Housing Authority of the City of Long Beach
Summary of Five year Plan for Fiscal Years 2006 – 2010
And
Annual Plan for 2007

The mission of the Long Beach Housing Authority is to provide high quality housing assistance for Long Beach's low-income households through:

- Effectively and efficiently utilizing resources.
- Promoting a positive image through excellent customer service and clear and open communication.
- Continually educating staff and clients.

Within the scope of the Housing Authority's mission, specific goals have been established:

- The Housing Authority will continue to apply for additional vouchers whenever the opportunity is presented.
- The Housing Authority will continue to improve management to better service customers.
- The Housing Authority will continue to reach out to additional property owners.
- The Housing Authority will continue to promote self-sufficiency and asset development of assisted households.

There is a great need for housing assistance in Long Beach. As of the 2000 census, and as reported in the City's Consolidated Plan, households in Long Beach earned a median household income of \$37,270 (well below the \$42,189 median income for Los Angeles County). In fact, one third of Long Beach households earned less than \$25,000 and nearly two-thirds earned less than \$50,000. Sixteen percent of all Long Beach households are considered extremely low-income, or at 30 percent of the area median income or less.

Housing affordability is a serious issue. Only ten percent of Long Beach households earn the level of income necessary to purchase the median priced home. Additionally, even rental housing is unaffordable for many Long Beach residents, thus causing families to double up in small, inadequate units. According to the City's Consolidated Plan, in order to afford the average monthly rent of \$795 for a one-bedroom apartment plus utilities, a household needs to earn at least \$33,800 a year.

The Housing Authority's waiting list was opened in May 2003, and there are still more than 15,000 families on the list.

The Housing Authority intends to address these needs utilizing the following strategies:

- Maximizing the number of affordable units available by establishing payment standards that will enable families to rent in as broad a market area as possible. However, this need must be balanced by controlling costs so as to serve the maximum number of families.
- Marketing the program to landlords to make the program acceptable to them.
- Within means available, providing counseling to the extremely low-income applicants who have a difficult time finding affordable housing, even with their voucher.

Furthermore, the Housing Authority attempts to address the needs of certain segments of the local population by having adopted certain preferences for selection from the waiting list:

- Veterans and veterans' family members.
- Families unable to work because of age or disability.
- Those who live or work in the City of Long Beach.

The Housing Authority will continue to explore and pursue a Section 8 homeownership option, keeping in mind the very high cost ownership, and the very limited incomes of our participants.

Housing Authority de la Ciudad de Long Beach
Sumario del Plan Fiscal por cinco años 2005-2010
Y
Plan Anual de 2005-2006

La misión del Housing Authority de Long Beach es proveer la más alta calidad de la asistencia de vivienda a las familias de bajos ingresos de Long Beach por medio de:

- Utilizando los recursos efectivamente y eficientemente.
- Promocionando una imagen positiva por medio de ofrecer lo mejor servicio a los clientes y la comunicación clara y efectiva.
- Sigue educando a los empleados y los clientes.

Dentro del alcance de la misión del Housing Authority, hay ciertas metas que se han establecido:

- El Housing Authority continuará solicitando más “vouchers” cuando se presente la oportunidad o cuando sea posible.
- El Housing Authority continuará mejorando la gestión de la operación para que pueda ofrecer lo mejor servicio a los clientes.
- El Housing Authority continuará buscando por más dueños que quieran ser partes de “Sección 8.”
- El Housing Authority continuará apoyando la autosuficiencia y el desarrollo de los recursos de las familias ayudadas.

Hay una grave necesidad para la asistencia de vivienda en Long Beach. Como el censo del año 2000 indica, y se lo reportó en el Plan Consolidado de Long Beach, familias viviendo en Long Beach ganaban un sueldo de \$37,270 (en 2004), bien bajo de \$42,189- el sueldo de mediana del Condado de Los Angeles. Treinta por ciento de familias ganaban menos de \$25,000 y casi sesenta y seis por ciento ganaban menos de \$50,000 por año. Dieciséis por ciento de familias en Long Beach son de ingresos muy bajas, o ganan treinta por ciento o menos de los ingresos de mediana.

El coste de vivienda es una tema muy importante. Solo diez por ciento de familias ganan el nivel de ingresos necesaria para comprar una casa de precio de mediana. También, sea imposible por muchas familias alquilar una casa, por eso tienen que vivir juntas en apartamentos pequeños. Según al Plan Consolidado, una familia tendrá ganar, por lo menos, \$33,800 cada año para proporcionar el alquiler de mediana de \$795 por mes (incluyo las utilidades.)

La lista de espera se abrió en Mayo de 2003, y aún más de 15,000 familias en esa lista.

