Other PHA Goals and Objectives: (list below)

1. Continue to provide a safe and secure environment in the Madison County Housing Authority's public housing developments. Within the past year we installed an interior security camera system at 2 of our high-rise public housing complexes and upgraded the lighting in the corridors and stairwells at the same developments. We also demolished the Sullivan Homes site, a functionally obsolete public housing complex plagued with crime.
2. Improve resident and community perception in the Madison County Housing Authority's public housing developments, residents, and voucher holders. Madison County Housing Authority will continue to provide local media with press coverage on positive stories regarding MCHA, including redevelopment plans, grant awards, and program success stories.
3. Expand the supply of affordable housing in Madison County, cited as a need in the Madison County Consolidated Plan, including Mixed Finance, HOPE VI and other suitable funding. We are currently in the pre-development stage of two mixed finance projects at the recently demolished Sullivan and soon to be demolished Curran Homes sites in Alton. Other sites targeted for redevelopment include Venice, Lee Wright, Northgate, and Viola Jones Homes. The MCHA may utilize MCHA funds to assist in the development of these sites. Disposition, demolition, and relocation or replacement voucher applications will be prepared as soon as appropriate. As public housing sites are demolished and redeveloped with new affordable housing, MCHA will also seek replacement housing grants from HUD.
4. MCHA intends to set up a non-profit and a for-profit organization to develop additional affordable housing projects, including homeownership programs.
5. Enhance the appeal of the Madison County Housing Authority's public housing units. Within the past year, MCHA has continued to tighten security and make improvements as appropriate to the complexes. At one complex, individual trash cans are being utilized instead of dumpsters to cut down on illegal dumping at the complex.
6. Maintain the Madison County Housing Authority's real estate in a decent condition MCHA has demolished 3 public housing complexes and some additional units at another complex that were a maintenance burden and eyesores to the community. The demolitions have and will make way for new and improved housing choices in these communities.
7. Continue to deliver timely and high quality maintenance service to the residents of the Madison County Housing Authority. MCHA is continuing its maintenance training program for maintenance staff through Southwestern Illinois College.

8. Operate the Madison County Housing Authority in full compliance with all Equal Opportunity laws and regulations.
9. Ensure full compliance with all applicable standards and regulations including generally accepted accounting practices.
10. Reduce dependency on federal funding. MCHA will make efforts to secure private and state financing for affordable housing development. Efforts will be made to secure grant funds where appropriate.
11. MCHA will redevelop two sites in Alton with new affordable housing units—Curran and Sullivan. Demolition and disposition applications have been submitted to HUD and have been approved. MCHA is in process of relocating the remaining residents and will begin demolition in the fall, 2005. MCHA made application to HUD for Replacement Housing Vouchers.
12. MCHA proposes to dispose of two vacant small parcels of property at the Olin Public Housing site in East Alton and at the Venice Homes site in Venice. The parcel at the Olin site is surplus property and will be a negotiated sale to Regents Bank, who is interested in purchasing the property. The parcel at the Venice HOMES site is a “friendly” eminent domain transaction relating to the relocation of Rte. 3 by IDOT.
13. Improve economic opportunity (self-sufficiency) for the families and individuals who reside in our housing. Currently MCHA has approximately over 100 participants in our Family Self Sufficiency Program. The FSS program size (currently exceeds our approved number of tenants) will be decreased in accordance with HUD regulations. In addition, MCHA plans on making application to HUD for the ROSS program, when funding becomes available, to increase the efficiency of assisted housing residents.
14. Request proposals for fee accounting, auditing, and information system management services for the Agency.
15. Request proposals for an upgraded server and technical services relating to our computer system, including repair, services, consulting, network administration, for the Agency.
16. Request proposals for the provision of public services to public housing residents to improve their quality of life.

ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Madison County Housing Authority has prepared this Agency Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements.

Madison County Housing Authority's objective is to provide financially stable, safe, sanitary, decent and affordable housing to those who are eligible for assistance and have demonstrated their willingness and ability to adhere to the terms of a landlord/tenant lease.

