programs such as Family Self Sufficiency and the use of the Housing Choice Voucher for homeownership. We were the first agency in the Midwest to have a HCV closing; we are now up to 52 HCV homeowner households.

We also partner with Neighborhood Housing Services. Some of the programs they offer require the occupants to reside in homes outside of the City of Green Bay. They also offer various types of down payment programs including deferred loan programs.

The intent of Project Basing a portion of the HCV program is to extend more housing choices to eligible families and also to encourage de-concentration of our housing program outside the City limits of Green Bay. Another opportunity for project basing vouchers is to preserve rehabilitated units for some of the local non profit housing agencies.

The concern expressed by tenant group was the order clients would be pulled off the wait list. They felt this part of the program was acceptable as long as clients had a choice of which part of the assistance program they accepted. The group also expressed a concern if mandatory de-concentration were implemented to locate outside of Green Bay, that children would have to be pulled out of school. It would mean a further distance for people to go to and from work and that some participants would no longer have access to the bus line which so many rely on for their only source of transportation. The opinion was to encourage de-concentration but don't mandate it.

The group promotes the Family Self Sufficiency Program but does not feel it is realistic to limit the term of assistance. Not all individuals "can get their act together" within a designated period Of time, Everyone does not fit the category where they are able to turn things around for themselves.

Tenant group is willing to write a letter of their own situations and what they have overcome to be incorporated in a newsletter. They are also willing to send their comments to the Brown County Board of Supervisors.

Announcement was made for the Homeless and Housing debate on 10/5/04 from 7-9 p.m. at the Brown County Library. Tenants volunteered to attend this meeting to express how they have benefited from the HCV program.

Next meeting is March 1, 2005.