El Housing Authority tiene la intención a dirigirse esas necesidades utilizando las siguientes estrategias:

- Llevar al máximo el número de unidades económicas disponibles por el estableciendo los estándares del pago que permitirán a las familias alquilar en una vasta área de mercadotecnia como sea posible.
- Promocionando “Sección 8” a dueños por todas partes de La Ciudad para que hacerlo más agradable por ellos.
- Dentro de los medios disponibles, dando consejos a las familias de ingresos extremadamente bajos que tienen un tiempo muy difícil encontrar un hogar razonable, aun con sus “vouchers.”

Además, El Housing Authority intenta de dirigirse las necesidades de ciertos segmentos de la población local por

han dado ciertas preferencias para la selección de la lista de espera:

- Veteranos y los miembros de sus familias.
- Familias que son incapaces de trabajar a causa de sus edades o incapacidades.
- Ellos que viven o trabajan en la ciudad de Long Beach.

El Housing Authority continuará explorando y siguiendo un programa de sección 8 de propietarios de viviendas, consciente del coste alto de comprar una casa y los ingresos bajos de nuestros clientes.

The Housing Authority of the City of Long Beach has successfully made progress towards achieving the goals and objectives outlined in the 2006-2010 Five Year Plan, while serving as many low-income families possible. The number of vouchers allocated to the Housing Authority has increased with the addition of vouchers provided to families affected by Hurricanes Katrina and Rita. HACLB has also applied for additional vouchers under the Mainstream Program to assist disabled families. HACLB's homeownership program has seen five families transition to homeownership (and we hope to see more in 2007). Landlords in the community are pleased to work with us, and we hold quarterly owner orientations to promote new owner participation and understanding/awareness of the Section 8 program. Our anti-fraud program has become ever more successful with terminations for those tenants not abiding by program regulations, and with prosecutions for cases where HACLB suffered significant financial loss.

I. Food and Refreshments

II. Welcome & Introduction to Housing Authority Staff

- a. Introduction of the new Deputy Executive Director, Darnisa Tyler.
- b. Introduction of the new Housing Assistance Officer, Alison Whyte King.
- c. Introduction of other staff and translator for Khmer speakers.

I. Purpose of the Resident Advisory Board (RAB)

- a. Provides Section 8 tenants an opportunity to give feedback on the Section 8 program and how the Housing Authority could improve administration of the program.
- b. Also provides an opportunity for Section 8 tenants to ask questions and provides a direct line of communication with the Housing Authority.
- c. A flow chart of the Five Year/One Year Plan Process was provided to all Resident Advisory Board members.

I. Need for Subsidized Housing In Long Beach

- a. Long Beach is the 7th poorest city in the United States; the need for affordable housing is tremendous.
- b. Section 8 assistance allows people the opportunity to live in nicer communities, seek employment, and provides access to affordable housing for people who are living on fixed incomes.

I. Strategy for Addressing Needs/Housing Authority Programs

- a. Section 8 Housing Choice Voucher
 1. HACLB administers roughly 6300 vouchers, with an annual budget of over \$63 million.
- a. Housing Opportunities for People With AIDS/HIV (HOPWA)
 1. The HOPWA program provides housing assistance to people afflicted with AIDS or HIV.
 2. The HOPWA wait list will be opening in June 2006. HACLB has been awarded an additional year of funding for the HOPWA program (approximately \$350,000) and has exhausted the HOPWA wait list that was last opened in May 2003.
- a. Shelter Plus Care
 1. The Shelter Plus Care program is part of a citywide initiative to end homelessness in Long Beach.
 2. HACLB has partnered with the Health Department, US Veterans, and the Mental Health Association of Los Angeles to provide supportive services and housing assistance to disabled and homeless persons.

- a. Katrina Disaster Housing Assistance Program (KDHAP)/Disaster Voucher Program (DVP)
 - 1. HACLB implemented the KDHAP program in November 2005 to provide rental assistance to victims of Hurricane Katrina.
 - 2. No Section 8 money was used to assist victims of Hurricane Katrina; HACLB applied for and received additional funding from HUD (Department of Housing and Urban Development) to assist several families who had relocated to Long Beach.
 - 3. The KDHAP program has now transitioned into the Disaster Voucher Program (DVP) and HACLB is currently providing assistance to five families.

- a. New Construction
 - 1. Scherer Park
 - 2. Pacific Coast Villas

- a. Project Based Vouchers

- b. Family Self Sufficiency (FSS)
 - 1. The FSS program allows participants to set goals for themselves and develop a plan of action to achieve self-sufficiency, while allowing them to develop savings in the form of an escrow account.
 - 2. The highest recent escrow account payout was \$28,000.
 - 3. Several tenants had questions regarding the FSS program and homeownership. One tenant requested that potential FSS participants be briefed about the program prior to entering it. She also requested that FSS participants be updated on their progress towards attaining and completing the goals they set forth in their initial contract. HACLB has already implemented these practices.

