The full PHA plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission and strategies for serving the needs of low-income and very low-income families. This form allows eligible PHAs to make a streamlined annual Plan submission to HUD consistent with HUD's efforts to provide regulatory relief for certain types of PHAs. Public reporting burden for this information collection is estimated to average 11.7 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

(If “No”, skip to the next component; if “yes”, complete each program description below (copy and complete questions for each program identified.)

2. Program Description:

In the spring of 2001, the Housing Commissioners Board approved a pilot for the Section 8 to Homeownership Program (S8HOP). The intention of the pilot was to determine whether permanently disabled Section 8 tenants could successfully buy homes in Boulder County, using the Section 8 housing assistance payment toward their mortgage. In September 2002, the Housing Counseling Program integrated S8HOP for the disabled into BCHA’s Homeownership Program. No more than five persons/families will receive certificates of eligibility for the S8HOP each year. No more than three persons/families will be eligible for a certificate and/or to be in the home buying process at any one time. BCHA partners with the Center for People with Disabilities, the Mental Health Center, Project Self-sufficiency and other local housing agencies to offer services to assist in the home buying process. These services include, but are not limited to the following: case management, counseling, budget assistance, health and employment assistance, and transportation assistance. The local coordinators will continue to make case management and flexible-housing services available for the S8HOP participants after they

purchase a home.

BCHA's mission is to promote the availability of quality, affordable housing and related services for Boulder County residents. The S8HOP is only one component of BCHA's countywide outreach. Currently, BCHA assists 886 families with their housing needs. Over the past six years, BCHA has been in partnership with City of Longmont to offer down payment assistance to low-income first-time homebuyers. This program builds on the work accomplished by Hope 3 and the State Department of Human Services Supportive Housing and Homeless Program. These programs have been models for similar initiatives nationwide.

a. Size of Program

Yes No: Will the PHA limit the number of families participating in the Section 8 homeownership option?

If the answer to the question above was yes, what is the maximum number of participants this fiscal year? Five

b. PHA-established eligibility criteria

Yes No: Will the PHA's program have eligibility criteria for participation in its Section 8 Homeownership Option program in addition to HUD criteria?

If yes, list criteria:

BCHA requires a minimum of \$750 or 5% of assets; whichever is greater, for a down payment for the participating disabled clients. The participant must be in good standing in the Section 8 Program for one year and remain in good standing after issued a Certification of Section 8 Homeownership Eligibility.

c. What actions will the PHA undertake to implement the program this year (list)?

The Section 8 Homeownership program was implemented in 2002 as a pilot program. Presently, BCHA is investigating the possibility of expanding the program to include FSS participants, who will use their Section 8 voucher for homeownership. BCHA will determine the feasibility of the expanded program and continue to work with the Colorado and Housing Finance Authority (CHFA) on the following homeownership program elements: loan options, escrow change issues, interest rate tax deduction calculations, and setting up a center for FSS Homeownership program. BCHA will also work with its partners to establish an affordability cap policy for the program.

3. Capacity of the PHA to Administer a Section 8 Homeownership Program:

The PHA has demonstrated its capacity to administer the program by (select all that apply):

- Establishing a minimum homeowner downpayment requirement of at least 3 percent of purchase price and requiring that at least 1 percent of the purchase price comes from the family's resources.
- Requiring that financing for purchase of a home under its Section 8 homeownership will be provided, insured or guaranteed by the state or Federal government; comply with

secondary mortgage market underwriting requirements; or comply with generally accepted private sector underwriting standards.

- Partnering with a qualified agency or agencies to administer the program (list name(s) and years of experience below):
- Demonstrating that it has other relevant experience (list experience below):

4. Use of the Project-Based Voucher Program

Intent to Use Project-Based Assistance

Yes No: Does the PHA plan to “project-base” any tenant-based Section 8 vouchers in the coming year? If the answer is “no,” go to the next component. If yes, answer the following questions.

1. Yes No: Are there circumstances indicating that the project basing of the units, rather than tenant-basing of the same amount of assistance is an appropriate option? If yes, check which circumstances apply:
 - low utilization rate for vouchers due to lack of suitable rental units
 - access to neighborhoods outside of high poverty areas
 - other (describe below:)

Boulder County Housing Authority has developed designated affordable housing for the elderly and for low-income families. Many of these tenants, on fixed income, are not able to afford the unit rent, despite the rents being lower than comparable market rents. These projects are included in the affordable housing portfolio of the BCHA. Project Basing vouchers on these units will increase the access to affordable housing for the elderly on fixed income.

2. Indicate the number of units and general location of units (e.g. eligible census tracts or smaller areas within eligible census tracts):

Approximately 124 units in eligible census tracks are proposed to be project-based within the incorporated areas that are served by the Boulder County Housing Authority.

5. PHA Statement of Consistency with the Consolidated Plan
