Progress Meeting 5-Year Plan Goals

Goal One: Continue to manage the Flagstaff Housing Authority’s existing public housing programs in an efficient and effective manner that will result in full compliance with all applicable statutes and regulations, thereby, always striving to maintain the current rating of a High Performer.

Progress: The Flagstaff Housing Authority has marketed the public housing units and currently has a vacancy rate of less than 1%. Staff continue on going training to support their goal of keeping the units maintained and occupied, to keep the PHA fiscally sound, and to be customer friendly.

Annual resident surveys attest to the fact that our developments are safe and crime free.

Goal Three: Maintain the Flagstaff Housing Authority’s real estate in habitable, safe, decent, and sanitary condition.

Progress: Capital Funds have been used to repair and replace siding, roofs, storm windows and all units are gradually being rehabilitated as funds remain available.

Goal Four: Expand the range and quality of housing choices available to participants in the Flagstaff Housing Authority's tenant-based assistance program.

Progress: Staff are working with nonprofit organizations experienced in homeownership programs to develop a Section 8 homeownership program. The City of Flagstaff has recently created a Community Land Trust that will help in providing affordable housing.

Goal Five: Improve the community quality of life and economic vitality in public housing.

ATTACHMENT A

DECONCENTRATION POLICY

It is the Flagstaff Housing Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The Flagstaff Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

ASSESSMENT OF DEMOGRAPHIC CHANGES IN PUBLIC HOUSING DEVELOPMENTS WITH SITE-BASED WAITING LISTS

As mandated by the Quality Housing and Work Responsibility Act of 1998 the Flagstaff Housing Authority intends to implement site-based management on October 1, 2006. Since Flagstaff is a small community it was convenient to establish an Eastside and Westside public housing development with each containing a fairly equal number of units. Due to the new configuration it was decided to implement a site-based waiting list. Applicants may apply at the site of their choice or may apply at both sites. Since site-based management had not been implemented at the time of the submission of the original Annual Plan deadline assessments of changes in racial/ethnic or disability-related tenant composition is not yet available. The data provided in the Housing Needs of Families on the Waiting List table of the Annual Plan is data provided by a central waiting list. Site-based waiting lists still have not been implemented due to the delay in setting up computer access, thereby, after implementation data is not available.

SECTION 8 HOMEOWNERSHIP CAPACITY STATEMENT

The Flagstaff Housing Authority is developing a Section 8 Homeownership Program. Staff have attended training on developing the plan and how to operate the program. We are working with various local non-profit organizations who have experience with down payment assistance, home buying, obtaining mortgages, how to own and maintain a home, and the responsibilities involved in keeping mortgage payments current.

We intend to establish a minimum homeownership down payment of at least 3 percent and requiring that at least 1 percent come from the family's resources.

We also intend to require that financing will be provided, insured or guaranteed by the State or Federal government; comply with secondary mortgage market underwriting requirements; or comply with generally accepted private sector underwriting standards.