Consistent with our Mission Statement and while working towards the HUD Strategic Goals, Madison County Housing Authority has established the following goals:

Goal One: Increase the availability of decent, safe, and affordable housing by replacing obsolete or unmarketable housing units with new energy efficient units designed for low maintenance

1. *Redevelopment of Curran and Sullivan sites in Alton*---Madison County Housing Authority has demolished 100 obsolete units at **IL 15-8 Sullivan Homes**, Alton, IL and will begin the demolition of Curran complex in the fall, 2005. We are currently in the planning stages of a mixed finance affordable housing project and are working with a developer to secure financing. An application for Replacement Housing Vouchers, submitted to HUD in 2004, is being processed.

2. *Redevelopment of Venice Homes* MCHA submitted an application to HUD for the disposition of **IL 15-09 Venice Homes in 2004 (a demolition application was approved previously by HUD and the complex has been torn down)**. In addition, MCHA has been notified by IDOT of its intention to take a small portion of this property through a “friendly taking” needed for the relocation of Rte. 3 in Venice. It is MCHA’s goal to redevelop this site into affordable housing possibly utilizing HUD mixed finance process, and low income housing tax credits. In addition, the MCHA intends to make application to HUD for Replacement Housing Vouchers for the Venice Homes site.

3. *Partial demolition and Possible Redevelopment of Lee Wright Homes* MCHA was approved for the demolition by HUD for the partial demolition of 6 obsolete units (1 building in the complex) at IL 15-07 Lee Wright Homes in August, 2005. This building is beyond repair and has become a maintenance burden. We will also be demolishing, at the same time, 6 units (1 other building in the same complex) at IL 015-07 Lee Wright Homes; these units were destroyed by fire on August 5, 2005.

4. MCHA is in the planning stages for the IL 015-07 Lee Wright Homes redevelopment project. As such, MCHA intends to submit an application to HUD for the demolition and disposition of the Lee Wright Complex utilizing HOPE VI or other Mixed Finance mechanisms needed for the redevelopment of this site for new affordable housing units. It is anticipated that we will also submit an application for relocation vouchers to HUD at the appropriate time. The Northgate and Viola Jones complexes are also targeted for redevelopment.

5. MCHA plans to implement a conversion plan for the Olin and Braner Buildings. We will be converting and renovating all remaining zero bedroom units in these two high-rises to one-bedroom units and one-bedroom luxury units.

The zero bedroom units have become a vacancy burden. With the implementation of the Project Based Management it is crucial to have housing stock that is competitive with market rate units. We feel converting and renovating these units will do that.

In addition, MCHA plans to dispose of a small parcel of surplus land at the Olin Public Housing site in East Alton. Regents Bank has notified the MCHA of their interest in purchasing this small vacant unutilized piece of land.

6. MCHA plans to set up both a non-profit and a for-profit organization to undertake affordable housing projects, including homeownership programs.

Goal Two: Manage the Madison County Housing Authority's existing Public Housing Program and Section 8 Program in an efficient and effective manner thereby striving to reach a goal of high performer.

Objectives:

- MCHA will update its Admissions and Continued Occupancy Plan and Administrative Plans as follows:

1. MCHA adopted an Upfront Income Verification Policy and Procedures on February 10, 2005

MCHA will make the following changes to the Section 8 Administration Plan

- a. MCHA adopted an Upfront Income Verification Policy and Procedures on February 10, 2005
- b. MCHA will be charging tenants and landlords a \$25.00 fee for “no shows” on inspections.
- c. Annual HQS re-inspections, required to complete tenant re-certification, will be privatized and conducted on a quarterly basis.

Goal Three: Madison County Housing Authority will stay updated on the requirements and possibly participate in the IDHA Capital Fund Bond pool and other financing bond financing mechanisms.

Objectives: To leverage additional funds for mixed finance and public housing projects.

