This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937 that introduced 5-year and annual PHA Plans. The full PHA plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission and strategies for serving the needs of low-income and very low-income families. This form allows eligible PHAs to make a streamlined annual Plan submission to HUD consistent with HUD's efforts to provide regulatory relief for certain types of PHAs. Public reporting burden for this information collection is estimated to average 11.7 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

Privacy Act Notice. The United States Department of Housing and Urban Development, Federal Housing Administration, is authorized to solicit the information requested in this form by virtue of Title 12, U.S. Code, Section 1701 et seq., and regulations promulgated thereunder at Title 12, Code of Federal Regulations. Information in PHA plans is publicly available.

DECONCENTRATION POLICY

It is Childersburg Housing Authority's (CHA's) policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Childersburg's 190 public housing units are located within one mile of the downtown area and we feel therefore, by virtue of location, the CHA accomplishes deconcentration of poverty. Should the need arise, the CHA will skip families on the waiting list to reach other families with lower, or higher, income levels. We will accomplish this in accordance with the requirements under the Fair Housing Act.

The CHA will actively market our housing to all eligible income groups. At the beginning of each fiscal year, the CHA will analyze income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of all families on the current waiting list. With this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.
