Attachment A: Brief Statement of Progress in Meeting 5-Year Plan and Mission

Goal 1: Expand the supply of assisted housing

The Authority is completing modernization of GA 85-2 and will begin re-renting those units during FY 2006. The Authority will also continue investigating alternatives for development or expansion utilizing both HUD and non-HUD programs.

Goal 2: Improve the quality of assisted housing

The Authority has developed modernization plans that result in a significant increase in the quality and rentability of the existing housing stock. This has been demonstrated by recently completed modernization efforts. The Authority has also identified a plan to address its most dense development and is currently soliciting professional services to help develop a master plan.

Goal 3: Increase assisted housing choices

The Authority is investigating an opportunity to implement a homeownership program which would provide an increase in assisted housing choices. The Authority will continue to look for funding sources and partners to provide alternatives to traditional public housing.

Goal 4: Improve community quality of life and economic vitality

The Authority is continuing its efforts in the installation of street lights, security cameras and speed deterrents. The Authority has a history of partnering with Family Connections to provide a variety of youth and adult programs; however, with the elimination of certain grant programs, activities have been minimal. The QHA will continue to look for alternative funding sources.

Goal 5: Promote self-sufficiency and asset development of families and individuals

The Authority contracted with a consulting firm to provide training to the Resident Advisory Board. The training taught the members of the Board the basics of public housing operations, rules and regulations and how to provide positive input into every day operations. The RAB also helps the Authority identify initiatives for the utilization of Resident Participation Funding.

Goal 6: Ensure Equal Opportunity in Housing for all Americans

The Authority follows its Admissions and Continued Occupancy Policy to the letter and does not discriminate against anyone.

Attachment B: Resident Service and Satisfaction (RASS) Follow-up Plan

Based on the results of the RASS survey, the Quitman Housing Authority was deficient in the area(s) of Communication (71.5%), Safety (71.8%), and Neighborhood Appearance (65.4%). The Authority expects this follow-up plan to address all factors of the recent survey.

- With regards to communication, the Authority issues a newsletter quarterly to promote communication with the resident population. The Authority will enhance the newsletter to include more information on the role of the Authority and other local providers. The Authority will also request that the City provide notice to residents in the event of utility interruption and will attempt to make alternative arrangements, if possible. As part of the Resident Advisory Board training, the Authority will sponsor functions that will promote overall resident involvement in the RAB activities.
- Communication during leasing will be enhanced through a reading of the lease documents with reinforcement through periodic follow-up meetings. In addition, a routine 30-day follow-up briefing will be instituted to promote resident awareness of rules and regulations as well as to inform residents of the activities of the agency.
- Safety has been greatly enhanced through the installation of a security camera system in developments as they are modernized. Within the next year, the West Hill and Southridge Corssing developments will be equipped and the system at Highland Circle will be upgraded.
- As modernization funds permit, lighting at all developments will also be enhanced and additional fencing will be installed. The Authority is diligently working on filling all vacant units to promote safety as well.
- The staff, in consultation with the Resident Advisory Board and neighborhood representatives, will draft and promote neighborhood improvement plans for each remaining unmodernized development, thereby establishing the role of residents in achieving maximum neighborhood appeal. The Executive Director and the housing management staff will develop methods of enforcing model neighbor standards, marketing strategies and a marketing plan for future success. This will include identifying federal sources of funding for physical improvements to the housing stock. The Capital Fund Program Five-Year Plan included in the Agency Plan includes initiatives to improve the appearance of neighborhoods and this, coupled with improvements made since the survey, should result in a vast improvement of this score.

Attachment A: Brief Statement of Progress in Meeting 5-Year Plan and Mission

Goal 1: Expand the supply of assisted housing

The QHA continues to complete modernization projects to get units back on line.

Goal 2: Improve the quality of assisted housing

The Authority, through its modernization program, continues to make improvements in the quality of assisted housing. This is also reflected in its continuing improvement in its PHAS scores.

Goal 3: Increase assisted housing choices

The QHA is investigating an opportunity to implement a homeownership program which would provide an increase in assisted housing choices. The QHA will continue to look for funding sources and partners to provide alternatives to traditional public housing.

Goal 4: Improve community quality of life and economic vitality

The Authority is continuing its efforts in the installation of street lights, security cameras and speed deterrents. The QHA has a history of partnering with Family Connections to provide a variety of youth and adult programs, however, with the elimination of certain grant programs, activities have been minimal. The QHA will continue to look for alternative funding sources.

Goal 5: Promote self-sufficiency and asset development of families and individuals

The QHA contracted with a consulting firm to provide training to the Resident Advisory Board. The graining taught the members of the Board the basics of public housing operations, rules and regulations and how to provide positive input into every day operations.

Goal 6: Ensure Equal Opportunity in Housing for all Americans

The Authority follows its Admissions and Tenant Selection Policy to the letter and does not discriminate against anyone.