Goal Four: Recognize Residents as our ultimate customer.

Objectives:

1. Continue to hold quarterly meetings with residents of each complex in order to maintain open communications, resolve issues and address concerns and complaints.
2. Continue to promote self-sufficiency of the residents by promoting employment and job skills training and other services as needed.
3. Provide public services to public housing residents to improve quality of life.

Mixed-Finance Summary:

Madison County Housing Authority affirms that shelter is a basic human necessity and we are dedicated to provide decent housing opportunities to those in need in Madison County, IL. We understand that blighted areas undermine the vibrancy of our community and therefore we are committed to acting as a means for successful redevelopment efforts in our community. We are currently in the strategic planning stage of a mixed finance development project for IL06P015-08 Sullivan Homes and IL06P015-04 Curran Homes. Other sites proposed for redevelopment include the Venice Homes site, and Lee Wright sites. Our goal is to utilize private and public financing to redevelop these sites. MCHA capital funds will be utilized in the redevelopment only as a last resort.

The ultimate purpose of redevelopment is the revitalization of blighted areas. Madison County Housing Authority has determined that these complexes are blighted areas. These complexes, located in Alton, and Venice, are suffering from structural dilapidation, obsolescence, faulty arrangement and design, obsolete layout and other factors that are detrimental to the safety, health, morals and welfare of its community.

Sullivan Complex has been demolished in 2005. Curran Complex is expected to be demolished in Fall, 2005.

There is a major crime problem in and around the vicinity of these public housing complexes. Some residents are afraid to leave their homes after dark while others are engaging in illegal drug activities.

We feel that the redevelopment of these complexes will, at a minimum, address the following:

- A chance to increase the opportunities for the physical, social, and economic integration of our public housing stock.
- Creation of a safer, more peaceful environment within these public housing complexes so that residents and surrounding neighborhoods can benefit from decreased criminal and drug-related activity, thereby enjoying a higher quality of living conditions.

- Reduction of current turnover in residents in order to improve stability within the neighborhood and increase resident involvement and pride in their neighborhood.
- Establish Madison County Housing Authority as a catalyst for residents to become more self-sufficient, which will lead to home ownership and increased family strength and stability.

Madison County Housing Authority has received Demolition/Disposition Approval for the Sullivan Homes and Curran Homes.

Along with the redevelopment of the above complexes, Madison County Housing Authority also intends to redevelop the recently demolished Venice Homes site. An application for Disposition of this site is currently being reviewed by HUD. We are working toward redeveloping this site into an elderly only housing complex through a mixed finance project. Madison County Housing Authority is also considering development on an unused tract of land at the IL 015-007 complex.

Redevelopment of the Lee Wright, Viola Jones and Northgate complexes are also proposed for planning purposes in the FY 2006 year.

Yes No: e) Will the PHA be conducting any other public housing development or replacement activities not discussed in the Capital Fund Program Annual Statement?

If yes, list developments or activities below:

IL 15-8 Sullivan Homes-mixed finance project 2005-2006

IL 15-4 Curran Homes-mixed finance project 2005-2006

Madison County Housing Authority Resident Assessment Follow-up Plan

In accordance with the Public Housing Assessment System regulations; the purpose of this plan is to address deficiencies in our survey score for the 12/31/03 FYE Customer Satisfaction Survey.

Our agency scored less than 75% in the following areas:

Communication	64%
Safety	71%
Housing Development Appearance	63%

In an effort to improve these scores Madison County Housing Authority has accomplished the following:

Communication:

1. Resident meetings are held quarterly at the Braner Homes, May Building, Olin Building, Stevens Building, Sullivan Homes, Curran Homes, Lee Wright Homes, and Viola Jones Homes.

The Executive Director, Deputy Director, Housing Manager, Director of Management and Quality Control Coordinator attend the meetings. The purpose of the meetings is to obtain resident feedback.

These meetings began in April 2004. The meetings are informal and open to participation from any public housing resident.. They are generally well attended by the residents.