- a. Homeownership
 - 1. The Section 8 homeownership program allows participants who are able to qualify for a loan to receive housing assistance payments to subsidize their mortgage.
 - 2. Several tenants commented that it is extremely difficult to purchase a home in the current housing market. Alternatives were suggested, such as the purchase of a condo and then building equity so that they may eventually purchase their "dream home."
 - 3. HACLB has partnered with several local developments that have designated several units available for purchase by Section 8 tenants.

I. Waiting Lists

- a. HACLB's Section 8 waiting list is currently closed. The waiting list was last opened in May 2003, and there are currently over 15,000 names remaining on the list.
- b. As previously mentioned, the HOPWA waiting list will be opened in June 2006 for people living with AIDS/HIV.

I. Payment Standards & Subsidy/Occupancy Standards

- a. Roughly 18 months ago, HACLB changed their payment standard to 100% of HUD's local Fair Market Rent (FMR).
- b. Due to budget reductions, HACLB had to decide to either reduce payment standards or reduce the number of families that they could serve. HACLB chose to reduce subsidy/occupancy standards so that they could remain serving the same number of families and would not be forced to terminate families from the Section 8 program.
- c. HACLB changed their occupancy standard so that all new participants and all current participants who move will be reduced to the new standard (two people per bedroom).

I. Review Summary of Five Year and One Year Plans

- a. A summary of the Five Year and One Year Plan was provided to all board members and reviewed.
- b. No changes made to the summary.

I. New Initiatives

- a. Earned Income Verification (EIV)
- b. Fraud
- c. Imaging

I. Comments & Questions

- a. A resident inquired about whether a landlord could increase her rent (without notifying the Housing Authority) and make the tenant pay the difference in the increase. Darnisa Tyler, Bureau Manager, advised that all rent increases need to be approved through HACLB's rent reasonableness process and that it was considered fraud for the owner to ask that the tenant pay the difference (if the amount was not approved by HACLB). Ms. Tyler strongly encouraged all tenants who have experienced this type of fraud to report it to HACLB immediately, either anonymously through the fraud hotline or directly. Ms. Tyler also cautioned residents that if they enter into a contract outside of the HAP contract approved by HACLB, then the tenant could potentially be committing fraud and could lose his/her voucher.
- b. Another resident inquired whether the owner listings were screened to weed out properties that do not meet HQS standards. The response was that the listings are NOT screened due to budget constraints and the inability to provide staff to screen the unit listings.
- c. Residents also thought that owners would be more interested in renting to Section 8 tenants if they understood the program better. HACLB was encouraged to do more reach out to local owners. HACLB currently holds new owner orientation meetings every quarter and is active with the Apartment Association and its annual trade show.

I. Approval of Proposed Plan

- a. Reverend Thurston Limar moved that the Five Year/One Year Plans be approved with the comments from the resident advisory board included; the Plans were unanimously approved.

Consolidated Plan jurisdiction: (provide name here)

a. The PHA has taken the following steps to ensure consistency of this PHA Plan with the Consolidated Plan for the jurisdiction: (select all that apply):

- The PHA has based its statement of needs of families on its waiting list on the needs expressed in the Consolidated Plan/s.
- The PHA has participated in any consultation process organized and offered by

- the Consolidated Plan agency in the development of the Consolidated Plan.
- The PHA has consulted with the Consolidated Plan agency during the development of this PHA Plan.
- Activities to be undertaken by the PHA in the coming year are consistent with the initiatives contained in the Consolidated Plan. (list below)
- Other: (list below)

b. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

(4) (Reserved)

Use this section to provide any additional information requested by HUD.

10. Project-Based Voucher Program

- a. Yes No: Does the PHA plan to “project-base” any tenant-based Section 8 vouchers in the coming year? If yes, answer the following questions.
- b. Yes No: Are there circumstances indicating that the project basing of the units, rather than tenant-basing of the same amount of assistance is an appropriate option?

If yes, check which circumstances apply:

- Low utilization rate for vouchers due to lack of suitable rental units
- Access to neighborhoods outside of high poverty areas
- Other (describe below:)

Because developers of affordable housing are able to include rent from project-based units in their projected income stream, project-based vouchers can be a tool for the development of additional affordable housing. New affordable housing can be created without jeopardizing tenant-based vouchers.

- c. Indicate the number of units and general location of units (e.g. eligible census tracts or smaller areas within eligible census tracts):

HACLB would project base up to 100 vouchers on a city-wide basis.