The Housing Authority welcomes the residents concerns, complaints, questions, and requests. The information obtained at the meetings is shared with MCHA staff and when appropriate; deficiencies are corrected, issues are addressed, recommendations are made, and requests are answered.

2. The Housing Authority instituted two feedback forms (1) Suspected Lease Violations Reporting Form and (2) Suspected Drug Activity Report. These forms were issued to all residents of public housing and are available at Management Offices and the Central Office. The purpose of the forms is to obtain information from the residents in a non-threateningly way. The residents are not asked to sign the form when they log a complaint.
3. All Madison County Housing Authority's personnel wear Identification Badges so the residents can properly identify them.

SAFETY

1. Madison County Housing Authority (MCHA) has installed a "state of the art" security camera system at the Garesche Homes, Viola Jones Homes, and Lee Wright Homes complexes. The cameras are monitored by the local police department, Madison Police Department, and have been instrumental in eliminating some of the drug trafficking in these areas.
2. MCHA has upgraded street lighting and installed new directional lighting in several areas through- out our housing stock.
3. MCHA holds quarterly resident feedback meetings (see Communication-Paragraph 1).
4. MCHA instituted two new forms for resident use (see Communication-Paragraph 2) to report lease violations and drug activity.

5. MCHA has issued parking permits to all residents and employees and has designated several parking lots as "Resident Only Parking".
6. MCHA is preparing a policy to institute a requirement for all residents to carry Resident Identification Badges.
7. MCHA has upgraded the security entrance systems at the Olin Building and Braner Building-two high-rise complexes

NEIGHBORHOOD APPEARANCE

1. Madison County Housing Authority's maintenance staff works diligently to keep the building grounds free of trash. We have undertaken an aggressive approach in charging problem residents with the abuse and neglect of their units and grounds.
2. Within the past six months, MCHA has completed demolition of two complexes (Venice Homes and Grenzer Homes) that were obsolete and designed in a manner that conflicts with the principles of New Urbanism.
3. MCHA has two demolition applications currently on file at our Chicago Field Office. These applications, when approved, will allow us to demolish and redevelop an additional two developments in the Alton area.
4. MCHA is taking aggressive measures to ready vacant units.
5. MCHA holds monthly meetings with the residents and addresses their complaints regarding the overall appearance of their complexes.
6. MCHA has installed security window screens at Garesche Homes and Lee Wright Homes. This has resulted in a decline in the number of broken/boarded up windows and has greatly improved overall curb appeal.
7. MCHA has removed an area of overgrown brush and trimmed trees that were a safety concern of the residents of Lee Wright Homes
8. In the future, MCHA will be removing the trash dumpsters from Lee Wright Homes; replacing them with individual trash containers placed at the rear of the resident apartments. Our goal is to accomplish this no later than August 2005.
9. MCHA, with the assistance of the City of Madison, has pruned all of the trees in the Garesche Homes and Lee Wright Homes areas and is currently working at Viola Jones Homes site. We also cleared a brushy, woody area behind Lee Wright Homes that was a security concern.

9.4 DECONCENTRATION POLICY

It is Madison County Housing Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

Madison County Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement. The worksheet for the analysis can be found in **Appendix 1** of the Authority's Admissions and Continued Occupancy Plan.

Madison County Housing Authority Community Service Policy

Section 512 of the Quality Housing and Work Responsibility Act of 1998, which amends Section 12 of the Housing Act of 1937, establishes a new requirement for non-exempt residents of public housing to contribute eight (8) hours of community service each month or to participate in a self-sufficiency program for eight (8) hours each month. Community service is a service for which individuals are not paid. Madison County Housing Authority (herein referred to as PHA) believes that the community service requirement should not be perceived by the resident to be a punitive or demeaning activity, but rather to be a rewarding activity that will benefit both the resident and the community. Community service offers public housing residents an opportunity to contribute to the communities that support them.

In order to implement this new requirement effectively, Madison County Housing Authority establishes the following Policy, October 1, 1999.

1. Community Service

The PHA will provide residents, identified as required to participate in community service, a variety of voluntary activities and location where the activities can be performed. The activities may include, but are not limited to:

- Improving the physical environment of the residents developments;
- Cleaning offices.
- Volunteer services in local schools, day care centers, hospital, nursing homes, youth or senior organizations, drug/alcohol treatment enters, recreation centers, etc;
- Neighborhood projects;
- Self-improvement activities such as household budget, credit counseling, English proficiency, GED classes or other educational activities;
- Tutoring elementary or high school age residents; and
- Helping on-site computer training centers.

Voluntary political activities are prohibited.

2. Program Administration

The PHA may administer its own community service program in conjunction with the formation of cooperative relationships with other community based entities such as TANF, Social Services Agencies or other organizations which have as their goal, the improvement and advancement of disadvantaged families. The PHA may seek to contract its community service program out to a third party.

In conjunction with its own or partnership program, the PHA will provide reasonable accommodations for accessibility to persons with disabilities. The PHA will provide a directory of supervise community service activities and may develop and provide a directory of opportunities from which residents may select. When services are provided through partnering agencies, the PHA will confirm the resident's participation. Should contracting out the community service function be determined to be the most efficient method for the PHA to accomplish this requirement, the PHA will monitor the agency for contract compliance.

The PHA will assure that the service is not labor that would normally be performed by PHA employees responsible for the essential maintenance and property services.

3. Self-Sufficiency

The PHA will inform residents that participation in self-sufficiency activities for eight (8) hours each month can satisfy the community service requirement and encourage non-exempt residents to select such activities to satisfy the requirement. Such activities can include, but are not limited to:

- Apprenticeships and job readiness training;
- Substance abuse and mental health counseling and treatment;
- English proficiency, GED, adult education, junior college or other formal education;
- Household budgeting and credit counseling;
- Small business training.

The PHA may sponsor its own economic self-sufficiency program or coordinate with local social services, volunteer organizations and TANF agencies.

4. Geographic Location

The PHA recognizes that the intent of this requirement is to have residents provide service to their own communities, either in the PHA's developments or in the broader community in which the PHA operates.

5. Exemptions

In accordance with provisions in the Act, the PHA will exempt from participation in community service requirements the following groups;

- Adults who are 62 years of age or older;
- Persons engaged in work activities as defined under Social Security (full-time or part-time employment);
- Participants in a welfare to work program;
- Persons receiving assistance form and in compliance with State programs funded under part A, title IV of the Social Security Act; and
- The disabled but only to the extent that the disability makes the person "unable to comply" with the community service requirements.

The PHA will determine, at the next regularly scheduled reexamination, the status of each household member eighteen (18) years of age or older with respect to the requirement to participate in community service activities. The PHA will use the "PHA Family Community Service Monthly Time-Sheet" to document resident eligibility and the hours of community service. A record for each adult will be established and community service placement selections made. Each non-exempt household member will be provided with forms to be completed by a representative of the service or economic self-sufficiency activity verifying the hours of volunteer service conducted each month.

The PHA will also assure that procedures are in place which provide residents the opportunity to change status with respect to the community service requirement. Such changes include, but are not limited to:

- Going from unemployment to employment;
- Entering a job training program;
- Entering an educational program which exceeds eight (8) hours monthly.

All exemptions to the community service requirement will be verified and documented in the resident file. Required verifications may include, but not be limited to:

- Third-party verification of employment, enrollment in a training or education program, welfare to work program or other economic self sufficiency activities;
- Birth certificates to verify age 62 or older; or
- If appropriate, verification of disability limitations.

Families who pay flat rents, live in public housing units within market rate developments or families who are over income when they initially occupy a public housing unit will not receive an automatic exception.

6. Cooperative Relationships with Welfare Agencies

The PHA may initiate cooperative relationships with local service agencies that provide assistance to its families to facilitate information exchange, expansion of community service/self-sufficiency program options and aid in the coordination of those activities.

7. Lease Requirements and Documentation

The PHA's lease has a twelve (12) -month term and is automatically renewable except for non-compliance with the community service requirement. The lease also provides for termination and eviction of the entire household for such non-compliance. The lease provisions will be implemented for current residents at the next regularly scheduled reexamination on or after January 1, 2001, and for all new residents effective January 1, 2001. The PHA will not renew or extend the if the household contains a non-exempt member who has failed to comply with the community service requirement.

Documentation of compliance or non-compliance will be placed in each resident file.

8. Non-compliance

If the PHA determines that a resident who is not an "exempt individual" has not complied with the community service requirement, the PHA must notify the resident:

1. of the non-compliance;
2. that the determination is subject to the PHA's administrative grievance procedure;
3. that unless the resident enters into an agreement under paragraph 4. Of this section the lease of the family of which the non-compliant adult is a member may not be renewed. However, if the non-compliant adult moves from the unit, the lease may be renewed;
4. that before the expiration of the lease term, the PHA must offer the resident an opportunity to cure the non-compliance during the next twelve (12)- month period; such a cure includes a written agreement by the non-compliant adult to complete as many additional hours of community service or economic self-sufficiency activity needed to make up the total number of hours required over the twelve (12)-month term of the lease.

MADISON COUNTY HOUSING AUTHORITY PEST CONTROL POLICY

The Madison County Housing Authority recognizes the importance of pest and vermin control in providing a living environment of adequate health and safety for its residents. To achieve this control the authority has adopted a pest control policy that will be implemented by the Executive Director.

PEST CONTROL AND EXTERMINATION

The Madison County Housing Authority will make all efforts to provide a healthy and pest-free environment for its residents. The Authority will determine which, if any, pests infest its properties and will then provide the best possible treatment for the eradication of those pests.

The Executive Director will determine the most cost-effective way of delivering the treatments -- whether by contractor or licensed Authority personnel.

The extermination plan will begin with an analysis of the current condition at each property. The Executive Director shall make sure that an adequate schedule for treatment is developed to address any existing infestation. Special attention shall be paid to cockroaches. The schedule will include frequency and locations of treatment. Different schedules may be required for each property.

Resident cooperation with the extermination plan is essential. All apartments in a building must be treated for the plan to be effective. Residents will be given information about the extermination program at the time of move-in. All residents will be informed at least one week and again twenty-four hours before treatment. The notification will be in writing and will include instructions that describe how to prepare the unit for treatment. If necessary, the instructions shall be bi-lingual to properly notify the resident population.

Madison County Housing Authority Resident Assessment Follow-up Plan

In accordance with the Public Housing Assessment System regulations; the purpose of this plan is to address deficiencies in our survey score for the 12/31/03 FYE Customer Satisfaction Survey.

Our agency scored less than 75% in the following areas:

Communication	64%
Safety	71%
Housing Development Appearance	63%

In an effort to improve these scores Madison County Housing Authority has accomplished the following:

Communication:

1. Resident meetings are held once a month at the Braner Homes, May Building, Olin Building, Stevens Building, Sullivan Homes, Curran Homes, Lee Wright Homes, and Viola Jones Homes.

The Executive Director, Housing Manager, Director of Management and Quality Control Coordinator attend the meetings. The purpose of the meetings is to obtain resident feedback.

These meetings began in April 2004 and are conducted monthly. The meetings are informal and open to participation from any public housing resident.. They are generally well attended by the residents.

The Housing Authority welcomes the residents concerns, complaints, questions, and requests. The information obtained at the meetings is shared with MCHA staff and when appropriate; deficiencies are corrected, issues are addressed, recommendations are made, and requests are answered.

2. The Housing Authority instituted two feedback forms (1) Suspected Lease Violations Reporting Form and (2) Suspected Drug Activity Report. These forms were issued to all residents of public housing and are available at Management Offices and the Central Office. The purpose of the forms is to obtain information from the residents in a non-threateningly way. The residents are not asked to sign the form when they log a complaint.
3. All Madison County Housing Authority's personnel wear Identification Badges so the residents can properly identify them.

SAFETY

1. Madison County Housing Authority (MCHA) has installed a "state of the art" security camera system at the Garesche Homes, Viola Jones Homes, and Lee Wright Homes complexes. The cameras are monitored by the local police department, Madison Police Department, and have been instrumental in elevating some of the drug trafficking in these areas.
2. MCHA has upgraded old street lighting and installed new directional lighting in several areas through out our housing stock.
3. MCHA holds monthly resident feedback meetings (see Communication-Paragraph 1).
4. MCHA instituted two new forms for resident use (see Communication-Paragraph 2) to report lease violations and drug activity.
5. MCHA has issued parking permits to all residents and employees and has designated several parking lots as "Resident Only Parking".
6. MCHA is preparing a policy to institute a requirement for all residents to carry Resident Identification Badges.
7. MCHA has upgraded the security entrance systems at the Olin Building and Braner Building-two high-rise complexes

NEIGHBORHOOD APPEARANCE

1. Madison County Housing Authority's maintenance staff works diligently to keep the building grounds free of trash. We have undertaken an aggressive approach in charging problem residents with the abuse and neglect of their units and grounds.
2. Within the past six months, MCHA has completed demolition of two complexes (Venice Homes and Grenzer Homes) that were obsolete and designed in a manner that conflicts with the principles of New Urbanism.
3. MCHA has two demolition applications currently on file at our Chicago Field Office. These applications, when approved, will allow us to demolish and redevelop an additional two developments in the Alton area.
4. MCHA is taking aggressive measures to ready vacant units.
5. MCHA holds monthly meetings with the residents and addresses their complaints regarding the overall appearance of their complexes.

6. MCHA has installed security window screens at Garesche Homes and Lee Wright Homes. This has resulted in a decline in the number of broken/boarded up windows and has greatly improved overall curb appeal.
7. MCHA has removed an area of overgrown brush and trimmed trees that were a safety concern of the residents of Lee Wright Homes
8. In the future, MCHA will be removing the trash dumpsters from Lee Wright Homes; replacing them with individual trash containers placed at the rear of the resident apartments on concrete pads. Our goal is to accomplish this no later than August 2005.

Madison County Housing Authority Resident Assessment Follow-up Plan

In accordance with the Public Housing Assessment System regulations; the purpose of this plan is to address deficiencies in our survey score for the 12/31/03 FYE Customer Satisfaction Survey.

Our agency scored less than 75% in the following areas:

Communication	64%
Safety	71%
Housing Development Appearance	63%

In an effort to improve these scores Madison County Housing Authority has accomplished the following:

Communication:

1. Resident meetings are held once a month at the Braner Homes, May Building, Olin Building, Stevens Building, Sullivan Homes, Curran Homes, Lee Wright Homes, and Viola Jones Homes.

The Executive Director, Housing Manager, Director of Management and Quality Control Coordinator attend the meetings. The purpose of the meetings is to obtain resident feedback.

These meetings began in April 2004 and are conducted monthly. The meetings are informal and open to participation from any public housing resident.. They are generally well attended by the residents.

The Housing Authority welcomes the residents concerns, complaints, questions, and requests. The information obtained at the meetings is shared with MCHA staff and when appropriate; deficiencies are corrected, issues are addressed, recommendations are made, and requests are answered.

2. The Housing Authority instituted two feedback forms (1) Suspected Lease Violations Reporting Form and (2) Suspected Drug Activity Report. These forms were issued to all residents of public housing and are available at Management Offices and the Central Office. The purpose of the forms is to obtain information from the residents in a non-threateningly way. The residents are not asked to sign the form when they log a complaint.
3. All Madison County Housing Authority's personnel wear Identification Badges so the residents can properly identify them.
